W.M.S. Branch Meeting

The Twenty-fifth Annual Meeting of the Nova Scotia and Newfoundland Branch of the Woman's Missionary Society was held in the beautiful town of New Glasgow, N.S. from May 30th to June 1st. Among the sixty delegates present, the following represented Newfoundland:—

Mrs. Eugene Lindsay, 3rd Vice-President (for last year).

Mrs. (Dr.) Curtis, Superintendent of St. John's District.

Mrs. (Dr.) Tait, Mrs. J. W. Taylor and Mrs. John Maddock, delegates from Gower Street, George Street, and Carbonear, respectively.

The total income of this Branch of the W. M. S. for the year was \$9,338.88. Of this sum St. John's District contributed \$2,259.94, and the Carbonear and Northern District (Mrs. Paine, Organizer, with Mrs. D. P. Osmond, assistant) the sum of \$1,024.61, making a total for Newfoundland of \$3,284.55. Mrs. J. W. Smith, who has been the efficient President for a number of years, is removing to England, but was elected last Vice-President. Mrs. Chittick, (formerly well-known in St. John's as Miss Higgins, an enthusiastic temperance lecturer) is now President of the Nova Scotia and Newfoundland Branch, and Mrs. (Rev.) J. W. Bartlett has the honor of being appointed Vice-President for Newfoundland during the coming year. Miss G. Parsons was re-appointed Assistant Band Secretary, and Mrs. (Rev.) Paine and Mrs. Curtis were re-appointed as District Superintendents for Carbonear and Northern, and St. John's, respectively.

Portia's Banking News

By the Portia we learn that the Dove, F. Hollet of Berlin, arrived there Saturday with 750 qtls, taken outside the Whale Deep. The Alameda, J. Hollett and Gordon W. W. Hollett, also arrived with 1000 and 1100 qtls, respectively. The latter landed 400 and will likely fill up this trip. The vessels report fine weather on the Banks the past 16 days and fish plentiful. The Hispaniola, Capt. J. Lewis, has 1000 qtls, the Stella B., owned by Jno. Rose of Jersey Hr., 850 qtls., and the Velloria of Belloram, 1,100 qtls., in addition to 950 taken at Rose Blanche, which gives her 2,050 qtls. to date which is excellent work. None of the Grand Bank vessels have arrived lately but all are doing poorly.

Wins Death Fight With Huge Python

Owner, Wrapped in Tightening Folds, Breaks Reptile's Neck.

Dallas, Texas, May 29.—E. W. Copley saved himself from death in the folds of a python to-day by breaking the snake's neck. The snake was sixteen feet long, weighing 250 lbs., and was angry. Copley had had the snake on exhibition in the museum and took it to his home to give it fresh air. The owner and an assistant started to carry the reptile away on a blanket. The assistant stumbled, wrapped itself around Copley's legs and was preparing to throw its coils around the man's body when Copley seized the snake's head above the jaws, snapped it suddenly backward and broke its neck.

NATURAL HISTORY SOCIETY.

It is hoped there will be a large attendance at the meeting to-night in the Board of Trade Rooms at 8 o'clock. Messrs. Ray and Garlock are to give addresses, and excursions may be arranged.—June 6, 11

Teamsters Gone Back.

Mr. Lester's men at the stables, Hamilton Street, turned out on strike last evening and left their teams at the stables, demanding an increase of wages. They have been receiving \$7.20 and asked for \$8 a week. Mr. Lester offered to meet them with an offer of \$7.50. His objection to giving them \$8 all round is that there are a number of boys on the teaming staff who he considers worth only \$1 a day. The men held out this morning and the coal dealers were approached and requested to raise the price of coal in order that Mr. Lester would be able to afford to give the wages asked. Messrs. Harvey & Co., Morley and Mulhally & Co., refused to raise the price of coal and said that such a proposal was out of the question. They absolutely refused to do so. At noon nearly all Lester's men went back and took the \$7.50 offer.

NEW WHALER ARRIVES.

The new whaler Cachetol, Capt. Amundsen, arrived here from Christiansia, Norway, at 4 a.m. to-day. She left there on May 20th, and put into Stornaway for coal, leaving again on the 26th of the same month. She had a very stormy trip from Christiansia to Stornaway and proved herself a splendid sea boat. From that here she had variable weather and made a very good run. She is a splendid little ship, possessing the most modern arrangements for the whaling voyage. Is of the same tonnage as the former Cachetol but has a far stronger hull. Her cabin and forecastle are very nicely fitted up, and she is undoubtedly the finest boat prosecuting the fishery here. She leaves here three days hence for Hawk's Harbor, Labrador, to take up the voyage. Whales are reported plentiful in the Straits.

