Right Honourable
Arthur Meighen,
Toronto.

Dear Mr. Meighen:

You did me the honor of sending me a copy of your book some years ago, which after a careful and appreciative reading I sent on to my son who was abroad. Will you kindly procure for me another copy and on the fly-leaf inscribe a message to the Students of Dalhousie University, adding your autograph and the date. We have in the University Library a large and distinguished collection of books autographed by their Authors, so, your book will be in good company.

Do you ever come this way? Would it not make a pleasant summer motoring trip?

You are, no doubt, deeply immersed in business matters, but I wonder if you could consider contributing an article on the League of Nations, or some international subject, or, for that matter, on a Canadian subject to our "Dalhousie Review?" Will you please give the matter your best consideration?

Yours sincerely,

W. Margillway

P. S. May I enclose cheque to be filled in to cover cost of book and postage.
