

THE OAKEN TREE.
By a rapid rolling river,
Where the waters roll forever,
South and strong,
Faint of the forest's daughters,
Sprang a tree beside the water;
And its great canopy spread,
"Tree of oak! lift up thine head—
Spread thy roots within their bed—
Far above!"

TEMPERANCE.
EFFECTS OF ALCOHOL ON THE MORALS.—
Alcohol kindles friendship. Hence the custom
of toasting, as a friendly token. But it equally
inflames passions. Hence drinkers are the
greatest friends one minute, but bitterest enemies
the next, biting each other's fingers and noses;
and baring out each other's eyes, yet make up
over another glass.

Stimulants make approbation swell
and swagger; but always over some low exploit.
Intoxicated men invariably brag lustily, yet never
about anything good but always over something
brutalizing—that their dog can whip every other,
or they can lick any man in town. All drinking
young men render themselves public laughing
stocks; "getting a swell," to their own disgrace
but the infinite torment of their rivals.

Drinking causes swearing. What in man
swears! Never the noble, good, or great, but
always the animal and debased. Hearing one
highly esteemed for talents or virtues swear, at
once sinks him to the level of a biogard, which
in fact he is. All imbecile oaths and blasphemy.
All drinking resorts are places for profane swearing.
Spart them, and the voice of cursing will
soon die away. Moral fathers, do not, by tolerating
them, place temptation before your innocent
sons, which a prohibitory law would effectually
remove.

Prophetry in Liquor.—I know well what
liquor dealers and distillers will say. They allege
that their property is taken away, and their
means of living prohibited. Very well; but what
is your property? It has been applied to procure
means to corrupt and destroy the community.
Counterfeits lay out large sums to procure dies
for stamping coins and plates for imitating the
best bank bills.

Are their establishments to be protected? The
crochets of these dreadful places (rightly called)
Zells tempt very large sums, and adorn them
with magnificence. Must the community respect
this property? Honest men erect a slaughter-house
or a manufactory with noisome gases issuing
from it, in the midst of a city or town. Is this
property to be protected? Men adulterate medicines,
and congress rises up to a man and forbids
it not only by legislation but by active imposing
officers. Are they not in the right? But—are
they consistent? There are hundreds of thousands
of heads of adulterated liquor, much of it containing
rank poison, over which they exercise
no inspection, and submit it to no examination.
Is this a due protection of the ignorant
and unsuspecting part of the community? Scores
of thousands die every year through the influence
of these poisons. And have society no remedy
against all this? "Maine has bobby and they have.
She has often with trumpet-tongue that which
is the truth in her own ears. Talk of property in
the means of corrupting and destroying the community!
Why then the "bobby's" have, and the
counterfeiter's shop, which his imposture work
is done, is property to be respected. Even the
innocent and industrious man, if he undertakes
a business which poisons the air and endangers
the life of the citizen, is as once compelled to relinquish
his station. How can any man rightly own
that property which sends forth pestilence and
death through a whole community? The plea
for property is idle. It is unworthy a moment's
regard.

The Caspian is 300 feet lower than the
Baltic and 345 lower than the Euxine.
Count Rumford, by boring a cannon
within water, so heated it by the friction,
that he made it boil, and actually boiled
a piece of beef in it.

R. R. R.

What do the Sick Require?

To those who think—If sick, if suffering the
torment of pain, or afflicted with long illness, the
valuable constant help and most efficacious remedy
is to be found in the R. R. R. REMEDIES, at that
time. On this principle the R. R. R. REMEDIES are
founded. Instant Relief from Pain, Quick Cure of
Diseases, Speedy Restoration to Health, is the great
platform on which the R. R. R. Theory is predicated.
The R. R. R. REMEDIES are worthy of the age.
They instantly relieve the bed-ridden from the most
excruciating pains, and quickly free the afflicted from
the most chronic and serious maladies. They give
new vigor to the shattered and bruised body, and
renew each member and organ of the human system
with strength and power.

