Whether there is a carnival or not in Goderich, George Stewart intends to manipulate his large camera for all it is worth on outside views.

He looked like a duke,  
And when they went out he went for more  
Cut out on the safe side plan.

A beautiful design! All parties wishing to purchase a piano are requested to call and examine the magnificent grand piano, now on hand in Goderich, which was made by Messrs. Bell & Co., Guelph, Ont. It is finished in a beautiful and tasteful walnut, with patent Soft Stop. Don't fail to see it Saturday this week at Geo. W. Thomson's music store.

Now that the warm weather is to hand it will pay all those who have vegetable gardens and lawns to call at Saunders & Son's and see their stock of garden hose, reels, etc. As the growing season is now upon us, the housewives of the neighborhood will do well to examine our preserving kettles which have been well thought and will be sold cheap at the cheapest house on the sun.

Several recitations and dialogues were rendered by the young members of the church, and a band was also a pleasing feature of the evening. Mr J. E. Harvey, whose death by drowning on Monday afternoon last gave so painful a shock to all that knew him. We wish to bear testimony to his many excellent qualities of head and heart, which enabled him, though but a short time in attendance at the school, to make unusually rapid and satisfactory progress in his studies, and to gain the good will, esteem, and even affection of all with whom he was brought much into contact. We desire to express our respectful and heartfelt sympathy with his sorrowing parents and other relatives, and we earnestly hope and pray that our loving and merciful Heavenly Father, who in his mysterious but all-wise Providence has seen fit to take Mr Harvey thus suddenly from among us, will in his infinite compassion comfort and sustain those to whom He has sent this sore bereavement. That a copy of this resolution be sent by the head master to the father of the deceased, and also one to Mr E. E. Harvey, his brother, who attended this school last year."

Tom occupied the chair in a very able manner, and gave the boys some good advice, and also complimented Mr Stewart for the efforts he was putting forth to make the corps a successful organization.

THE WEST HURON FARMERS' INSTITUTE met in the village of Londonboro' on the 25th of June, and had a very profitable meeting. The forenoon was taken up in discussing the best methods of eradicating noxious weeds. In the afternoon Mr John McMillan, M.P., spoke on the extripation of the Canadian thistle, and gave a general outline of successful farming. Mr John Kerrin read an able and instructive paper on "Farm Yard Manure," its importance, production, management and application. A very profitable discussion followed the reading of this paper. Between the speeches Mr C. Lawrance treated the meeting to some very sweet music on the harmonica. The evening session consisted of music, vocal and instrumental, in which Mr C. Lawrance figured prominently with his harmonica. He was earnestly hoped and prayed that the authorities of the O. A. C. and Experimental farm to prepare a bulletin on the subject of noxious weeds, their appearance, nature, and the best mode of eradication, to be illustrated by cuts with a plain description of each plant so as to make them easily recognizable, to be printed in sufficient quantities and furnished to the secretaries to be by them distributed to the farmers in their respective institutes.

A lacrosse match was played at Seaforth on Thursday last week between the Goderich Juniors and the Seaforth Juniors, resulting in favor of Seaforth by a score of 3 to 1.

A lacrosse match was played here on Dominion Day between the Juniors of Goderich and the Juniors of Clinton, which resulted in favor of the former club by three straight games. This is the only time that Goderich up any day, at least, so the Clinton News Era said.

This is the time of year when all who can afford to do so throw the cares of business to the bowwows and go in for relaxation at the seaside summer resort or the quiet rural retreat. But it happens unfortunately that most of us can't spare time to go even to the rural retreat.

A GOOD SAMARITAN.—Mrs McWhinney, of Bruce township, about one year afflicted with paralysis, cured by McLeod's System Renovator and Euphemia M. McLennan's Linctant, under an acquaintance, last Sunday week, who was similarly afflicted for over two years. Mr Solomon Russell was so elated that he, accompanied by his son, left home about midnight, arriving in Goderich the following evening. Highly pleased with the substantial fare and the extreme kindness extended to him by the Colborne Home proprietors, returned home next day in good shape, with his supply of the above named medicines. Moral: Go thou and do likewise.

