

CASE OF

B.88480

Bdr (A/L/Sjt)

CARR TG

2 CARU

CHARACTER WITNESS

Lt J.G. ANDERSON, 2 CARU, having been duly sworn, states:

Sjt Carr was working directly with me for roughly 3 weeks, handling category men, a very difficult job. It was definitely a job that was very trying on the nerves. He was never off and did a good job and I never had had occasion to find fault with his work at any time. It was definitely a browning off job. I would say it was just a straight case of getting a man down.

CHARACTER WITNESS

B.9016 CSM (WO II) LOUGHRIN, S.M., 2 CARU, having been duly sworn, states:

During the course of my duties as Sgt-Major at all times I have found Sjt Carr to fulfill his duties properly. At no time have I ever had to doubt his work, his conduct towards the men was always good, and his bearing was that of a smart soldier.

STATEMENT BY THE ACCUSED

The accused, B.88480 Bdr (A/L/Sjt) CARR, T.G., 2 CARU, having been duly sworn, states:

At the beginning and before I came overseas there was trouble at home, and I joined the Army in Jan 40. While in Canada I made a couple of trips home which were not very pleasant and I decided to revert in order to get overseas. Things went well when I arrived overseas until last Feb when I was informed I was to be returned from the field where I felt I was doing a good job, to 2 CARU. I came to CARU from Canada in the first place, reached the rank of Bdr, went to the field, and on account of age was returned to CARU. I was left alone with nothing to do at CARU, was reboarded and put down to L-3 and fell into this job, found it very trying on the nerves, stood it as long as I could, asked for a pass and found once I was away I couldn't come back. However, I made up my mind to get it all settled and returned. On return I went to hospital with inflammation of the legs and I was in close arrest all the time. The MO finally let me out. In civil life I was manager for Loblaw's in Toronto. I would like to be put as hut orderly or something until I get settled again.