THE R. R. R. REMEDIES consist of RADWAY'S
READY RELIEF, RADWAY'S RENOVATING
RESOLVENT, and RADWAY'S REGULATORS.
RADWAY'S READY RELIEF is for the instant
relief of the sufferer from pain, and to check and
arrest the progress of diseases; to disinfect animal,
malaria, and infectious poisons, thus protecting
the sufferer from the most dangerous and fatal
contagion, and from sudden attacks of Cholera,
Typhoid, Ship Fever, Fever and Ague, &c. Likewise
for the effectual and radical removal of all pains and
diseases of the Joints, Limbs, Nerves, &c.

DISINFECTANT.
RADWAY'S READY RELIEF is the most safe
and powerful disinfectant in the world—such, it is
a most effectual cure and positive preventative of
FEVER AND AGUE.
So with other fevers and all malarious diseases.
Ten or twenty drops, taken internally, in a little
water will protect the system against any attacks
from infectious and malarious poisons.

NEURALGIA.
RADWAY'S READY RELIEF, given internally, and applied over
the surface of the body, and the bowels regulated and kept
soluble with RADWAY'S REGULATORS, the patient
will soon get out of danger, and speedily restored
to health. If the R. R. R. Remedies are given, the
will save the life of the patient.

RADWAY'S RENOVATING RESOLVENT
is the second of the R. R. R. Remedies. It is for
the cure of Chronic Diseases that have been lingering
in the system for years.

HIGHLY IMPORTANT TO ALL AFFLICTED
WITH CHRONIC DISEASES.
For the present, then, let us pass to the consideration
of the RESOLVENT, the second of the three
R. R. R. Remedies.

RADWAY'S RENOVATING RESOLVENT is
for the cure of Chronic Diseases, of inflammation that
is kept alive by the system, and which the
Chemists tell us that inflammation is a slow
continued combustion. And this case is a deposit
resulting from the inflammation whilst it is in an active
or acute condition, for all disease is at one time acute
before it becomes chronic. If a person has Chronic
Rheumatism, it is the result of a deposit in the fibrous
issue surrounding joints; if a person is Scrofulous,
these deposits often show themselves in small lesions
under the skin and along the neck; if he have a
Consumption or Chronic Cough, there is tubercular
matter deposited in the lungs; if Bronchitis, it takes place
in the Bronchial tubes; if Syphilis, it occurs in every
tissue and organ in the whole system, for that disease
spares nothing. Now to cure these diseases, these
Chronic inflammations (for it is in this sense) it
is manifest that the diseased deposit must first
be removed, the sustaining cause be taken away, and
that the impure blood be altered in its condition and
restored pure and healthy.

It becomes necessary, then, that the absorbents
be active and the blood be purified. We therefore want
a medicine that will act on the absorbents and
stimulate them into action, and at the same time
purify the blood. Medicines that depend merely on
purifying the blood alone, without restoring the
Chronic diseases to ensure success they must
have the power to stimulate the absorbents, and
remove the diseased deposit. The action of the
RESOLVENT is directed first to the absorbents,
stimulating them into action, and second to the blood,
which it purifies by its action over the glands, the
liver, pancreas, kidneys &c., which are the sewers
that nature has established for purifying the blood.
You will, after this description, we hope, appreciate
the nature of the RESOLVENT, and its efficacy in
removing the diseased deposit, and purifying the
blood and renovating the system. Tumors are
removed and discussed by its operation: Chronic Swelling
of the joints is removed, and the system is
restored to its normal state. The most loathsome Skin Disease
disappears under its action; Scrofulous constitutions are
soon amended, and the disease checked when ever it
has attacked the system. Syphilis, with all its horrid
train of consequences, here finds a certain and infallible
cure; and Consumption too, often finds its
matter—Consumption, that prevalent and lamentable
disease of the lungs, that is so well known to you all,
from its fatal and almost helpless character, and the
harrowing pain it occasions, the most gifted
and the most beautiful of the human race, creeping
over our vitals with an insidious yet awful certainty,
and consigning to an early and premature grave its
young victims of victims. Tubercular Consumption
is often regarded as a species of disease of the lungs,
and this is a mistake; it is but one of the forms
of Scrofula—it is a Scrofulous deposit, an inflammation
of the lung structure, and could be as readily cured
as any other Scrofulous disease—such as Rickets, Hip
Contracture, or White Swelling—if it was not for the
peculiar structure and action of the lungs in which
it takes place.

