The Sign of Satisfaction

QUALITY has made the Sharples Separator Works the largest factory of its kind in the world. Quality has made the sale of Tubular cream separators greater than that of any other separator. Quality will be found in every part of Tubular separators and will place Tubular cream separators still farther in the lead.

We wish every Dairyman who reads this could come to our factory and see for himself the difference between Tubular separators and other separators, thousands of which come to us every year in exchange. We would like to demonstrate to every dairyman the many points of superiority in Tubular separators, a few of which we mention below:

Tubular gears run in a mist of oil. A spoonful of oil, once or twice a week, is all it needs.

The Suspended Tubular bowl makes Tubulars the lightest running cream separators.

- Perfection in skimming,**
- Extreme simplicity of construction,**
- Remarkable ease of cleaning,**
- Most convenient oiling arrangement,**
- Low, convenient milk supply tank,**
- Freedom from complicated bowl parts,**
- And twenty other especially desirable features.**

Our free catalog No. 193 will tell you all about it. Ask for it.

The Sharples Separator Company,

Toronto, Canada. Winnipeg, Canada.

Why This MOWER Beats Any Other ON EARTH

WHETHER you think of buying a mower now or might buy one ten years from now, we want to tell you how good a mower we've got for you. The Dain Vertical Lift Mower is the smoothest working, lightest running, easiest pulling machine on the market. You can thoroughly understand it at once and see its vast advantages of build. The high drive wheels, for instance, insure lightest possible draft and enormously increased traction. The cutting apparatus, carried on the wheels, by means of an adjustable coil spring, uses every bit of power, reduces useless friction and lessens pull for the team.

The long pitman gives a smooth, strong, unerring stroke. The gearing is all on the left wheel where it offsets the weight of the cutting bar, altogether doing away with side draft. Many other desirable, exclusive features help make the

DAIN Vertical Lift MOWER

easiest to run, surest in results, most perfect in construction, most durable, altogether most satisfactory and so simple a boy can handle it easily.

Built with utmost care, entirely of selected materials, withstands hardest wear and tear and sticks right to business all the time. The name "DAIN" on a Mower or any other hay tool is your guarantee of highest excellence. It is backed up by the perfected result of a quarter century's successful experience. Ask your dealer about this Dain Vertical Lift Mower, or write us for interesting descriptive booklet.
