

DR. PAM'S TRIBUTE TO THE CHURCH

The utter lack of religion in our system of education, the merely humanitarian and agnostic teachings of philosophy in our great secular universities and the spirit of unrest prevalent everywhere in regard to our social conditions have sounded the signal of alarm among non-Catholics and leading economists. The problems of man's relations to man, man's relation to government and man's relation to property are being misconceived and misunderstood. New and strange theories of government are being evolved, threatening to lead to Socialism, which means anarchy and ruin. Yet we are facing grave social evils which it is imperative to lesson if not to remove. To study the sources of them, to explore their remedies and entrust them to safe and conservative and liberal progressive hands, seems to be at least a part of the task devolved upon our present-day sociology. That a banker is eating away at the very vitals of our national and social life is easily recognized—and none too soon will the best citizens of the land realize the danger and unite to stem the tide of lawlessness and disregard of sound principles. It is therefore not strange and yet speaks volumes for his research and insight that so eminent a Jewish banker, recently turned over to the Catholic University through his Eminence Cardinal Gibbons the sum of \$25,000 for the purpose of founding five scholarships, with the provision that each of the holders of the scholarships should take at least one of his studies in the department of sociology with a view to studying social and economic conditions in the interest of the nation's welfare. Every citizen of the United States ought to read the reason Dr. Pam gives for having entrusted these scholarships to the Catholic Church. He says: "The Catholic Church holds the traditions of the past; it is conservative; it stands for authority, for government, for the rights of the individual and for the rights of property, and these, to my mind, are the chief elements that enter into individual and national happiness; it has the largest number of communicants of any religious institution in the country; it has the opportunity of moulding character, developing the intelligence and creating a proper sense of the duties and responsibilities of citizenship, not only among those who are citizens at the present moment, but among the millions who will come from other lands, seeking better opportunities and more favorable conditions of life. I do not believe in helplessness which leads to lack of self-reliance, destroys individual ambition and makes drones instead of producers. I believe that all right-thinking people are as opposed to predatory poverty as they are to predatory wealth. I believe in religious education, which quickens the conscience to a sense of its responsibilities. I believe in the country's future, and have faith that the people, properly educated and wisely led, will solve their problems as they arise; and, with the spirit of religion finding permanent place in thought and conduct, both in private and public life, the liberties and happiness of the people are assured."

Dr. Pam's magnificent tribute to the Catholic Church in establishing these scholarships will make up splendid material for another set of resolutions from some Methodist or Baptist conference, and perhaps Tom Watson, under indictment for sending indecent literature through the mails, might find another inventive to ridicule and slander the Catholic Church. By all means let us have some more resolutions from the ministers.—Intermountain Catholic.

Separate Schools Ahead

Hamilton Times, July 19
A comparison of figures compiled from the recent entrance examinations in this city shows the following percentages:
Passed from Separate schools.....80.72
Passed from other schools.....69.16
As already stated the total number which tried was 579 and of these 708 per cent. were successful. From the Separate schools 83 wrote and 67 passed, a percentage of 80.72. The remaining 498 of whom 343 passed were almost entirely from the city schools, although a few were from private schools. There were not enough of them, however, to change the figures worth noting, which leaves the Public school percentage at 61.6 or 11.64 in every 100 less than the Separate school ratio.

ST. MARY'S CONVENT, NORTH BAY

The teachers and pupils of St. Mary's Convent, North Bay, are to be congratulated on the marked success obtained at the recent examinations of the Toronto College of Music.
Dr. F. H. Torrington, one of Canada's leading musicians, conducted the examinations and expressed himself highly pleased with the excellent work done at this institution. All opponents presented themselves more successful, and two young ladies, Miss Irene Bailey, and Miss Edna Colgan, have taken first class honors in the graduating examinations. Following is the list:
Primary piano—Annie McLellan, honors; Zita Rheanne, honors; Annie Wallace, Master Allan Young.
First year piano—Beatrice Rheanne, honors; Josie McKeon, honors; Pauline Kangroberg, honors. Senior second piano—First class honors, Gertrude McKeon.
Third piano—First class honors—Edna D. Colgan. Third vocal—First class honors—Irene Bailey. University of Toronto—Senior piano, Beatrice Mulhain.
First year history—Edna Colgan.
First year history—First class honors—Irene Bailey.

DIABETES

Is one of the most cruel maladies of which mankind is subject, the many complications arising from time to time making life seem almost unbearable. For many diseases, medical, scientific and physiological knowledge and experience, gained from years of deep research, has achieved remarkable results, but, up to now, little has been discovered of practical value in the treatment of Diabetes. Diabetic people have begun to look upon the disease as well-nigh incurable. Even in the medical profession can be found factors who are of the same opinion, regarding speculatively any claim to ameliorate or improve the condition of a diabetical patient. It can however, be proved that "Sanol's Anti-diabetes," the new German Discovery, does lastingly cure all cases of Diabetes.

