

## 4 CANADIAN POULTRY REVIEW 4

Published the 1st of each month

### THE BIG 4

An Entire Farm, Garden, Poultry and Home Library of 88 Papers for only \$1.70

**THE CANADIAN POULTRY REVIEW** is the acknowledged peer of all American and Canadian Poultry Journals. It is published punctually on the first of each month. Contains from 48 to 72 pages chock full of its poultry lore. Full reports of all shows, engraving from life photos, etc. Practical, new, down-to-date. 2nd year of publication. One year \$1.00

**THE CANADIAN DAIRYMAN AND FARMING WORLD**, a paper for farmers and dairymen. It is published every week in the year and is an all round strong agricultural and dairy paper. It has departments for all lines of farm work, including the cultivation of the soil, live stock, and a strong household department. Its market reports and letters from farmers are two of its best features. Subscription price, One year \$1.00

**THE CANADIAN HORTICULTURIST**—is the only paper in Canada devoted to Fruit, Flower and Vegetable Growing. It is issued monthly, is profusely illustrated, and numbers among its contributors the leading Horticultural Authorities in Canada. Its fruit crop reports are a special feature. Subscription price, One year \$1.00

**THE HOME JOURNAL**—A Canadian illustrated paper full of practical, useful suggestions, stories, household hints, etc., clean, patriotic and equal in appearance to the best foreign magazines. One year \$2.50

Our Special Combination Rate for all four papers, one year, only \$1.70

Why not save money? Send us \$1.70 and get these Four Leading Magazines, one full year each, 88 papers in all—less than 20 each and postage paid.

## H. C. CREAM HARVESTERS

### Skim Clean—Run Easy—Are Simple and Quickly Cleaned

**B**UY an H. C. Cream Harvester—it has the strongest recommendations behind it, both from the makers and users. For choice you may prefer the chain driven DAIRYMAID, or the simple geared BLUEBELL. Both are everywhere established as standard, dependable and most substantial machines. They are on exhibition at the International local agent convenient to your place. You take no chances of disappointment, whether you choose a Dairymaid or a Bluebell.

### Butter Fat Profits

Don't waste time and trouble skimming milk by hand, besides losing a large share of the butter fat. H. C. Cream Harvesters separate every particle of butter fat from the milk, giving you the fresh, warm sweet skim-milk for your calves, pigs and chickens, instead of cold, stale or sour milk which you get from the factory or when you skim by hand. H. C. Cream Harvesters make prize products possible—they will get you better prices for your cream or butter.

### Every Machine Tested

Every I. H. C. Cream Harvester, either Dairymaid or Bluebell, is rigidly tested before it leaves the factory.

It comes to you in perfect working order—ready to use.

Every I. H. C. separator is built to operate with the least possible trouble to the operator—saves time and annoyance because it is so simple and easy to clean.

All parts are so easy to get at or take out and clean that the work of cleaning is quickly over with.

If you need a cream separator, call on the International local agent and talk the matter over with him. He will supply you with catalogs and full particulars. Or, if you prefer, write direct to the nearest office. You will be interested in securing a copy of "Development of the Cream Separator," or colored hanger which will be mailed on request.

## Social Uses of Rural Telephones.

Suppose you didn't have a telephone and wanted to get up an impromptu party, in the country, what would you do?

You would have to hitch up your horse, early in the afternoon, and drive for miles around to your different friends. After this drive you would be so fatigued in the evening that you wouldn't want to see your friends.

How differently this party could be arranged if you had a telephone. In less than half an hour, you could ring up your friends, living miles away, and invite them to come, without trouble or fatigue.

More than ninety per cent. of the rural telephones used in this country are manufactured by us.

A post card with your address will bring you further particulars about them, with cost of installing, etc.

You can build and operate your own telephone line.
