SOMETHING NEW. The Marvel Copyist A WONDERFUL INVENTION.

The PAPYROGRAPH and ELECTRIC PEN Superseded.

No Copying Press required.—Most simple Process invented. Instant reproduction without Press or Damping.

Clergymen Enabled to Vastly Multiply their Usefulness.

One to two hundred copies of Church Reports, Pastoral and other Letters, Sunday School Lessons, Prayer-meeting Topics, Circulars, Plans, Drawings, Specifications, Music, etc., in one, or more colors if desired, at one operation. This process can be repeated for any number of thousands of copies.

HOW IT CAN GREATLY SERVE THE PREACHER.

There are scores of ways in which a clergyman will find this invention of the greatest service to him. It is important that the annual report of his labors, or that the treasurer's or secretary's report, or the report of some committee be placed in the hands of all members: in five minutes a child can take 100 or more copies from the original writing, each one a perfect fac-simile. Thus days of labor, or a heavy printer's bill is saved. Often a pastor will find it of great value to address personal letters to each member; by this process the letters can be prepared in a few minutes. Also programmes and tickets of monthly concerts or entertainments, the topics for prayer-meetings, etc.; additional copies (a score or 100 if desired) of a sermon or newspaper article which he wishes to write, tracts for distribution through his neighborhood, invitations to attend his services, all can be done quickly and neatly through this wonderful discovery.

The whole method is simplicity itself. We deem this method, after examination and use in our office, as far preferable to either the PAPYROGRAPH or ELECTRIC PEN, or any other of this class of duplicating processes. Its weight is less than 4 pounds. There is nothing about it liable to get out of order. The whole process is perfectly clean.

OUR PAPYROGRAPH OFFER WITHDRAWN.

We have been astonished at the simplicity, cheapness and efficiency of this new invention, and as it will accomplish with one-tenth the trouble and one-sixth the expense of the Papyrograph, we withdraw our offer, made last month, in favor of this new invention.

ORDER AT ONCE, AS THE PRICE WILL PROBABLY BE ADVANCED.

There is a conflict between rival manufacturers for the patent for the process. This rivalry has run the price down to \$5.00. As soon, however, as the right to the patent will be determined, the successful claimant will most likely advance the price, as he will then hold a monopoly.

BEWARE OF IMITATIONS ALREADY IN THE MARKET.

Directions for Use.

Write the article to be copied on any kind of paper with the prepared ink. Let it dry without blotting. Place the writing, ink side downward, on the pad, press it lightly with the hand so that all parts touch the pad and let it remain five minutes, then remove carefully and an impression will remain on the pad. Place the paper to be printed on the pad, smooth lightly with the hand and a copy is made. This repeat to the extent of the number of copies desired.

PRICE ONLY \$5.00.

This price includes Ink, Sponge and Pad; every thing necessary for work.

I. K. FUNK & CO., NEW YORK.

These may be ordered through the Methodist Book Room, Halifax. A few have been received and are offered at the New York price.

H. PICKARD, BOOK STEWARD

WHAT A WONDERFUL DISCOVERY is Perry Davis' PAIN KILLER! It not only cures the ails of the human family, but it is also the sure remedy for horse-colic. It has never been known to fail in a cure of the worst cases; and for sprains, galls, &c., it never fails—try it once. Directions accompany each bottle. Sold by druggists generally.—Kentonn Co. (Ky.) Democrat.

DR. P. MEREDITH, of Cincinnati says: "About one year ago I took a cold, which settled on my lungs. A violent cough was the consequence, which increased with severity. I expectorated large quantities of phlegm and matter. During the last winter I became so much reduced that I was confined to my bed. The disease was attended with cold chills and night-sweats. A diarrhea set in. My friends thought I was in the last stages of consumption, and could not possibly get well. I was recommended to try ALLEN'S LUNG BALSAM. The formula was shown to me, which induced me to give it a trial, and I will only add that my cough is entirely cured, and I am now able to attend to my profession as usual."

No. 115 GRAFTON ST. HALIFAX, N.S., August 4, 1879.

MESSES. T. GRAHM & SON.—Dear Sirs—It gives me great pleasure to inform you of my perfect cure of CATARRH, from which I have suffered in its severe form for 12 years without being able to find a remedy for it, and I had long thought that nothing could cure me, but thanks to Providence and the use of your valuable preparation, CATARRHINE, I have been completely cured of that distressing and I might say disgusting complaint, and I only used one box. I can confidently recommend it to any suffering from that complaint. Yours truly, C. F. F. SCHOPPE.

Price 25 cents a box.

The invention of that Superior and Complete Sewing Machine (The Family Sewing Machine), marks one of the most important eras in the history of machine ery, and when we consider its great usefulness and extremely low price of (\$25) it is very difficult to conceive of any invention for domestic use of more or even equal importance to families. It has great capacity for work; beautiful, smooth and quiet movement, rapid execution certainty and delightful ease of operation, that commends it above all others. The working parts are all steel, strength and durable, and will last a life time, the bobbins hold 100 yds of thread; the stitch is the finest of all the stitches made, neat and regular, and can be regulated in a moment to sew stitches from an inch in length on coarse material down to the finest, so infinitesimal as to be hardly discernible with the naked eye, and with a rapidity rendering it impossible to count them; it has more attachments than any other, and it does to perfection all kinds of heavy, coarse, plain, fine or fancy needle-work with ease, and far less labor than required on other machines. It needs no commendation, the rapid sales, increasing demand, and voluntary encomiums from the press, and the thousands of families who use them, amply testify to their undoubted worth as a standard and reliable household necessity, extending its popularity each day. This popular machine can be examined at the office of this company. AGENTS WANTED by the FAMILY SEWING MACHINE CO. 75 BROADWAY, NEW YORK, N.Y.