The lungs expand and contract during every
respiration; and from the moment the first breath of
life is drawn, until the last general gasp passes from
the dying invalid, a never-ceasing action kept up on
their part. It will readily be conceived then, how
difficult it must be for an Ulcer of the lungs to heal,
where it is continually kept irritated by the act of
breathing.

Understand, then, we do not offer you the RESOL-
VENT as so certain a cure for Consumption or Scrofula
of the lungs, as it is for other Chronic Diseases.
We believe that it will cure Scrofula in any other
part of the body, but from the very nature of the case,
this complaint—except in its first stages—is almost
incurable; but we can recommend it, as the
most certain remedy (when taken as directed in our
pamphlet) that we possess to arrest its progress, and
bring it to a large number of cases of Lung Disease
that it has cured.

Such, then, is the RENOVATING RESOLVENT.
What the Relief is to Acute Diseases the RESOL-
VENT is to Chronic; it resolves away the foreign
and diseased deposit; it purifies the blood and it
renovates the system.

NO. 3

RADWAY'S REGULATORS.

Every pill taker should examine the theory on
which the REGULATORS are founded. Every one
"who takes pills" will find RADWAY'S REGULATORS
the most pleasant and safe Regulator of the
Liver, Bowels, Kidneys, and other organs of the
system in use.

We have hitherto been treating of diseases or
inflammation in its acute or chronic state, and its
remedy; the RELIEF in one hand and the RESOL-
VENT on the other. We now pass to the considera-
tion of that state of the system immediately preceding
disease or inflammation, viz: IRRITATION. To
alleviate irritation of the nervous system, and remove its
effects wherever it exists, and to aid the RELIEF or
RESOLVENT in their operation, are the chief purposes
of the REGULATORS.

How is nervous irritation the cause of disease?
Because the glands of the system are controlled by the
brain and nervous centers, and what irritates the
brain causes irregularities of the glands; and when
the glands refuse to do their work, the foreign matter
which it is their duty to remove, is left in the blood,
and increases already existing irritations. The glands
are sewers of the system and are composed chiefly
of the Liver, the Pancreas, the Kidneys, and the
Glands of the skin and intestinal canal. Now, a regular
and honest action of these organs are
indispensable to keeping the blood in a pure and
natural state. If we give you poison instead of food
to eat you can easily understand that the blood will be
corrupted by it, and diseased action will follow; and
it will be just as surely corrupted if the glands do not
abstract the worn out materials from it.

Again if the kidneys be interfered with in their
action, from any irritation whatever, why then we
have the salts of the urine, the poisonous acids, circu-
lating in the blood, producing headaches, coma, drowsi-
ness, &c.

And, last and most important of all, if any irritat-
ing causes interfere with the operation of that great
laboratory of the Liver, behold the disastrous effects!
The bile, instead of passing into the intestines to aid
them in their movements, (for the bile is Nature's
purgative) is left to circulate in the blood; the
bowels, therefore become inactive and the carboni-
ferous bile (for carbon is the chief component
of bile) circulating in the blood is the cause
of the fevers of the system. The superabundance
of the carbon in the blood meeting with the oxygen as it
passes through the lungs is slowly consumed, and
gives out a superabundance of heat, and this is
fever.

RADWAY'S REGULATORS induce a healthy
regularity of glandular action. Costiveness or Dys-
pepsia or Indigestion, or Pain in the Side, or Liver,
or Complaint of the Kidneys will trouble you
if RADWAY'S REGULATORS are taken; and we
positively assure all who are afflicted with these dis-
tressing complaints that RADWAY'S REGULA-
TORS will cure them.

R. R. R. REMEDIES are suited to the treatment
and unaided will cure most of "the ills that flesh is
heir to." The sanguinary practice of the leech, the
cupping glass, and leeches, they entirely dispense
with, and diminish forever the pernicious use of that
heated drug, calomel.

If you be sick, we advise you to resort at once to
the R. R. R. REMEDIES, as the most prompt in their
action, the most sure and effectual of remedies.

Instances of diseases prevented, of rapid cure, and
alleviation of pain in the Kidneys will trouble you
if RADWAY'S REGULATORS are taken; and we
positively assure all who are afflicted with these dis-
tressing complaints that RADWAY'S REGULA-
TORS will cure them.

