

HAS REACHED BOYS' HOME.

Scarlet Fever Among Inmates of the Institution.

Board of Health to Discuss Situation This Afternoon.

British Engineering Students Here—Street Watering Resumed.

The scarlet fever epidemic, which has been prevalent for several months, has invaded the Boys' Home and caused some alarm among the officials in charge of that institution.

The British engineering students who are touring Canada arrived here from Brantford at 8:30 last evening, and were met by the civic reception committee.

The city officials are so well pleased with the way citizens have responded to the appeal to be sparing with the use of water during the trouble at the pump house that the Board of Works Department today resumed the street watering, which was stopped last Thursday.

City Clerk Kent and City Solicitor Waddell left this afternoon for Toronto to attend the annual convention of the Ontario Municipal Association.

The head masters of the Hamilton public schools met at the Board of Education rooms and discussed plans for the season.

Mayor McLaren is in Toronto to-day attending the opening of the exhibition and the dinner to Admiral Beresford. Ald. Peregrine is acting Mayor.

Building permits were issued to-day to W. Ellis for four brick houses at the corner of Barton and Hess streets, to cost \$4,000, and to William Stringer for three frame houses on Hilliard street between Brant and Gilkinson, to cost \$2,700.

The total value of building permits issued from the building inspector's office during July was \$100,250, a decrease of \$17,150 as compared with the corresponding month a year ago.

SOON AFTER LOVED SON.

Father of John C. Kennedy Died Last Night.

A prominent business man of this city passed away at the City Hospital last night in the person of Charles H. Kennedy, 171 James street south. Mr. Kennedy has been ill for some time past with stomach trouble. He came from London, and was manager of the Village Inn at Grimsby for three years, and was latterly proprietor of the English tea rooms on James street north and manager of the Winona Park Hotel at the same time.

EARL GREY, Who was lost in the woods in British Columbia and narrowly escaped death.

IF TIBERIUS HAD KNOWN.

Roman Emperor's Name Coupled With a Dog Case.

Non-Union Moulder Goes Down For an Assault.

More Vagrancy Cases Before the Magistrate To-day.

Tiberius Claudius Nero Caesar was the full name of Tiberius, Emperor of Rome, who was born Nov. 16, 42 B. C. Yet that illustrious monarch was used as a deadly parallel in the Police Court to members of our present long-suffering and considerate police force.

"The dog is as high as that, Your Worship," said the constable, indicating about three feet from the floor.

"Oh, higher than that," said Harry, putting his hand up about six feet, at the same time conveying a volume of sarcasm in his tone. He said he had bought two chains for his dog, and it had wandered for the first time yesterday, when he was away for a few minutes.

"The citizens might as well be at the mercy of Tiberius," shouted Harry, whereat the whole court from the Magistrate downwards went into a convulsion of laughter, and the court thundered roared, "Order! Order!" Order restored, a fine of \$2 was imposed.

HELD ORGIE ON SUNDAY.

Hamilton Men at Great Guzzle In North Grimsby.

Grimsby, Aug. 31.—(Special.)—There was high carnival on a farm in North Grimsby township all day Sunday. Those who live in the neighborhood say it was the most disgraceful drunken orgie ever witnessed. Some forty men fought, sang and whooped around innumerable kegs of beer and bottles of spirits till they fell down exhausted at sun-down. The visitors hailed all the way from Hamilton, and the appearance of the majority of the crowd when four county constables drove up at 5 o'clock is better imagined than described. Free fights had taken place, and there were black eyes and blood-smeared visages galore. Some had lost portions of their wearing apparel and a few were almost devoid of any.

When the smoke cleared away a little after six the remnants of the contingent straggled homeward by lane and by-way. How some ever reached their destinations unaided is a matter of conjecture. It is known, however, that Provincial Detective Ayerst has the affair in hand, and a big bunch of summonses are to be handed out.

SEVEN LITTLE TOTS PERISH IN ST. MALACHI'S HOME FIRE.

Seven Hundred and Fifty Children Were In the Place When the Fire Broke Out and Nearly All Were Rescued.

New York, Aug. 31.—That seven little children, inmates of St. Malachi's Home for Children at Rockaway Park, L. I., were suffocated in a fire which destroyed a portion of the home last night, was discovered by firemen digging in the ruins of the burned building.

