Gossip and Comment

Two race at the H. J. C. track yesterday were won by sons of Plaudmore—Plaudmore and Hurray. Look out for the third son—Dark Night—today!

Jack Johnson does not appear to be making any additional friends by his methods of boxing rivals. On Wednesday night in the Duquesne Gardens in Pittsburgh he met Tony Ross in a six-round fight and the Italian stayed the limit. It is said on good authority that Johnson let him stay through the six rounds as he had his man down twice for the count of nine. No matter what Johnson did, however, he was sure to be criticized. If he let Ross stay he was accused of faking; if he knocked the Italian out it would then have come out that he picked nothing but marks to go up against. This championship game isn't what it's cracked up to be.

The next important stake on the northern circuit is the Canadian Derby, which will be run on Monday at the opening of the Fort Erie meeting. This event, which ranks well up with Eastern classics, both in monetary value as well as the viewpoint of class, gives promise of being brought before the starter an ensemble of equine perfection seldom if ever seen on a Canadian course. American Bert E. Collier, in the Chicago American.

With such historic classics as the Suburban, Metropolitan and Brooklyn handicaps paying out \$5,000, it must be admitted that the Niagara Race Association has been extremely liberal with its guarantee of \$3,500. That the horsemen have been alive to the lucrativeness of the purse is well attested by the calibre of entries received.

If Sam Hildreth brings Fitzherbert from New York, very likely the Suburban winner will be favorite, though at the weights, Fitzherbert would have no cinch. Olambala seems to have more supporters than any of the other sure starters, but he will have to reckon with some others of class in the race.

There is a lot of talk about W. J. Young's Plaudmore, and it is not a few weeks to see him travel a quicker clip next Monday. Every day now the candidates who are in form are being given their trials for the Fort Erie race, and the field will be a well conditioned one at bugle call.

Miss Gussie won the first Canadian Derby. She was a filly, of course, and no filly has taken it since. There are owners of filly nominations who are on the anxious seat on the eve of this race. Ben McDhui was a sturdy Derby winner, and on down the line some horses as Claude, Peter Sterling, King of Tany, Martimas, Advance Guard, Lawrence P. Daley, Red Robe, Fort Hunter and Charlie Gilbert. What is the name of the horse which will be written on the records after Monday.

The Cleveland Press baseball editor pays a compliment to Umpire O'Loughlin, of Rochester, the star umpire of the American League, and incidentally throws some hot shot at Washington as follows:

"Umpire O'Loughlin was again escorted off the field at Washington Monday by the police. It appears to be about time for Ban Johnson to put on his coat and take a trip to the capital city. Silk O'Loughlin is regarded as one of the most competent and conscientious umpires in the country. Baseball men say that the question should not be: 'What is O'Loughlin doing on the staff of umpires?' but 'What is Washington doing in the American League?'"

There was great joy at Night Owl Club last night when word was received that Bobby Burns, running under the club colors, had won the five mile race at Beamsville yesterday. This club having a few promising runners, will be heard of in a short time.

London (Eng.) Globe. Keen Sportsman though he is, we are not likely, it is to be feared, ever to see his present majesty emulating the performances of Charles II. on the turf. That active monarch not only went racing in the ordinary sense, but rode his own horses at Newmarket, and is said to have been a most formidable jockey. His successes may well have been quite genuine, for Old Rowley was by common consent the best horseman in his own dominions.

Old Bob Fitzsimmons has the prize fight champion sized up about right. "No Ketchel can hit harder than I did when I was champion," said the Irish pugilist the other day. "Well, if he can't he'll knock the stuffing out of Johnson in jig time and will be champion of the world. Johnson is a clever boxer, but he can't hit and isn't game. I could have stopped him in a couple of rounds ten years ago."

An English sporting writer says: "R. E. Walker—N. J. Cartmell—Robert Kerr. Such was the order of the arrival in this country of these great runners, whose appearance in our championships next month will make these events extremely interesting. Walker's departure from Cape Town was proclaimed by cablegram; Cartmell and Kerr came quietly, and I delight in their presence, which means great sport. More especially am I pleased at the arrival of Kerr, for at Stamford Bridge we will have settled one and for all the problem of superiority between the Natal and the Canadian sprinters."

THE SAVING IN LIGHT.

The benefits of a single time standard to the bulk of the American people using it—that portion which now keeps central and mountain time—would be enormous. At least sixty millions of people would thus save the use of artificial light one hour every day in the year. This saving would be one cent a day, or a total of \$60,000,000 daily for all the people, and in one year this saving will amount to 365 times that sum, or \$21,900,000,000 more than enough to maintain a navy of forty-eight battleships with the accessories of three fleets, including their bases and naval coast defenses. From Commodore Bechler's "Daylight Saving in the United States in the July Century."

PLAUDMORE WON THE NATIONAL.

