## U of A swimmers host top locals

by Carolyn Aney

A portion of the U of A swim team is trying to find its way back home through the Air Canada strike. They were competing in the Esso Cup Invitational Swim Meet in Toronto.

The remainder of the U of A swimmers were competing in the west pool on Saturday in the first part of the Golden Bear Senior Invitational. This meet is held for those swimmers over fifteen years of age who are currently competing for an Edmonton winter club or high school swim team.

The U of A swimmers won nine of the sixteen events, placing first in the meet.

Sam Sim turned in two good performances winning both the 200m free (2:02.27) and the 50m

free (25:37). Dave Evans also brought home two firsts in the 200m (2:19.90) and the 200m breast (2:38.89).

Ken Bittorf took first in the 100m free (55:78) and second, behind Sim, in the 50 free (25:54). Curtis Ciona won the 400m free (4:23.15) and took second, again behind Sim, in the 200m free (2:03.06).

The Bears dominated the 200m back with Darwyn Rowland taking first (2:28.88), Roch Frey placing second (2:22.85) and Rob Remmer snatching third (2:24.22). Frey also took second in the 400m free with 4:40.03. Remmer earned second in the 200m IM (2:21.42), and Rowland took second in the 200m fly with 2:28.28.

The Pandas only earned two first placings: Deb Siquy took first in the 200m breast with 2:58.15 and

Karen Asmunden (29.28) in the 50m free. Asmunden also took third in the 100m free with 1:06.01. The Pandas breaststroke contingent also took second and third in the 200m breast. Benita Roskeswam a 3:02.73 for second and Jackie Peters a 3:03.63 for third. Adrienne Lister placed second in the 200m free with a 2:22.69.

Part Two of the Golden Bear Senior Invitational will be January 30. Major competition for the swimmers is over until after Christmas. Over Christmas break a series of training camps will be held with the culmination of the camps seeing the elite swimmers of the U of A training in Tucson, Arizona. While down south the U of A will compete with the University of Arizona Sun Devils.

## AIDS CHLAMYDIA GONORRHEA HERPES SYPHILIS

## Five of the catchiest words in the English language

Now they're everywhere. Not just the words. The diseases too.

But there are three things you can do about these five words.

Firstly, you can abstain from sexual activity altogether.

However, if you are sexually active, you should know about the second thing; condoms.

Condoms are the contraceptive that medical authorities recognize as the most effective way to reduce the risk of sexually transmitted diseases.

We make condoms. In fact, we've helped to make their manufacture the high technology business it is today. Because we believe that sexually active people need protection they can trust. Now they need it more than ever.

The third thing you can do is to educate yourself. Talk to your doctor. Ask at your local clinic. Or go right to the top.

Contact the Canadian Public Health Association at 1335, Carling Avenue, Suite 210, Ottawa, Ontario K1Z 8B8.

They'll tell you that about one million cases of sexually transmitted diseases are diagnosed every year. And they'll give you the best available advice on how to avoid becoming a statistic.

It comes down to three simple things.

**Abstinence. The condom. Education.**

Nothing else makes sense.

Published in your interest by Canada's leading condom manufacturer, Julius Schmid of Canada Ltd., makers of Ramses and Sheik, the commonsense condoms.
