

No. 127 under White Fish Lake
No. 128. The average of each
crop should have been stated.

Page 16 sets the good
example set by Peter Smith
in bridging and grading the
road and removing bushes
therefrom. The Department has
no objection to your recom-
mendation being acted upon
that two Indians should
receive some such present
as that suggested by the
Inspector as the work done
by him was pro bono publico
and not exclusively for his
own benefit.

Page 19 re hay stacked
and fenced. The Department
should
