

DAVID TILSON

It is important to have definite points of view when being a candidate for the Presidency of the SRC. I would like to discuss many subjects involving campus activities, however, the short space given allows me to briefly mention only one topic which I believe

is of the most importance to the students at UNB.

As a member of the present council I feel that the finance system that now exists should be properly organized so that in the future it can function with more effectiveness. Several important changes should be made, one of which involves the Finance Committee itself. I believe that the individual committee members should be given greater powers to examine the financial records of campus organizations. This would not only decrease much of the obvious over-spending and waste by the organizations, but would enable the Finance Committee members to lead the council in establishing more efficient financial operations.

In conclusion, I might say that you can help your 1964-65 SRC by supporting the candidate of your choice in the coming election. I do hope that you will consider your vote carefully in choosing your Student's Representative Council and make it more efficient and stronger in the coming year.

NOTICE

All Lectures Cancelled Tuesday, 10:30 to 11:30

VOTING INSTRUCTIONS

- 1. You must have your Student Pass to vote. The polling clerk will mark it with a distinctive mark.
2. Everyone will vote for the President.
3. Seniors vote for their Faculty Reps as well as the Life Executive.
4. Post Grad and Law Students will vote for the President.
5. Polls will be open from 8:30 a.m. to 4:30 p.m.

PRESTON THOM

Preston Thom, fourth year Forestry, native of Montreal, has had a varied career here at UNB. As intermediate representative to the SRC this year, Preston was a member of two standing committees, Awards and Applications. He has been a member of the House Committee of Lady Beaverbrook's Residence for two years and is currently serving as House President. He has starred with the Varsity Swim teams since coming here and was Captain of the team for one year. In four years at UNB he has gained a wealth of experience by actively participating in various organizations.

Preston's decision to contest the Presidency of the SRC was prompted by a desire to make the SRC a means of governing the student body. If he is able to accomplish this, the SRC will be an institution representing all the students of

UNB. This, he feels, is as it should be. He is well known as a person representing many different aspects of student life. He is capable and confident. As President of the SRC he could use his varied experience and his knowledge of student affairs to good advantage in making the SRC a truly representative body.

FREDERICTON, N.B., JANUARY 28, 1964

The Voice of UNE

ATTACK APATHY - VOTE!

Sandy Speaks

To-morrow Wednesday, Jan. 29, is a very important day in the affairs of the students of the University of New Brunswick. To-morrow each and every student has the opportunity to have a voice in how his affairs will be governed for the next twelve months. This voice takes the form of a vote, and although one vote may seem trivial, each vote represents your opinion.

You the students will have the say as to how you want your policies directed, your affairs governed, your money spent, by electing those who will represent your opinion on the Students' Representative Council of 1964-1965. Take advantage of this say and perform the very important function of voting in the Spring Election to-morrow.

This year's S.R.C. has taken very daring steps in revamping the entire constitution with the hope of stimulating a keener interest in student affairs. These extensive changes can create a much more efficient governing body, but these changes need the support of your vote.

In the past the number of students turning out to vote has been very discouraging. This is inexcusable because polling booths are placed in all Faculty Buildings as well as the Dining Halls and Student Center. I am confident that a responsible student body such as ours will take better advantage of their voting privilege.

Arts

BRIAN MALONE

Students of the Faculty of Arts - Attention.

With the many changes made in the student government last year there is a need for experience and interest in the elected representatives. Brian Malone served on last years council as sophomore representative and has helped to set up the new government. A student interested in all campus affairs, he is the "home voice" of the Red Devils hockey team, a past member of the yearbook staff and has served with two consecutive Winter Carnival committees. For experience, common sense, and interest he asks or your vote on January 29, 1964.

ROBERT NAYLOR

Since last fall I have attended four S.R.C. meetings to see for myself just how our student government operates. On the whole it seems to do a good job but there were many times during those meetings when I wished I could vote and express myself on some issues.

Now with the support of the Arts Faculty I hope to become an S.R.C. member. I believe that I have the common sense to capably represent the Arts Faculty in a competent manner.