The card which was presented to the record breaking crowd at the Hamilton Jockey Club track yesterday was perhaps the best that was ever presented on a Canadian race course. There were eight races on it, and 75 horses faced the barrier, an average of nine to a race. There was a lot of class shown, too, and the field that paraded in the National Handicap was a fine one. The crowd was larger than on Saturday, when a new mark for attendance was put up. Over 7,500 were present yesterday. Three special trains were required to carry the Toronto contingent, which was over 2,500. Buffalo, London, Brantford and Woodstock were well represented, and the crowd was as good-natured as it was large. The weather was hot, and the scene in the betting field was a most animated one.

The National Handicap, at a mile and a furlong, worth \$1,275 to the winner, brought out the largest field of high class horses ever seen on a Canadian course, and so well were the weights adjusted that one could not pick a single horse of the eleven, unless, possibly, Siskin, that did not look to have as good a chance as anything else. The winner turned up in a Toronto horse, J. H. Doane's Plaudmore, who has been one of the sensations of the meeting, and whose last performance was to beat the mile record for the track. He took the lead at once when the barrier was down, and he ran throughout. In the last furling it looked as if Stanley Fay had caught him, but Plaudmore had something left. Little Jockey Chandler, who weighed out

at 93 pounds, sat down on him again, and riding a very vigorous finish, landed Plaudmore the winner by a neck from Stanley Fay, while Hanbridge was only a neck behind Stanley Fay. Green Seal was fourth. Plaudmore clipped 13.5 seconds off the track record, held by Cave Adsum (1:31.3), and came within two-fifths of a second of the Canadian record for the distance—1:31.1—made by Peter Sterling at Fort Erie.

Creel made a new track record for a mile and a sixteenth, beating the horse, Cave Adsum, that made the mark, 1:40.25. Creel did the trick in 1:46 flat. Plaudmore was beaten only a head. Gold Note got the short end of the purse.

There was disqualification, and a popular one, in the steeplechase. Going to the jumps in the far corner of the field, McFie, on Dr. Keith, bumped into J. N. and tried to force him into the ditch. The danger, and then both Dr. Keith was disqualified, and McFie was suspended for the meeting, with the recommendation that he be extended to 30 days. Bunnell trailed the field all the way, and his failure to show any speed, combined with the Pagan Bay case, brought out a ruling from the stewards refusing further entries of horses trained and controlled by W. G. Wilson. There was a big play on old Biliberry in this race, on account largely of Archibault being secured at the last minute to ride him. The old rogue did better than he did in recent races, but he got in his fine work after one turn, and he backed at the jump near the field. He backed at the jump near the field, and Archibault lost his whip getting him over. At the second jump after that Biliberry refused and sent the rider over his head. Jimmy Johnson will make Jockey Muegrave's engagements during the Fort Erie meeting.

Shole has turned Centre Shot and Cloister over to Jas. Johnson, who will train them in the future. Pat Civiil sold the filly Gold Front to Hugh Penny, to be delivered at Fort Erie. This filly has run second to Turf Star at Toronto. Penny will also bring his horse The King over to Fort Erie.

The representatives of the Niagara Racing Association were at Hamilton on the holiday. There were a number of horses already at the track. Johnny Ferris has arrived there with Olla Balla. This horse won the Latonia Derby handily.

J. H. Doane was offered \$4,000 for Plaudmore a few days ago. He would not sell for that price.

Charlie Brown, ex-steeplechase rider, and trainer of Plaudmore, won \$2,000 on his horse in the National. Plaudmore is the only runner now owned by Mr. Doane, who keeps a lively stable in Toronto.

Tomorrow is getaway day. Most of the horses will be shipped to Fort Erie to-morrow and Monday.

The feature of Wednesday's card was the race for the Hamilton Riding Club's Cup, for horses owned and ridden by members of the club. It was different from many past years' races; it was a handicap, and there were five starters, and four of them were well played. J. W. Hammond's Manuscript was played down from 6 to 1 to 7 to 5, and High Bear, carrying 160 pounds, was beaten down from 3 to 1 to 3 to 5. Mr. Henderson, who was the favorite, was beaten down from 3 to 1 to 3 to 5.

London, July 2.—The Jockey Club yesterday adopted the following ruling: "No weight shall be allotted to any horse in a handicap until he has run three times in the United Kingdom." This stringent rule obviously is an outcome of the recent influx of French and American horses, and the action of the club in proposing and adopting it has met with considerable criticism.

New York, July 2.—The action of the Jockey Club yesterday in adopting a rule of allotting no weights to any horse in a handicap until he has run three times in the United Kingdom is regarded here by some of the racing interests as making for the best interests of horses belonging to foreign owners. It pointed out today that foreign horses entered for the first time in the big English handicaps were allotted very large imposts, and far in excess of the scale of weights in the country. The English handicapper, having only the foreign record of the entries to base his calculations on, naturally imposed a heavy impost, such as was frequently done when foreign horses have entered in American races for the first time. It was stated today that no foreign owner could object to a rule which permitted the handicapper to get a fair rating on a new entrant on the English turf.

