IT PAYS TO READ ADVERTISEMENTS

You've heard the saying, "It pays to advertise." That is true. And it also pays to read advertisements—pays *you*. If you read advertisements consistently for any length of time you will agree that this statement is also true.

It pays in money saved. There are many real bargains offered from time to time in the advertisements appearing in this paper. Watch for them.

It pays you in satisfaction. When a merchant asks you to come to his store he obligates himself to sell you quality goods "as advertised." You have a right to expect satisfaction from what you buy, and you *get it*.

It pays you in time saved. When you know exactly what you want to buy and where you want to buy it, you don't have to "look around" and waste time finding it.

Don't *you* want to save money and time? Wouldn't you like to be sure of getting satisfactory service and quality goods every time you go to a store? Then read the advertisements and patronize the stores which can serve you best.

Why? not

Seek the best. The price is the same, but the quality of our bread is superior.

Good Bread is essential to man's health.