There were 750 children in the institution, which is conducted by the Sisters of St. Joseph of Brooklyn. Most of them marched out of the building in good order last night when the fire alarm was sounded, and it was supposed that all had escaped until the little bodies were found in the smouldering embers to-day. Nearly all of those burned to death were under five years old. The portion of the dormitory in which they slept was directly over the laundry, where the fire originated. How they were overlooked in the work of rescue last night or whether there were other bodies remaining in the ruins could not be determined this morning, as

most of the records of the institution were destroyed or inaccessible. The names of the burned children were unknown.

The fire was discovered in the laundry in the north wing of the home at 8 o'clock last night. Three hundred and fifty small children were in their cots on the third and fourth floors of that wing, and some of the older inmates were attending evening prayers in the chapel. As the alarm sounded the older children marched from the chapel to the board walk along the beach, and the nurses and attendants rushed to the work of carrying the little children from their cots from the floors above.

Firemen assisted in searching the halls and dormitories, and found a few children lingering in the halls, too frightened to leave the building, but the rescue work had been conducted with such despatch and good order that it was believed until to-day that all the children were out of the building. While the flames were licking up the north

wing of the big building the children were marshaled under the care of their nurses on the board walk. Some of the sisters made a determined effort to reach the store houses to secure blankets to cover the babies, of whom there were many scores, but the store room was filled with smoke and inaccessible.

After several lengths of hose had burst and the north wing had been completely destroyed, the firemen checked the flames and saved the Hebrew Home nearby, with a large number of inmates. A large number of children from St. Malachi's Home were given shelter in the Hebrew institution, and others were taken to the various hotels and cottages on the beach. Edward Chancey, a Boston shoe merchant, was one of those who aided the sisters in finding shelter for the homeless children.

The damage to the buildings amounted to \$25,000. The search for more bodies was continued to-day, in the fear that other children had been buried.

EARL GREY'S ADVENTURE.

Was Lost Over Five Hours in B. C. Woods.

Narrow Escape of Falling Over a Precipice.

Rescued Exhausted and His Clothes All Torn.

Victoria, B. C., Aug. 30.—Earl Grey, Governor-General of Canada, who returned here from Dawson and Skagway by the Government steamer Quadra to-day, had a narrow escape from death when lost in the woods of Jervis Inlet for five and a half hours on Saturday, Aug. 28, when on a shooting expedition, without companions other than his dog. He told of nearly falling over a precipice in the darkness when rescued by a search party, headed by Major Clark, his orderly, and Second Officer Johnson of the Quadra, one of many search parties sent into the woods after fires were built along the shore line to attract the attention of the lost Governor-General. He was utterly exhausted when found and his clothing was badly torn.

He left the Quadra at 5:30 p. m., and went into the woods where Lord Lascelles the previous day had killed a mountain goat and two deer. After penetrating some distance into the woods he lost his way and night came on. When he failed to return for dinner there was intense excitement on the Quadra, and search parties went into the woods. Meanwhile the Governor-General clambered over fallen trees, fought his way through undergrowth, and slid down rocks in the darkness, tearing his clothing to rags. On one occasion he came to the edge of a precipice, feeling his way with an alpenstock which he carried as well as his rifle. The alpenstock slipped from his hands and clattered down a considerable distance below. Then he realized that a narrow escape from death he had. His dog was missing, and he feared it had fallen over the precipice, but it turned up afterwards. He turned back, and, falling in the darkness to find his way, finally, after many struggles, sank down exhausted, after five and a half hours of unavailing effort.

He was so hungry and exhausted that he leaned against what he took to be a log, but it proved to be a shadow, and he tumbled about in the undergrowth until he sank down on a little rock to await daylight, and soon afterwards saw the reflection of a fire. It was an Indian camp. Then he fired his rifle and the shot was heard by a search party. When his answering "hello" was heard the rescuers hurried to him, guided by his shouts, and hurried him to the shore, where the waiting boat took him quickly to the Quadra, on which he was received with great joy, his daughter, Lady Sybil Grey, Lord Lascelles and other members of the party awaiting him at the steamer's side. He was none the worse for his adventure.

Earl Grey was made a member of the Arctic Brotherhood at Dawson and had an interesting reception there, at White Horse, Skagway, and at Prince Rupert. The Quadra makes stops at Alert Bay, while the Kwanaikill Indians took the party up the rapids of the Nipmishik River, at the head waters of which Lady Sybil Grey shot a bear. Calls were also made at Bute Inlet and Robinson; eight for shooting and fishing purposes. It is expected the Governor-General will go to Seattle about Thursday or Friday before returning eastward via Vancouver.

