DEAR MR. EDITOR.-A few months have elapsed since the numerous readers of your highly prized paper have heard anything from the West coast of Newfoundland. In order to let you know that we are alive and at our post-we hink it due to address you a line for publication. In a previous letter written by our highly esteemed Brc. Rev. Joseph Gaetz, you were informed of the success attending our labors on this Shore. At Petite we had a most powerful work, many souls were brought to God through faith in Christ, and are, promising well ; much vet remains to be done. There are souls seeking for salvation in our midst and slumbering consciences to be awakened to a sense of their dangerous state.

God has not confined his blessings to us alone -but has graciously visited the neighbouring Circuit. Good times were anticipated and we thank God that our anticipations have been realised.

There is a singularity about the revivals bothat Petile and Channel for which we can scarcely account. The Temperance cause has done out people an unlimited amount of good. I was invited a few days ago to attend a public demonstration of the Sons of Temperance at Channel and, strange to say, Little Baddeck is by far the and also to assist Bro. Gaetz in holding some special services. I took passage with Capt. Evans, and in safety was carried to that picturesque and much admired spot. Our neat little chapel with its elegant steeple in which is placed a Bell for the purpose of announcing the hour of Divine worship was the first object to attract attention.

The day after our arrival, the Sons of Tem-

perance of the Port au Basque Division with

thirty members of the Prince of Wales Division

were present. We were favored with a fine

mild day, just enough wind to keep the bunting

floating. The scene was magnificent, the like

was never before witnessed on this shore. It

would have done credit to places more highly

eulogized than the Western Shore. At 2 o'clock

we sat down to an excellent dinner prepared by

the good and kind ladies of Channel. From

thence we proceeded to a store kindly lent us

by our friend A. Waddell, Esq., Agent of the

a telling address, followed by the writer and three

others. The attendance was very large, and the

result far beyond our most sanguine expectations.

Seven persons have since united themselves with

directions and promises of holy writ. The Jew ish church was required to meet the laudabi uriosity of their children, by explaining the symbols and services which were in use among them. (Ex. xii. 26, 27. Deut. vi. 20. Josh. iv 6, 7.) What can be plainer than the injunction These words which I command thee this day shall be in thine heart : and thou shall teac them diligently unto thy children and shalt tali of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up?" reason of this is given, by the Psalmist, " For e established a testimony in Jacob, and ap pointed a law in Israel, which he commande our fathers that they should make them know to their children ; that the generation to com-