Brick Yard and 18 Acres of Land.

TO BE LET, and immediate possession given.
The above Premises, consisting of 11 Pasture
Lots in Charlotteville, Royalty, fronting 9 chains on
the Princeton Road, and adjoining the Red Lion
Inn, the business of water on which the Cloth Mill
is situated, (the Three Mile Creek) runs nearly
through the centre of it. About half the Land has
been ploughed, a part ready to stump, and the
remainder is covered with trees, reserved for shelter
and ornament. There is a small Dwelling House on
the site. It will be let altogether, or the Brick Yard will
be reserved. For further particulars, apply to
JAMES D. HASZARD.
Receivance, April 10, 1854.

Freehold Farm for Sale.

THE Subscriber offers for sale a freehold farm
of 100 Acres, situated on the Dog River, and
adjoining the Dog River, there is a new House and Barn
on the premises, a fresh water spring running through
the middle, and a Creek on the back side of the farm,
the farm is about 1/2 mile below Dog River Bridge,
and is half clear.

To be Let.

A NEW and commodious SHOP, suitable for a
GROCERY or DRAPERY STORE, with
CELLAR and Out-House room. Apply to
W. C. HOBBS.

Farm for Sale or to Let.

THE Subscriber offers for Sale or to Let, by Pri-
vate Contract, that valuable Leasehold Farm
known by the name of the Red Horse, situated in
the thriving Settlement of Bay Fortune, Township
No. 26; it contains 327 1/2 acres of Land, about 60
acres of which are cleared; there is a good spring
of water on it, about 50 yards from the road. Terms
of Lease (unexpired) 362 years; rent about 2 1/2
per acre, part of the purchase money may remain
on Security on the Farm; immediate possession given.
For further particulars, apply to
HEYMAN J. F. TERLIZZICK.
Charlotteville, March 15, 1854.

LAND FOR SALE.

FIVE Hundred acres of LAND, with a Marsh
situated, which cuts annually Forty tons of Hay,
situate on Township No. 28, head of the Hillsboro-
rough River.

To be Sold.

REAL ESTATE of the late Hon. Colonel A.
LANE, situate in Charlotteville, and its vicinity, viz:
TOWN Lots Nos. 3, 4, 5 and 6, in the Third
Hundred of Lots in Charlotteville aforesaid, and
One-twentieth part of Town Lots Nos. 67, 68, and 69,
in the Second Hundred of Lots in Charlotteville, ad-
joining the property of Daniel Hodgson, Esq., in lots
to suit purchasers.

FOR SALE.

THAT valuable plot of GROUND at the head of
the Prince Street, formerly the site of the Baptist
Church, facing the East on Easton Street, and 104
on Upper Prince Street. It is one of the most desir-
able situations in the suburbs for a gentleman's resi-
dence, or is capable of being divided into three good
building Lots. For Terms, &c. apply to
W. H. POPE.

Mile Bay.

AYER'S CHERRY PECTORAL.

For the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.
Among the numerous discoveries Science has made
in this generation to facilitate the business of life-
increases its enjoyment, and even prolong the term
of human existence, none can be named of more real
value to mankind, than this contribution of Chemistry
to the Healing Art. A vast trial of its virtues through-
out this broad country, has proven beyond a doubt, that
no medicine or combination of medicines yet known,
can so surely control and cure the numerous varieties
of pulmonary disease which have hitherto swept from
our midst thousands and thousands every year. In-
deed, there is now abundant reason to believe a Remedy
has at length been found which can be relied on,
to cure the most dangerous affections of the lungs.
Our space here will not permit us to publish any
proportion of the cures effected by its use, but we
would present the following:—and refer further en-
quiry to my American Almanac, which the agent
below named, will always be pleased to furnish free,
wherein are full particulars, and indisputable proof of
these statements.

Office of Transportation, Laurens R. R., S. C.,
Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son four years
old has just recovered from a severe attack of malig-
nant Scarlet Fever, his throat was rotten, and every
person that visited him, pronounced him a dead child.
Having used your CHERRY PECTORAL in California,
in the winter of 1850, for a severe attack of
Bronchitis, with entire success, I was induced to try
it on my little boy. I gave him a tea-spoon-ful every
three hours, commencing in the morning, and by ten
o'clock at night, I found a decided change for the
better, and after three days he was able to eat or
drink without pain.