Sheephead Bay, July 2.—The two days' sale of yearlings belonging to various studs was concluded at Sheephead Bay yesterday. Sixty-two youngsters were sold, bringing a total of \$27,375. A chestnut colt by Orlando—Vassar I was bought by the Newmarket stable for \$1,500. R. J. Neelan paid \$1,300 for a chestnut colt by Starshot, Kentucky Belle II, went to T. Collins for \$1,000.

LADY BAXTER FIFTH. Stratford, Ont., July 2.—Yesterday was a big day for the Stratford Turf Association's meet here. Thousands were present to witness the trotting races, and ideal weather conditions prevailed throughout the afternoon. Ian Bars, the gallant son of Monarch, owned by J. W. Prangley, of Stratford, carried the honors in the 214 paces, winning in straight heats, second money, finishing a close second in the final heat. In the 210 pace Reuben A., a local horse, owned by R. S. Jones, of Stratford, sprung a surprise on the horsemen by finishing fourth in the initial heat, and then winning the first money in three straight heats. Reuben won the final heat from I. N. L. by a head. Jerry Dillard, winning first place in the initial heat, got second money. On Wednesday Ideal, owned by Dick Baird, of Hamilton, won the 221 pace. EACH WON AND LOST.

Four Games in Inter-City League.

Teams Won on Their Own Grounds.

Scores in Big Leagues Yesterday.

The Inter-City League held two interesting sessions here yesterday. In the morning the St. Patricks defeated the Veritys by a score 4-1, and in the afternoon the West End Pleasure Club defeated the Goold, Shapley & Muir team by a score of 6-4. At both games large crowds were in attendance, and although the games were played in slow time, the fans had lots of opportunity to shout.

At the morning session, St. Patricks defeated the Veritys by a score of 4-1. The game was won in the fifth. The Irishman started to connect with Ralston benders in this inning, and before things had quieted down the Irishmen scored four runs. Outside of this inning the Brantford aggregation had control of the situation and allowed no more players to reach third. Only once during the game did the Veritys get a man over the plate. It was in the eighth inning. O'Reilly got to base on balls; Griffin got a hit; O'Reilly got to third, on a bouncer; Ralston; O'Reilly came home. Kid Smith was the twirler for the St. Patricks, and pitched a fine game. He allowed only four hits, and those were well scattered. The score:

Despite the rain a fair-sized crowd was in attendance at afternoon game, when Goold, Shapley & Muir team was defeated by the West End Pleasure Club by a score of 6-4. In the first inning Brantford scored two runs and two more in the sixth. The Pleasure Club was slow in starting to score, but by timely hitting piled up enough runs to win, although in the last inning the Brantford looked dangerous. They had three men on bases, but failed to rally. The third of July played was not up to the standard. Both teams were off color and altogether 15 errors were chalked up. The players kept continually kicking against the umpire's decisions, and in the second inning Manager Burke threatened to take his team off the field. The afternoon game developed the best brand of ball. Manager O'Connell put in Lighthart to do the twirling, and the youngster made good. Manager Bond also tried out Kerr, of London, who should have scored a shut out. St. Patricks, although loose in the field, played tight ball with men on bases. Beattie made a home run in the sixth, and the Irishmen got another in the eighth, when Moran made good. Moran, safely, advanced on a passed ball. Moran was caught off third, Lighthart advancing on a sacrifice by White. The former scored on an uncovered throw to second to catch White by the catcher. In the ninth the Veritys scored the winning run on a hit by Arthur, who was sacrificed to third, and a hit by Bradley over the left field fence for a homer. The score:

HAMS LOST AT BRANTFORD.

Brantford, July 1.—(Special).—Both Brantford Inter-City League ball teams copped neat games here today, from the West Ends and St. Patricks, of Hamilton. In the morning the Goold, Shapley & Muir team defeated Charlie Conkle's aggregation by 4-0, and in the afternoon the league leaders went down before Veritys by 3-2.

The morning game started off like a pitchers' battle, between Southern and Simpson, but in the fourth, after Burke and Minnes had got on, Bardgett walked one for 2 bases, scoring two runs. Two more were added in the 8th, on Buscombe's error, and hits by Shea and Dingwell. Simpson was invincible in tight places, while Southern was hit opportunistically. Umpire Jack Temple's decisions did not please the visitors any, and Manager Conkle threatened to refuse to play with Temple officiating. A good many of the local fans were in accord with Conkle, as Temple is an employee at the windmill factory. The score:

The afternoon game developed the best brand of ball. Manager O'Connell put in Lighthart to do the twirling, and the youngster made good. Manager Bond also tried out Kerr, of London, who should have scored a shut out. St. Patricks, although loose in the field, played tight ball with men on bases. Beattie made a home run in the sixth, and the Irishmen got another in the eighth, when Moran made good. Moran, safely, advanced on a passed ball. Moran was caught off third, Lighthart advancing on a sacrifice by White. The former scored on an uncovered throw to second to catch White by the catcher. In the ninth the Veritys scored the winning run on a hit by Arthur, who was sacrificed to third, and a hit by Bradley over the left field fence for a homer. The score:
