The One Necessity which has Not Increased in Price (Though Ever Increasing in Value)

No Advance in Rates in 17 Years

Think of it! In spite of the fact that policies of to-day contain provisions undreamed of years ago. The liberality of The Manufacturers Life policies, with their high guarantees, cannot be surpassed. Remember that once a policy is issued to you, there can be no increase in premiums.

Premium Rates are Actually Lower

on profit-bearing policies than a decade ago, due to the large profit earnings of this progressive institution.

A Competence if You Live; An Estate if You Die

This is the function of Life Insurance. Either or both should be sufficient reason for your giving it serious consideration. Full particulars of our guaranteed plans on request.

A SPECIAL SERVICE

Many men and women reluctantly assume the duties of Treasurer or Trustee of Charitable, Social, Fraternal, Educational, Religious or Civic organizations. The duties while responsible, may not require the full time of a salaried official. There are many advantages in the employment of a Trust Company in such cases: it is permanent, experienced, and responsible: it has unusual facilities for supervision and audit and for the safeguarding of books of record, documents and funds.

Consult us about the many phases of this Special Service.
