## CARRIERS OF THE WEEK

### MICHAEL BOISVERT

Michael has been a Times carrier for the past year. The money he makes from his Times route goes towards buying himself E.L.O. and Chop Trick albums and Science Fiction books. Some of Mike's hobbies are stamp collecting and especially electronics. As a matter of fact when Mike gets older he would like to be an electrical engineer. He enjoys football and hockey. Mike's favorite television show is "Three's Company". In school Mike's favorite subject is electricity.

### JEFF CARRUTHERS

13 year old Jeff Carruthers is a student at Erin Mills Secondary School. His favorite subject is one that not very many kids like — FRENCH. Jeff has been delivering the Times for the past year. He is now saving the money from his Times route to buy himself a Pioneer stereo to play some of his Black Sabbath, April Wine and Chop Trick albums on. Jeff's favorite T.V. show is "The New Music." When Jeff was asked if he had any pets at home Jeff joked "What? Besides my sister... Nel!"
