### DR ZHIVAGO

Boris Pasternak's beliefs that men are priceless as individuals not as cogs in a super-state are presented in this haunting love story of a sensitive poet-physician (who could see qualities of right in the causes of both sides in the war) and the married woman who fascinated him with her staggering honesty and devotion.

"The drama, the horror and the turbulence of the Revolution simply provided the majestic canvas against which is told a moving and highly personal love story." Time

Directed by David Lean.  
 Omar Sharif, Julie Christie, Rod Steiger, Geraldine Chaplin, Alec Guinness.