EDWIN A. UHLEN

If elected to the S.R.C. as an Arts representative I intend to perform all duties conscientiously, most particularly those pertaining to the Arts Faculty. My main reason for candidacy is to aid in the greater efficiency and better organization as well as establishing better

I would like to thank the Brunswickian Staff for their efforts in producing this paper, the purpose of which is to give you the chance to meet your candidates.

Finally I ask you to show your concern for Student Government and Vote.

communications between the S.R.C. and the student body. My previous experience as an army officer should lend itself readily to these situations.

CLYDE GORDON McELMAN (2nd Arts)

Clyde is a native of Fredericton, a product of the local environment. He is a three-year member of the Fredericton Rugby Club (and part of the conspiracy to revive interest in rugby on campus this fall), one of the committee workers involved in hosting the recent CUS conference, the UNB delegate sent to a recent international student conference in Montreal and a member of the International Affairs Club. Platform: "An open mind to listen and a firm stand on all issues."

PEGGY BLAIR

Please help send this kid to Council.

Peggy Blair for SRC Rep.

BRIAN DAVIDSON

Brian was born in Montreal and brought up in New Brunswick and the Eastern Townships of Quebec. He graduated from High School in 1962 and entered the class of Arts '66. In his Freshman year he ran on the Varsity Track Team. He was Accommodations Chairman of the recent CUS Conference and it was his connection with this conference which brought to his attention the need for sound student government.

Brian's only policy is to represent YOU, the Arts Students.

JOHN ALBERT WEBSTER

John came to U.N.B. this fall from Montreal. He is active in sports and social activities. He played varsity football this fall and at present is devoting his spare time to skiing.

John was somewhat surprised to find that he is the only first year Arts candidate running for an S.R.C. position and for this reason he is quite anxious to represent the first year Arts students. He is also determined to try to improve the student apathy towards our student government.

January 29 - S.R.C. election takes place to-day (if I were an artisan, I wouldn't vote for After Hours, I'd vote for Sheila Hutchison)

Engineering

ROBERT MARTIN

The question often arises as to how you, the student, wish to have your interests managed. If you desire any change or improvement, then I solicit your support in the coming election. I believe that with my knowledge of student activity that I will be able to actively represent the Faculty of Engineering. My interest on your behalf has been expressed by my presence at SRC meetings this past year.

ERIC R. GOZNA

Eric, a sophomore in the Electrical Engineering faculty, has held a responsible position as a member of the Engineering Society Executive and as a member of the Jones House Ways and Means Committee.

He has been a close follower of student affairs since his arrival at UNB and will endeavor to further these activities in any responsible position.

If he should be elected, the experience gained will be a

valuable asset, enabling him to better serve the interests of the Engineering Faculty throughout his remaining Three Years.

RICHARD SIMMS

Attention Engineers. You need a sophomore representative on the SRC. If only upperclassmen are elected, there will be no engineers with previous Council experience or knowledge of matters pertaining to the Engineering Faculty on the Next Council. Having been a student council member at Saint John School, I feel that this experience coupled with a desire to maintain the Engineering Faculty as the most potent one on Campus, are the necessary qualifications for sophomore representative. Vote Richard Simms for Engineering Rep.

ROSS TAGGART

During my last three years at UNB, I have taken an active interest in many extra-curricular activities. During the present year I have become quite interested in the SRC and attended many of the meetings. I would like to continue this interest by offering myself as one of the Engineering candidates for a position on the SRC.

BRADEN (JOE) JOLLY

Ever since I became an Engineering student, I have always had a keen interest in the activities of the student body, this includes being a member of the track team and a member of the House Committee of the Lady Beaverbrook Residence. Under the new system of electing your SRC representative by faculty, I feel that the Engineering faculty will now have an even greater voice on student matters. If I am elected I promise to work for the benefit and interest of the Engineering Faculty.

PETER FILLMORE

During the past two years I have been a member of the U.N.B. diving team. This year I am Secretary-Treasurer of the Sophomore Class. To me a position on the SRC represents both an opportunity and a responsibility - an opportunity to learn something more of campus af-
