**Monarch
 Telephones
 For Farm
 Lines—**

You can always be sure of good service when you use Monarch telephones. They are provided with special features which make them especially well adapted to lines where there is no repair man. They are simple in construction and easy to maintain.

Build Your Own Line

It is easy to put up a line between your house, your neighbors and the town. Then you can keep in touch with the market conditions and sell when prices are high. You or your family can talk to neighbors at any time, and in case of emergency the telephone is especially valuable. When you want help to put out a fire—when you want a doctor or veterinary, or when the women are left alone and need protection—the value of the telephone cannot be over-estimated.

Our free book tells all about the construction of Monarch Telephones and how to start a line of your own. Don't wait for the other fellow to act. We will help you get your neighbors interested. All it will cost you is for one telephone and a part of the line material. We ship promptly from our Toronto stock. Mail postal for free book. Address

**Handles Twelve Tons
 of Silage an Hour**

Cuts corn any length, from $\frac{3}{8}$ of an inch to an inch-and-a-half, and elevates it forty feet at the rate of twelve tons an hour. Yet the Thom's Ensilage Cutter uses no more power than the ordinary cutter of far less capacity. You want this machine for filling your silo. Its price is moderate.

There's strength and satisfaction built into every detail of

**Thom's Ensilage
 Cutter and
 Silo Filler**

Picture shows Model 13B, for general farm use—8 to 12 tons an hour. Style 16A handles 25 tons an hour—great for threshermen!

Equipped with Knives that STAY Sharp

Specially-tempered knives made for us in Sheffield, England, by Spear & Jackson—knives that hold a keen edge longer than you would think possible. Model, pictured here, uses only 4 to 8 horse-power to cut and elevate 400 pounds a minute. And it is mighty hard to get it out of order—it's built to stand the racket.

Does Its Work with Least Fuss

Every part that must endure strain is built with surplus strength—bottom drum, for instance, of ten gauge steel. Keep the Thom's going at top speed with no fear of a smash. Year after year satisfaction in this machine. Why not ask us NOW for particulars, proofs and price?

**Your Dog—Some Lunch—
 and a Tobin Simplex Gun**

Sounds like a good day's sport, doesn't it? Whether you are beating the bush for partridge, or bagging a few rabbits, or "jumping" duck in the marshes, it is good business to have a gun that answers accurately to your almost involuntary shooting impulse when, without any warning, your target presents itself. The

**Tobin
 Simplex Gun**

amply fulfils these requirements; and your quickest way of verifying this statement is to see the gun itself, or to ask any of the good shots—they all know something about the "Tobin."

We know all about it—every part of it. The most painstaking care is exercised in our factory in choosing material of known quality to go into these guns. That is one reason why, when you purchase a Tobin Simplex, you get a "money-back" guarantee, that assures you of either perfect satisfaction, or the full purchase amount refunded without question. The other reason why we guarantee it is because of its excellent records in the field and at the traps. Priced from \$20 to \$210. At your dealer's, or send for our new catalogue.