OBITUARY.—Richard Bridget, a bright, intelligent young Goderich man, died in Bay City, on Thursday, June 26th, after an illness of nearly three weeks. On the 7th of June he was first seized of his illness, and after being laid up about two weeks showed signs of improvement, and hopes were entertained of his speedy recovery. In fact so satisfactory were the indications that he wrote to his mother that he was on the mend, and would shortly resume work, and that she need experience no anxiety on his behalf. On Tuesday, June 25th, however, he was seized with alarming symptoms, which quickly developed into peritonitis, and at once his relatives were telegraphed for. His brother Henry, who was in Goderich, started for Bay City, and John, the elder brother, proceeded from his present residence, Marquette, to be at the bedside of their dying brother, but before they reached Bay City his spare time had, "Dick," as he was familiarly called, was a steering young man, and his equal for integrity would be hard to find. He preserved his time to the printing business in the office of THE SIGNAL, and was an expert and conscientious workman. With an intelligence above the average, there was no position in his chosen calling that he would not in time have filled had his life been spared. His funeral took place from the residence of his parents, Newgate St., on Sunday last, and was largely attended.

## THE TURF CLUB MEETING.

A successful series of Races on Dominion Day.

Dominion Day races at Goderich, as was to be expected, were a grand success. At least, 2,000 people must have been on the grounds. The races were all well contested, and barring a suspicion that Hetherington, the driver of Corn Cracker, was trying to let Daisy L. win in the 3 min. race, which caused his removal from the sulky by the judges, the whole afternoon's program was pushed through in splendid order.

The heavy rain after two heats in the 3 min. and one heat in the 2.40 races had been decided, delayed matters for about half an hour and made the track very slippery, and slow for the rest of the day. The performance of Amber L. in the free-for-all, deserves special mention, as it is seldom that a horse is seen to fight out as hard a finish in every heat as he did notwithstanding that he is in showing condition. His defeat, and the fact that the time was no faster is no criterion of the speed of any of the horses in that race as the track was fully eight seconds slow after the rain.

The judges were Thos Bell, of Wingham, Thos Sharp, of Seaforth, and W. A. Colborne, of Goderich; timers Wm Lee and John Knox, Goderich.

## COMMUNICATIONS.

We do not hold ourselves responsible for the opinions of our Correspondents. Contributors to this department must confine themselves to public questions, and be brief.

About Fire Insurance.

To the Editor of THE SIGNAL.

DEAR SIR,—The following is a copy of a letter reclassification for a higher grade for insurance purposes, thereby lowering the rate of insurance. One of the arguments used at the various meetings in connection with the work, was that the decreased insurance would go a long way towards the extra tax necessary to build the works, and I and others would like to know wherefore the necessary measures are not taken to produce the result wanted.

DEAR SIR,—The classification of Goderich rates must be written at the old rates until you are satisfied that a new classification has been made. The delay is owing to Goderich not yet having complied with the requirements of A. C. classification, especially in the matter of hose. Just as soon as the conditions are complied with you shall be notified of the change.

V. R. McLEAN.

Instead of voting for fireworks would it not be more in the interest of the town if the councillors would turn their attention to the legitimate business thereof.

C. CRABBE.

God's Promised Care.

The moon which sheds the silvery light,  
The stars which twinkle wherefore,  
The sun which in the morning bright  
Peeps o'er the Eastern hills,

And sheds the glorious light all day  
As bright as the moon that rays  
Which cheers the traveller on his way  
When night is coming—

All are made by God's own hand,  
As bright as any that there are,  
Who guides the great triumphant band  
Far up in Heaven above.

Mansions for us He will prepare  
As bright as any that there are,  
And guide us past the tempter's snare  
By His redeeming love.

If we but trust in his dear word  
Which from the Bible of we've heard  
And by His mercy side be stirred  
To follow where He leads.—SILA

The Chicago and Grand Trunk gives notice of a rate of 27 cents per 100 lbs. on condensed beef from Chicago to Boston. The rate on the other lines is 30 cents per 100 lbs.

Certificates of honorable service will be issued to those telegraph operators, or to the representatives of those dead, who served under military orders during the American civil war.

Seven hundred and fifty dock laborers in Chicago and 800 men employed at the Fishback Rolling Mills of the Pottsville, Pa., Iron and Steel Company are on strike for more wages.

Rev Father Mollinger, the faith curist, is lying at the point of death at Pittsburgh, Pa., and will not likely recover. He attended 10,000 people on St Anthony's Day, but the strain was too much for him, and he broke down the next day.

At the late vestry meeting of Christ church, Wingham, a resolution was unanimously adopted to ask the Bishop of this diocese to appoint Rev Mr Hughes, Listowel, to the Wingham rectory, which was made vacant last Sunday, on account of Rev Mr Moorhouse's resignation. The bishop, it is since learned, has consented and conveyed to Rev Mr Hughes the resolution of the Wingham vestry meeting.