Edison On Socialism

Thomas A. Edison's views on Socialism are not favorable to the Socialists. He says: "I don't believe in Socialism. It's a wild dream. If they ever got a four-hour working day the Socialists would want double pay because they would have twice as much time to spend it in. Socialists don't want to work. The men who make a success want to work. Socialism will never get there. Did you ever hear of any of these colonial things that didn't break down? Socialism will break down." Mr. Edison has hazy views on immortality, but his ideas of work as necessary to man's best interests are eminently sound. The trifle, the idler, the spendthrift of time has no right to expect anything. He is a wastrel, and merits the fate of his kind.—Syracuse Sun.

A NEW DEPARTURE IN COMMERCIAL EDUCATION

THE LADIES OF LORETTO OPEN A RESIDENT INSTITUTION IN TORONTO EXCLUSIVELY DEVOTED TO BUSINESS TRAINING.
Several months ago a committee of business men waited upon the Ladies of Loretto and urged the necessity of establishing a Ladies' Business College and Commercial High School with accommodation for out-of-town students. The idea was a new one as we know of no institution in Canada or the United States exclusively devoted to commercial education and providing resident accommodation for students. The need of such an institution was evident from the difficulty experienced by business men in securing proficient stenographers and office assistants. The Ladies of Loretto have entered into the proposal with enthusiasm, and no money or pains will be spared to make this new seat of learning a credit to our city and add to its reputation as an educational center. The convent on Bond Street is being fitted out with all the modern appliances and facilities to be found in the best business colleges and commercial schools. The convent doors open next September, every opportunity will be afforded the young lady students to qualify themselves as amanuenses, accountants, stenographers, etc.
A special feature of the institution is an Advisory Board composed of prominent business men who will lend valuable assistance in the efficient administration of the institution and form a connecting link between the students and the business and commercial world. We believe this departure to be a good one. Ours is a commercial world and the demand for more efficient office help is greater and increasing. Young ladies are frequently deterred from entering upon a commercial training by the difficulty experienced in boarding out. This will be avoided by the establishing of a resident college where the students can enjoy home life with all its comforts.
The success of the Ladies' Business College will be carefully followed by educators throughout Canada.

WESTERN FAIR

London, Canada
This popular exhibition will be held this year September 6th to 14th. Arrangements have been made by the management at very great expense for the best program of attractions ever presented at any previous exhibition. This programme will take place twice daily before the Grand Stand. A great musical treat is in store for all this year. In addition to the First Hussars Band, and the Band of the 7th Regiment Fusiliers, the management has secured, at very great expense, the following:-
THE BESSES OF THE BARN BAND
This is one of the finest brass bands of the world. The Glendale Troupe in their wonderful Aerial and Trapeze Acts, The Haggard Bros. the funny men, the La Belle and Eddy Troupes in their Comedy Trampoline and wire acts, the Martelloni Troupe, the greatest acrobats in America, and the Seaberts Riding Combination and Equestrienne Act, both double and single. Hans and his male will make a laugh for every move he makes and he is moving all the time. In addition to all this there will be extra good speed events every afternoon and a magnificent programme of fireworks each night. The fireworks will consist of 60 pieces each night, including a very exciting motorcycle race and concluding with the wonderful production The Bombardment of Tripoli. The Midway will consist of a large number of good clean shows and will be instructive as well as amusing. All information regarding the Exhibition will be promptly given by the Secretary, A. M. Hunt, London, Ontario. Special railway rates commence September 6th.

MOLASSINE MEAL
Get the Genuine
The Best Food For Live Stock
There is hardly a Farmer, Race Horse Trainer, Stock Breeder, Horseman, &c., in the British Isles that does not use Molassine Meal regularly for his stock. Molassine Meal keeps in better health and not chafe from the harness so much when fed on Molassine Meal. Is equally suitable for heavy draft horses, hunters and race horses, and will bring Show Animals to the pink of condition quicker and better than any ordinary methods of feeding.
MILCH COWS will increase the flow and quality of their milk and make rich flavored butter and cheese, and will prevent any taint in the milk when cows are fed on roots.
STOCKERS can be fattened quicker on Molassine Meal than anything else. It aids and digests their other foods and keeps them free from worms.
PIGS will be ready for the market ten days to three weeks earlier when fed on Molassine Meal than when fed on any other food.
SHEEP AND LAMBS, fed on Molassine Meal, produce the finest mutton and meat obtainable, securing top prices.
POULTRY will fatten quicker and the hens will lay more eggs when fed on Molassine Meal.
MOLASSINE MEAL is a food and replaces other food stuffs. It will keep all animals in good health. Prevents and eradicates worms.
MOLASSINE MEAL is put up in 100-lb. bags.
Order from your nearest dealer but be sure and get the genuine. Be sure that the trade mark is on the bag, as above. Do not confuse Molassine Meal with imitations or other Molasses preparations. There is only one Molassine Meal.

The fly destroyer that catches both the flies and the germs they carry and coats them over with a varnish from which they never escape, is
Tanglefoot Fly Paper, Non-Poisonous, Sanitary
Sold by all first-class grocers and druggists

POISONED Flies drop into the food, the baby's milk, everywhere, or are ground into the carpets, rugs and floors. A poisoned fly is more dangerous than a live one. The poison is an added danger and does not kill the germs on the body of the fly. Fly traps are offensive and unsanitary, the care of them disgusting.
