

We want to hear from you, and we would like the opportunity of explaining just what the United Farmers of Alberta means.

We are anxious to extend our membership to all parts of the province. Can you send us the names of farmers who are interested and who require further information about our Association?

Are you helping us in the work? We want the whole hearted support of every farmer in Alberta.

If you know of anything of interest write the General Secretary at once.

Help us to co-operate.

**P. P. WOODBRIDGE
GENERAL SECRETARY
CALGARY, ALTA.**