## LEEBCURN.

From our own correspondent.

Haying commences this week.

Mrs James Stewart, of Saltford, with Miss Lawson, of Dunlop, were collecting last week in aid of the Woman's Missionary Society of the Presbyterian church of Canada, and were very successful.

At the close of the Sunday school last Sunday Peter Stuart, who has for several years assisted in Sunday school work, and has taught for the past nine months, as successor to Miss Horton, the class left without a teacher by her removal to Stratford, came forward and bade his fellow-workers and scholars farewell in a few well-chosen remarks, speaking of the benefit it had been to him to be a worker in the school, and stating that when he is settled in his new home, Dakota, he intends to resume work in the Sunday school. The superintendent, A. C. McDonald, on behalf of the school, thanked him for his services and his ever ready willingness to volunteer his services. In him we lose a pains taking teacher and councillor at the Sunday school board.

Improvements in the building line are being made by J. G. Clutton and James Taylor, the Dunlop architect doing the work. W. Morris and son John are putting up a new stable for S. Laidlaw. T. Kelly has lately erected a new house, and it is surmised that he intends adding himself to the benedictos.

M. Dixon, of Brucefield, with his sister Ellen, visited friends and relatives here this week.

G. H. Clutton, of Stratford, spent Sunday here with relatives.

Statute labor was done here last week on several boats. The lower part of Butternt Road received some grand repairs in which the shovels of the tall laird and a junior bachelor, the latter just starting back not far from the lake bank, were in ceaseless motion, making the road smooth for the gentle foot steps of the fair sex, who tread on it at times to gaze on the waters of old Huron.

Mr Rums and his bride gave relatives here a flying visit from the Queen City, their home at the present time.

Mr and Mrs W. Hiller, formerly pioneer residents of this place, after an absence of 11 years are visiting old scenes in this section. Before returning to their home in Sault Ste. Marie they will visit in Grey township and Woodstock.

Communion on Sunday here; preparatory services at 2 p.m., Saturday. In consequence of the illness of Rev Dr Ure, Rev J. A. Anderson was unable to be present, and his place was filled by Captain Gibbon. The good seaman gave an able address and at the close gave an interesting account of his trip to the Northwest last year, giving a pleasing account of his holding a meeting of praise on the train upward to his destination. The joke given to him by hearing a brother passenger humming a familiar hymn tune to start it and was a grand success.

DUNCANNON.

From our own correspondent.

The late Mrs Reid, of the township of Ashfield, departed this life on Wednesday the 25th. Her remains were interred in the Duncannon cemetery, on the 27th, and were followed thither by a very large concourse of relatives and friends, also neighbors. The veteran old lady was much esteemed by all who knew her. The bereaved family have the sincere sympathy of the community. Quite a number of our citizens and persons from the surrounding country went to the funeral to celebrate Dominion Day.

Duncannon is still keeping pace with the progress of the times. Messrs J. S. Crawford, T. Case, M. D., Jas Walker, respectively, president, engineer and superintendent of public works here, are proving themselves quite efficient in their respective positions and side walks are being constructed in every available part of our hamlet.

Those of our citizens who did not find it convenient to take in the sights at the county town on Dominion Day, wended their way to the Fort, and enjoyed themselves in picnical exercises, etc., etc. Our Dominion, by reason of another 1st July being numbered with the past occasions, is a year older.

The weather is still favorable to growth of the crops.

The Duncannonites who are students at the high school, Goderich, are nesting under the parental roof for vacation term.

Mrs G. Howell, of DesMonnies, State of Iowa, U.S., and two children, are visiting Mrs Case, wife of T. Case, M.D., of this village. They are enjoying themselves, taking in the sights in our progressive village and vicinity.

A grand intellectual and physical entertainment, under the auspices of the Y.P.S. in connection with the Methodist church here, will be held on Tuesday, July 8th, in Mr A. Pentland's beautiful lawn, West Wawanosh, at 6 p.m. The entertainment will consist of a strawberry and ice cream festival, instrumental and vocal music, dialogues, recitations, etc. A good time is expected.

Mr Will Malloch, of Clinton, is now about to be out after a long confinement.

Miss L. Beasley, of Clinton, leaves in a few days to visit a brother at Moorjaw, N. W. T.
