

THE only real guarantee of quality is the integrity of the maker. For over a quarter of a century the mark of the "Winged Wheel" on a gold-filled watch case has been as standard among reputable jewelers as the Hall Mark of England.

Safeguard you against spurious substitutes. Look for it.

whom Canada claims as her sweetest voice, sang Tosti's "Good Bye" to eight thousand music lovers, who packed Royal Albert Hall, London.

Albani has sung her farewell to the capital of the empire. She says she will no longer be heard on the concert stage in London.

After forty years of triumphs as one of the world's queens of song, this gifted Canadian announces that she will henceforth seek retirement, and devote the rest of her life to the teaching of her art to younger aspirants.

Madame Albani sang in the churches of Montreal until she was nineteen. At that age she went abroad to study. Her first appearance in London was in 1872, at Covent Garden in Bellini's "La Sonnambula."

Cochrane Sees Halifax.

HALIFAX is agog these days over her railway prospects. The new Minister of Railways, Hon. Mr. Frank Cochrane, has just paid the city a visit. Accompanied by a body guard of fifty from the Board of Trade and City Council, Mr. Cochrane inspected Halifax and talked about terminal facilities, differential rates, and the port of Halifax.

Medicine Hat to the Fore.

MEDICINE HAT is going to advertise. The city, which Kipling mentioned as having "all hell for a basement," thinks that the whole world should know of her stores of natural gas and easy facilities for industrial undertakings.

Medicine Hat held a mass meeting the other night. Enthusiastic citizens pledged \$40,000 as a starter for a publicity fund.

Football Tragedy.

THAT rugby football tends to strain and weaken relations between masters and pupils in the city schools.

That it is bulking up too large on the school timetables.

For these reasons rugby football is to be tabooed in the Toronto Collegiate Institutes in the future.

For some time there has been a Toronto High School Rugby Football League. The city schools in this league for years have competed. The interest has always been at white heat. Thousands of children attend the games.

This league has produced Hugh Gall and some of the greatest players in Canadian football.

This year five of the University of Toronto team which expects again to be champions of Canada, are graduates of Jameson Avenue Collegiate and learned the game in the Toronto High School League. They are: McDonald, Bell, Sinclair, Knox and Hassard.

What is the University going to do without the city schools to fall back upon for rugby material?

If the public school system of Canada cannot stand for rugby football, one of the greatest and most democratic of games will tend to become the privilege of the private schools of Canada.

Surely, the masters and some timid parents in Toronto can adjust their differences and preserve for the ordinary man's child a manly pastime. Goodness knows the secondary educational system is backward enough athletically without throwing cold water on the athletic spirit which has struggled into existence.

Renfrew's Enterprise.

ONE of the big problems before the town of Renfrew, Ont., has been its water system. For years there has not been enough water in Renfrew to turn the wheels of factories and light the town at night.

Recently the fathers of Renfrew made a bold move. They got the citizens to pass a by-law for \$117,000 for a new power development scheme.

A steam auxiliary power plant has just been installed on the Bonnechere River, a stream 70 miles long, which courses through Renfrew, and the citizens of Renfrew are delighted with the result.
