When you need more capacity —
**Which would you rather
 pay for?**

SOONER or later in these times of change you are up against the problem of an increase in capacity for skimming. Which would you rather pay for—a whole new separator, or a new bowl and fittings only? With other machines you must buy another entire new machine to increase capacity. The day you get your

MADE IN CANADA

Renfrew

you can forget your capacity troubles; increase your herd and you simply send for larger bowl and fittings, returning old bowl. You pay the difference between the sizes. The one frame does for all capacities.

To change capacity you do not have to buy a new machine—just this part.

The change of capacity is not accomplished by merely changing the skimmer. On the contrary, our new patented interchangeable bowl casing permits bowl to be changed completely. Each bowl is proper capacity for the work it has to do, not a makeshift.

This interchangeable capacity feature, in perfected form, is obtainable only in the Renfrew. It is making a hit with dairymen. Alone it would make a big appeal, but the Renfrew also gets quality butter fat and more of it than others. This is due to its exclusive curved-wing centerpiece and wide open bowl. The Renfrew saves all but 1/10 of a pound, less than 7 cents worth lost in 1000 lbs. of milk skimmed. It runs easy and is the easiest machine of all to clean.

All these big features mean both convenience and real gold dollars saved right along. The Renfrew catalogue explains all; besides, it gives Government Dairy Schools' tests proving close skimming. Write for it to-day.

The Renfrew Machinery Co., Limited

Head Office and Works, Renfrew, Ont. Eastern Branch, Sussex, N.B.

AGENCIES ALMOST EVERYWHERE IN CANADA

Interchangeable Bowl and Spindle

This Engine Will Save Money on Your Farm

It will do the work of several men — your milking, separating, churning, wood-cutting, pumping, lighting and many other chores.

A Fairbanks-Morse "Z" Engine

will perform all the necessary farm work better. It disposes of the shortage of labor problem and saves you money.

150,000 farmers are daily demonstrating that the "Z" is the greatest engine value ever produced.

Three and six H.P. use coal oil, distillate or gasoline. The 1 1/2 H.P. uses gasoline only.

1 1/2 H. P. \$90.00 3 H. P. \$160.00
 6 H. P. \$275.00

DEALER SERVICE: Your local dealer is a direct representative of the manufacturers. He shares their responsibility. He's at your service to see that you are satisfied. 65

**To the Farmers
 Particularly of
 Ontario and Quebec**

This is an invitation to attend what we believe will be the greatest Tractor Demonstration and Plowing Match ever held in America. With the farm help problem facing us as never before, we specially desire as many farmers as possible to be with us, and

LEARN what POWER will do on YOUR farm.

DATES: October 16, 17, 18
Wednesday—Farm Machinery Demonstration.
Thursday—Walking and Riding Plow Competitions.
Friday—Tractor and Seed Drilling Competitions.

PLACE: Dominion Experimental Farm, Ottawa, Ont.

RATES: Special rate of fare-and-one-third. If over 50 miles, buy a Single-Fare ticket with a certificate, and return fare can be secured at Ottawa for one-third fare plus 25c.

Buy your ticket to Ottawa, where car service every 10 minutes will take you to the farm.

A programme, with list of all prizes, gladly sent on request.

**Hens Moults and Lay
 When Fed Our Way**

Feed your hens Royal Purple Poultry Specific and it will shorten the moulting period. It will keep your hens in the "pink" of condition, and supply the nourishment for forming new feathers. This is very important if you want eggs during the winter months.

Royal Purple Poultry Specific

Our specific contains all the necessary food elements to keep poultry healthy and greatly assists them in digesting the other foods they eat.

Hens generally start laying in about one week after you start feeding Royal Purple Poultry Specific. Hundreds of our customers have written us to this effect.

If your hens are in poor condition, moulting or not laying as you think they should, start feeding our Poultry Specific.

Royal Purple Poultry Specific will enable you to fatten your cockerels and old hens in two-thirds the time it would ordinarily take. Order a supply at once from our dealer in your town or direct from us.

Sold in large and small packages.