Its use in the above named disease will save many
a child from a premature grave, and relieve the an-
xiety of many a fond parent.—For all affections of the
Throat and Lungs, I believe it the best medicine
extant. A feeling of the deepest gratitude, prompts
me in addressing you these lines,—but for your im-
portant discovery, my little boy would now have
been in another world.

I am yours, with great respect,
J. D. POWELL, Sup't. Trans. L. R. R.
Rock Hill, (Sumner Co.), N. J., July 21, 1852.
Dr. J. C. AYER.—Since your medicine has become
known here, it has a greater demand than any other
cough remedy we have ever used. It is spoken of in
terms of unmeasured praise by those who have used
it, and I know of some cases where the best they can
say of it, is not too much for the good it has done.
I take pleasure in selling it, because I know that it
is giving my customers the worth of their money.
I feel gratified in seeing the confidence it com-
pels me send me a further supply, and believe
Yours, with respect,
JOHN C. WHITLOCK.

Almost any number of certificates can be sent you,
if you wish it. Windsor, C. W., June 26, 1852.
J. C. AYER. Sir: This may certify that I have
used your CHERRY PECTORAL for upwards of one
year; and it is my sincere belief that I should have
been in my grave ere this time if it had not been
used. I am a sufferer from a dangerous affection of the lungs, and
I do not overstate my convictions when I tell you it is
a priceless remedy.

Yours very respectfully,
D. A. MCGILLIN, Attorney at Law,
Wilmington, Pa., September 28, 1850.
Dr. J. C. AYER. My dear Sir,—Your medicine
is much approved of by those who have used it here,
and its composition is such as to insure and maintain
its reputation. Invariably recommend it for pul-
monary affections, as do many of our principal physi-
cians.

I am your friend,
CHAS. STREATER, M. D.
LOWELL, MASS.

HOUSE AND LAND FOR SALE.—The Su-
perior office for Sale the House and Land op-
posite Heath Hill, East's. GEORGE HIX.
May 5.

Mountaineer.
THE BEAUTIFUL thorough-bred
STALLION Mountaineer, by
Muley Molech out of Champagne,
(the Carpenter and Lightning's
dam) by Hicsher (winner of the Derby in 1814), by
Waxy out of Patten by Buzzard, and by
Tremont out of Cythera. Muley Molech by Muley
out of Longspur's dam, by Dick Andrews out of
Spitfire.

He is a Dark Bay with Black Legs, very powerful
has fine action, and a good temper. His pedigree
is excellent, combining the most fashionable and racing
blood on the turf. Muley Molech being sire of the
celebrated Alce Hawthorne, and many other superior
Racers. Mountaineer's stock, now four years old,
are very powerful and promising, and selling at high
prices. The performance and racing capabilities of
Muley Molech, Longspur, and Alce Hawthorne,
are too strongly impressed on the minds of the racing
public to require repetition, especially the latter, who
having won about 25 Queen's Plates and Gold and
other Cups, besides many of the most valuable Stakes
and Prizes in her day.

He will stand in Town, at the Subscriber's
stables. Fees Twenty Shillings, paid in advance.
NELL MANNIS.
April 6th, 1854.

WAKWOK.
THIS celebrated Horse "WAX-
WOK," imported from Eng-
land, by the Royal Agricultural
Society in 1853, will serve for
the Season at the following places, commencing on
the 1st April.—He will stand in Charlotteville
every Saturday, and every second Wednesday, at
Mr. J. J. FRASER'S; and will travel, as far as Crapaud,
at Mr. James Bulpet's, and remain there from Tues-
day evening, until Thursday morning, once a
fortnight for the Season; thence return home; and
the remainder of the time at the Subscriber's Stables,
Old North River Road, 4 1/2 miles from Charlotteville.

This Horse stands 16 1/2 hands high, is very power-
ful, and of a handsome grey color. Terms, 15s. for
the season; the money to be paid the first time of
servicing. JOHN STOCKMAN.