Our last Wednesday 1 o'clock closing ends this week. We wish to thank our many customers and friends for their assistance in making this half holiday season one of continued pleasure. It has been with your help that our employees have had the opportunity of enjoying the many Wednesday half-holidays.—Bain & Adams, King street east.

There is going to be a great grape crop this year all right, perhaps the largest and best in the history of the Niagara fruit district, but this is no guarantee that prices will drop. It all depends on the facilities for shipping and the growers are well satisfied with the prospect of these being better than ever before. Recently the growers succeeded in getting the Dominion Railway Commission to order the companies to restore the old rates. There never was a brisker demand from the west for the grapes of the Niagara district, and the extent of the shipments out there will fix the prices for Ontario. The first shipments will be made within the next ten days.

THE MAN IN OVERALLS. You are doing well. Keep the tap shut. You are invited to inspect the Technical School. Go and have a look. Let us fight to the last ditch for our riparian rights over the Coal Oil Inlet. Lord Beresford won't visit Hamilton. It is not included in his itinerary. Hamilton is always sidetracked by distinguished visitors. When I see little children toddling across the railway tracks in the city I wonder where their mothers are. Tempting Providence. It's got to be done. Johnnie's neck must be washed to-morrow morning before setting out for school. The boom in Barton street as a business thoroughfare threatens to give King and James a close run. How much of the face of the mountain is in private hands? The city ought to get a hold of what is left before investing in real estate at the Beach. It's not the policeman who makes the most arrests who gets commendation on the London force. It is the man who takes the best care of his "beat." I can see Barton's finish. Slice after slice will come into the city until nothing is left. Then peace will reign supreme. Instead of one playground there should be half a dozen next season. Great chance for a philanthropist. We should see that the True Blues have no reason to feel blue while they are in Hamilton. Every time the Times shows up the falsity of the Herald's arguments or statements it yells "liar," and waits for the applause of the gallery. It's getting to be a pretty tough sheet. When I see a plan of the route of the proposed mountain street car line I will tell you more about it. In the meantime don't commit yourself to any route. This talk of the moving picture shows leading people astray should be enquired into. I understood Chief Smith was the official censor. No girl will go astray who takes her mother into her confidence at all times. And the young man who wrongs a girl will yet learn that every wrong brings its own punishment, sooner or later. The winter is coming this way. Are you keeping a few dollars to tide you over the dull times? What a pity we haven't got a Fair of our own to brighten things up for a couple of weeks. We should have one. "Boer Veteran"—Col. Hendrie, I believe, is one of the trustees of the patriotic fund. You should apply to him. I have no idea myself what he intends doing with the money. Sure there is plenty of water in the lake, but we can't always be running down there for a drink.

It's not the policeman who makes the most arrests who gets commendation on the London force. It is the man who takes the best care of his "beat." I can see Barton's finish. Slice after slice will come into the city until nothing is left. Then peace will reign supreme. Instead of one playground there should be half a dozen next season. Great chance for a philanthropist. We should see that the True Blues have no reason to feel blue while they are in Hamilton. Every time the Times shows up the falsity of the Herald's arguments or statements it yells "liar," and waits for the applause of the gallery. It's getting to be a pretty tough sheet. When I see a plan of the route of the proposed mountain street car line I will tell you more about it. In the meantime don't commit yourself to any route. This talk of the moving picture shows leading people astray should be enquired into. I understood Chief Smith was the official censor. No girl will go astray who takes her mother into her confidence at all times. And the young man who wrongs a girl will yet learn that every wrong brings its own punishment, sooner or later. The winter is coming this way. Are you keeping a few dollars to tide you over the dull times? What a pity we haven't got a Fair of our own to brighten things up for a couple of weeks. We should have one. "Boer Veteran"—Col. Hendrie, I believe, is one of the trustees of the patriotic fund. You should apply to him. I have no idea myself what he intends doing with the money. Sure there is plenty of water in the lake, but we can't always be running down there for a drink.

You are doing well. Keep the tap shut. You are invited to inspect the Technical School. Go and have a look. Let us fight to the last ditch for our riparian rights over the Coal Oil Inlet. Lord Beresford won't visit Hamilton. It is not included in his itinerary. Hamilton is always sidetracked by distinguished visitors. When I see little children toddling across the railway tracks in the city I wonder where their mothers are. Tempting Providence. It's got to be done. Johnnie's neck must be washed to-morrow morning before setting out for school. The boom in Barton street as a business thoroughfare threatens to give King and James a close run. How much of the face of the mountain is in private hands? The city ought to get a hold of what is left before investing in real estate at the Beach.
