BETTER THAN MAPLE

It is difficult for some to see how any manufactured product can be better than the natural product, but all who try MAPLEINE say it is better than or as good as maple. MAPLEINE added to sugar dissolved in water makes a delicious table syrup. Like lemon and vanilla it flavors desserts and candies. Grocers sell it at 50c for the 2 oz. bottle which is sufficient to make 2 gallons of syrup.

If not, send 50c to us direct.

PEOPLE AND PLACES

An Experienced Sailor.

CAPTAIN FRED LARDNER, of the cable ship Mackay-Bennett, which has just completed a most trying duty, was a famous river pilot in London. He was known as "Shirty" because of his spotless shirt-front. Captain Fred has had much experience at sea. He was on the Amber, another cable ship, when its boats went to the rescue of the Utopia's passengers at Gibraltar in 1891. A cable ship's boats and crew are well adapted for rescue work. Much of their work is done in small boats on the open sea. Hence, when the word came to the Amber's crew that the Utopia had struck, they knew exactly what to do.

government offices, and by the firing of military salutes. Perhaps King George will forgive us for making merry on his grandmother's birthday, rather than on his. An ancient custom is hard to disestablish.

Learning the Lesson.

THE Canadian Northern steamers, the Royal Edward and Royal George, now carry a second wireless operator. The company have lost no time in meeting the newly-discovered conditions. They will also experiment with searchlights. The officials of this line claim that they have always carried more boats and rafts than were carried on

The "Morgue Ship" Str. Mackay-Bennett, which Brought the Bodies of the Titanic Victims to Halifax, Tuesday, April 30, Two Weeks After the Disaster.

The boat of which Lardner, then second officer, was in charge saved nine lives, and Lardner received a medal from the British Humane Society and another from the Italian Government.

the Titanic, though the number of people aboard never exceeds 1,500, as against the Titanic's possible 4,000.

The White Star people have also issued a circular to their agents saying that henceforth all White Star boats will be equipped with sufficient life-boats to accommodate all persons on board, whether passengers or crew.

If ocean travel was safe before the Titanic disaster, it will be doubly safe for many years to come.

Chateau Laurier.

ON May 24th, the Chateau Laurier, Ottawa's new hotel, will be thrown open to the public. There was to have been a public dinner given by the Grand Trunk, but that has been abandoned owing to Mr. Hays' death. The new Central Station will be opened on the same day.

The new hotel will have a staff of 300 people, and has 320 bedrooms for guests. It will give Ottawa what that city has been desiring for twenty years—an up-to-date, modern hotel, worthy of the "Washington of the North."

Victoria Day.

MAY 24th, or Victoria Day, will be celebrated as a public holiday throughout Canada as usual. It is a statutory holiday. June 3rd will also be a holiday, but not by statute. The King's birthday has not yet been made the subject of legislation. It will, therefore, be observed only by banks and

Trouble at Campbellton.

DURING the election fever of September last there was trouble between two prominent citizens of Campbellton, N.B. Dr. Doherty's umbrella pierced the eye of Daniel Bruce, and the wound proved fatal. The doctor has been acquitted of manslaughter and some of the citizens are indignant over what they claim to be a "miscarriage of justice."

Without expressing any opinion on the case, it may be pointed out that it will now be in order for our friend, Mr. E. N. Lewis, M.P., West Huron, to introduce a bill forbidding the carrying of umbrellas for a period of thirty days preceding a general election. Mr. Lewis seems to have a fondness for freak bills, and if so, here is his opportunity.
