WARNING OF DANGER
Now that automobiles are again being used on the streets it might be well to issue a warning to pedestrians and drivers reminding them of the danger of serious accidents which are liable to occur unless precaution is taken. Drivers in particular are asked to do all in their power to refrain from speeding and to be cautious in turning corners.

To make a good cup of tea is not a difficult thing but how many people there are who fail in the effort. Tea should always be brewed in freshly boiled water; see the directions printed on every package of MORSE'S Tea. Be sure too that the tea you buy is MORSE'S. Ask for MORSE'S and take no other.

CAUSED MUCH REGRET
The sudden death at Montreal last Wednesday of Mr. L. S. Brown, general manager of the Atlantic region of the C.N.R., has caused much regret on the Miramichi and throughout the Maritime Provinces. Mr. Brown was a railroad man of long experience and was popular with all classes; particularly with the railway men. His death will be a distinct loss to the C.N.R.

ICE IS LOOSENING
From all appearances the ice bridge over the Miramichi River will run out much earlier this year than last. Although still holding traffic over it has been stopped for some time it being considered unsafe. The younger generation are enjoying the usual spring pleasure of fishing smelt through the ice by hook and line. Some very good catches are reported.

TAKE A LOOK AROUND
Take a look around the town any night and note the absolute necessity of a Boys' and Girls' Club. Some persons still aspire to the moral leadership of the world. Try some improvement before going abroad.

A NEW MICROBE
A new microbe has been discovered whereby 10,000 tons of waste hops can be made to yield annually half a million gallons of alcohol suitable for motor spirit. It is a British discovery and another proof of the value of chemical research.

NUMBER OF BILLS
The total number of bills introduced at the present session of the legislature may not exceed 75. Attorney General Byrne estimates that will be the number; which means that in addition to the 67 so far introduced there will not be more than eight more. And he ought to know.

HAVE TAKEN OVER WAREHOUSE
The North Shore Motors have taken over the large warehouse on the Public Wharf formerly occupied by Mr. Gordon Davidson and now have a fine commodious showroom in which to exhibit their large stock of 1924 Ford Automobiles. A car of this year Ford Models was unpacked last week and placed in their new premises.

DRIFTING SNOWSTORM
The north-east to south-east gale with snow which set in last Wednesday morning about 8:30 o'clock was one of the most violent of the season. The greatest velocity of the wind measured 48 miles an hour and was attended by a drifting snowstorm which fell 8 or 10 inches on the level.

POSITION TO SCHOOL BILL
Before the Corporation Committee of the New Brunswick Legislature on Thursday, the bill relating to Newcastle School Depentures was opposed. A delegation composed of Messrs. A. A. Davidson; K. C. Reid R. Nicholson M.D., were heard in support of the bill, and Messrs. J. A. Creaghan, B.C.L. and William Maloney in opposition to it. The bill was allowed to stand.

SEWING CIRCLE GOSSIP
There was some discussion at Sewing Circle this week about the prospect of a general election in Canada this year. The wife of the radio operator who is in close touch with world events every evening expressed the view that the idea of an election within two years was preposterous. She said she thought that the present members of parliament had no more intention of taking a chance on being defeated than she had of taking a chance on hanging from LUXOR ORIENTAL COFFEE to some other brand. Both M's P and I said she, know that when we have a good thing we ought to stick to it.

LOOK OUT MEN! IT'S COMING
Announcement is made by the Curtis Publishing Company that no tobacco advertisements will be printed henceforth in any of their publications—the Saturday Evening Post; the Ladies' Home Journal; the Country Gentleman. More than that all references to tobacco are promised elimination from stories and general communications accepted for publication.

THE WEATHER
At present one might say that the weather is on the fence between winter and spring.

UNUSUAL SIGHT
An unusual sight for Newcastle residents was seen last Saturday morning when a sheep with its lamb were at large on the streets of the town.

THE CROWS ARE HERE
The crows are again with us in large numbers. There is a good deal of argument pro and con about the economic worth of the crow. Shakespeare mentioned the bird but seems to have been not too careful of the facts when he said: "The crow doth sing as sweetly as the lark when neither is attended."

DISTRESSING ACCIDENT
While engaged last Saturday afternoon at the Car Works in Amherst N.S.; Milton Flett formerly of Nelson; N.B. but a resident of Amherst for the past twenty years met with a painful and distressing accident. He was in the act of putting a belt on a pulley when his hand became caught taking it off at the wrist. The injured man displayed much nerve by walking downstairs unassisted and was rushed to the Highland View Hospital where his injuries were attended to. The injury is most painful but the patient is resting as comfortably as is possible under the circumstances.

WHERE CREDIT IS DUE
We have offered some criticisms relative to the Default Tax List and we have no apologies to make for such. However we believe in giving credit where credit is due and in looking over the Town Blue Book we are pleased to note that the report of the Light and Water Department is an oasis. Last year a surplus was made of over \$5000 in addition to lowering the lighting rates from 25 to 50%. This speaks well for the management of this Department and we understand that an arrangement has been made to market the surplus current in the future. Such being the case 1925 should be a good year insofar as this department is concerned and the 1924 management are deserving of congratulations on their excellent work in placing this department in its present favorable condition.

MUCH LUMBER HAULED
The amount of lumber hauled through the streets of Newcastle this winter exceeds in a large degree the quantity hauled in a great many years. During the past few months Call's hill and Castle Street presented the appearance of a large lumbering operation hauling road. There is still a good quantity of lumber near the outskirts of the town.

THE CIVIC ELECTION
The names of the following citizens are rumored as aspirants in the coming civic election to be held next Tuesday the 15th inst.

For Aldermen—A. H. MacKay; H.H. Ritchie; J.D. Paulin; B.A. Somers; H.B. Cassidy; Stafford Dunn and Wm. Maloney.
No doubt before nomination day many other names will be added to the rumored list but we feel safe in predicting that when nominations close many of the above names will be eliminated.
