Department of the Interior Forestry Branch

News—Letter 186 C.
Groth of One of Canada's
Forest Industries

The important part that Canada's forests are to play in the reconstruction period is daily becoming more evident. This is brought out in the annual report on the pulp and paper industry for 1917 prepared co-operatively by the Forestry Branch of the Department of the Interior and the Dominion Bureau of Statistics, just issued. The value of the total product had in 1917 increased 140 per cent as compared with 1915, and while the quantity of pulpwood consumed increased not quite 50 per cent in the two years the total value of the same increased nearly 100 per cent. In 1917, 2,109,000 cords were used valued at \$18,817,000.

The total number of wage earners in the industry increased from 1915 to 1917 by about 50 per cent while the wages paid increased 96 per cent. The bulletin which covers the pulp and paper industry in detail may be had free upon application to the Dominion Statistician, Ottawa.

Future Policy Of The Canadian Patriotic Fund

Total Contributions to the
Fund up to March 31st, 1919
\$47,115,261.47—Balance of
\$8,662,941.46 on Hand

(Canadian Press)

Ottawa, April 9—A largely attended meeting of the executive committee of the Canadian Patriotic Fund was held this morning in Ottawa. As it has been intimated to the members that the future policy of the fund would be up for full discussion, a number of members were present from distant points.

Every province was represented at the meeting. His Excellency, the Governor-General, presided. His Honor Judge A. A. Macdonald, represented Prince Edward Island; the Hon. E. N. Rhodes, and Senator J. S. McLennan, represented Nova Scotia; ex-Governor Josiah Wood, Senator Thorne and Major General McLean, M. P., represented New Brunswick; Lieutenant Colonel F. F. Smith and the Hon. Senator Dandurand, represented Quebec.

The Honorary Treasurer reported that the total contributions to the 31st of March, 1919, amounted to \$47,115,261.47 that the balance in hand on the first of April was \$8,662,941.46 and that further contributions of approximately \$300,000 were regarded as collectable.

After a full and frank discussion regarding the future of the fund, it was finally agreed that the branches should be asked to continue their relief work along the present lines for another year at the end of which period it would be known definitely the extent, if any, of the funds continuing obligation.

A special sub-committee was named to arrange, if thought wise, for the investment of a portion of the funds now in hand on Government securities.

It will not be necessary for the Canadian Patriotic Fund to ask any amendment to its act of incorporation to enable the work to be continued along present lines as long as it may be necessary.

Lloyd George Will Stand By His Pledges

To Exact the Utmost Indemnity from Germany

London, April 9—(By the Associated Press)—Premier Lloyd George has addressed a message to the members of parliament saying:

"My colleagues and I mean to stand faithfully by all the pledges which we gave our constituents. We are prepared at any moment to submit to the judgment of parliament and, if necessary to the country, our efforts loyally to redeem our promises."

The Premier's message was in reply to a telegram sent to Mr. Lloyd George yesterday, signed by two hundred members of the House of Commons holding the Premier to his election pledges to exact the utmost indemnity from Germany. The movement was initiated by a group of conservative members under the belief that it would strengthen the Premier's hand at the conference.

The Big Value in
FLOUR

IN THE KITCHEN, the big event is baking day. And the important thing on baking day is to use "REGAL"—the ideal flour for bread. "REGAL" means bread of uniform texture, lasting freshness and wholesome qualities.

THE ST. LAWRENCE FLOUR MILLS CO.

MONTREAL

"WHAT GOOD IS THE ROBIN?" on the ground; the robin had had them in his beak. I held the bird up. "Now, what good is the robin?" Everybody knows the robin. A boy came along the road with a 22 rifle. saw a robin sitting there, and killed it. I went over and picked the robin up. Two cutworms were squirming hides under the soil; Mr. Robin comes hopping along, picks in there and pulls him out—and turns him to a robin. If anyone tells you that a robin will destroy one hundred cutworms in a day, take it from him that it is true."—Jack Miner at the National Conference on Game and Wildlife.—From Conservation.

"I don't think I can go, Jessie, for I just feel wretched"

"O H, I'm so sorry, for I did so want you to be there."

"I hate to disappoint you, dear, but you know how miserable I have been lately."

"Yes, but I thought you were better."

"So I am some days, and then I just seem to be as bad as ever again. I get so weak that I do not feel able to stir."

"What is the trouble?"

"The doctor says I am anaemic. He says the blood is thin and watery, and I do not get the good of the food I eat. Goodness knows I do not eat much, either, for I have no appetite."

"Why not try Dr. Chase's Nerve Food?"

"Would that help me, do you think?"

"I do not see why it should not. You remember how pale and weak I used to be. Well, it was nothing else than Dr. Chase's Nerve Food that cured me. And I am not looking as though I needed any medicine now, am I?"

"If I could only be strong and healthy

like you are, Jessie, I would give anything."

"You never will be unless you try, and I do not think you would be disappointed with Dr. Chase's Nerve Food. It is not only my case, but there are so many other girls we know who have been benefited by it."

"Will you get me a box at the drug store, Jessie, and I will start right in to-day? If this will only give me an appetite and make the blood rich and red, so that I can get some strength and color, I will be a happy girl."

Dr. Chase's Nerve Food is so gentle in action, and yet so potent as a restorative, that it is a great favorite with women of all ages. It seems to be admirably suited to the needs of their delicate nervous systems, and on this account it has come to be universally used as a means of restoring vigor and energy to a rundown, nervous system. 50 cents a box, 6 for \$2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.
