

Circular to Fellows

ANNUAL MEETING
of
THE ROYAL SOCIETY OF CANADA

Dear Sir.—

Ottawa, March 1, 1929.

I have to inform you that the Annual Meeting of The Royal Society of Canada will be held in Ottawa on Tuesday, Wednesday and Thursday, May 21, 22 and 23, next. The Council will meet on the evening of May 20, at 8.15 o'clock, and the first open meeting of the whole Society will be on Tuesday, May 21, at 9.30 a.m.

Further details regarding the Presidential Address and the Popular Lecture as well as the arrangements for the meeting will be given in the programme.

The Council has decided to pay the single railway fare of all Fellows attending the meeting. No payments can be made for berths, parlor cars, or meals nor for maintenance while in Ottawa. This allowance will be paid upon condition that Fellows attend all meetings of their respective sections and also all general sessions of the Society.

Fellows proposing to contribute papers are requested to communicate the titles, and a brief abstract thereof, not in any event exceeding one hundred words, to the Secretary of their Section at as early a date as possible so that the Programme may be prepared in good time. By-law 20 of the Society reads in part as follows:—"Except by special permission of the Council no paper shall be read in any section, at a general meeting of the Society, unless it has been presented, either in full or in abstract, at least five weeks before the first day of the meeting and formally accepted by the Council."

A meeting of Council to consider papers submitted will be held on April 12, and the Programme will be prepared immediately thereafter. Fellows will recognize how desirable it is that the Programme should correspond as closely as possible with the details of the papers actually read in the sections, more especially as the Programme is included in the Proceedings. For the guidance of Fellows the names of the Secretaries of Sections and their addresses are as follows:—

- Section I—G. Lanctot, Public Archives, Ottawa.
- Section II—W. S. Herrington, Napanee, Ont.
- Section III—J. Patterson, Meteorological Office, Toronto.
- Section IV—G. A. Young, Geological Survey, Ottawa.
- Section V—F. R. Miller, Medical School, University of Western Ontario, London.

Yours faithfully,

LAWRENCE J. BURPEE,
Honorary Secretary.