ATTEMPTED SUICIDE.

John Whelan, 25 years old, West End, went out on the R. N. Co. Dock yesterday evening evidently with the intention of drowning himself. He was acting so strangely that he attracted the attention of Mr. James Hughes the watchman, who ran after him, and handcuffed as he was physically, having only one arm, he struggled with his man and a fierce struggle ensued at the edge of the dock. The maniac made a desperate attempt to jump into the water and carry his rescuer with him. Hughes felt a stone of 10 lbs. weight in Whelan's pocket, proving beyond doubt that he was attempting to end his life. His cries brought others to the spot and helped to throw Whelan off the premises when two policemen came along and took him home.

Harbor Grace Notes.

Among the visitors to the Cochrane House last week were Mr. J. Burke, of Bell Island; Messrs. Bishop (2), of Port de Grave; Mr. M. Ryan, of St. John's, and Mr. J. J. Murphy, Carbonear. The visitors and the general public are pleased to know that Mrs. Farrell, the proprietress of this popular resort, is now fully recovered from her recent serious attack of illness.

The schr. Procyon, Capt. T. Noseworthy, sailed at noon on Saturday for Labrador, taking the crews of Mr. R. S. Munn for Sandy Islands. Mrs. R. S. Munn and two children went to the coast by the Procyon.

Saturday being the King's Birthday the lads of the C. C. C. met at their armory at 4 p.m., and, forming in line, took a turn around town in honor of the event. At 7 o'clock the British band, as is their regular custom, paraded the streets, playing lively airs. We are requested by the Band Secretary, Mr. R. Brazil, to thank Mr. R. J. James of the H. G. B. & S. Factory for a treat of cigars given the bandmen when they returned to the hall. His thoughtfulness was highly appreciated.

Baby boys were born last week on Sunday to Mr. and Mrs. John French, and on Tuesday to Constable and Mrs. Grouchy.

The old Grammar School on Harvey Street has been taken down and sold to people desiring cheap lumber for building purposes. The range on Water Street, known as "Higgins Range," will be demolished shortly, it having been recently sold. We hope to see some fine buildings going up there in the near future. The site is a beautiful one and cannot remain vacant long.

Skin Like Velvet.

Is greatly to be desired and is very attractive. There is one sure way of making your skin like velvet, and that is by using Snow Cream. It is neither sticky nor greasy, and the general verdict is "it makes your skin like velvet." W. T. COURTNEY, the Prescription Pharmacy, corner Duckworth and Prescott Streets, sells the Cream at 25c. per bot.—1f.

A short time on Saturday. The genial captain gave us a hint of a very interesting bit of information which we will give the Telegram readers in due time.

The teachers of the different Sunday schools of this town are to hold a meeting at Victoria Street School on Tuesday night to make some arrangements for the part the children are to take in the Coronation festivities. A public meeting will be held in the Public Building the same night to form committees and make other arrangements for the celebration. We trust our citizens will enter heartily into the whole affair and make the celebration worthy of the occasion.

Fish, salmon and herring were offered for sale about town to-day, the salmon selling for 15 cents per pound, which is rather too high for the common purse, but of course not too much for the fishermen, who have to endure the cold and hardship of attending to their nets and securing them.

A number of men who were working at concrete work on the new public building left work last week, preferring to take the risk at Labrador to working hard for 10 hours a day.

Dear Sir,—The improvements made from time to time in the city and suburbs are well worthy of notice, particularly when unsightly and unhealthy plots of vacant land are cultivated and converted into miniature parks. The proprietor of the swamp, known as Cole's, situate opposite Mount Carmel Cemetery, is making most praiseworthy efforts to beautify the land. For years past this place has been an eyesore to citizens who frequent Quidi Vidi Road during summer time, and more especially during Rosetta Day, and the tourists who usually take a carriage drive around the beautiful Quidi Vidi Lake. Now I am pleased to say that the whole aspect of the place is changed through hard and meritorious work. Within one month of this date the spot will have become one of the prettiest landscapes in the vicinity. Last evening Mr. Robert Cole, the proprietor, could be seen putting the final touches to these improvements. Last week he sowed the field with hayseed and oats and rolled them in last evening. These improvements have cost him years of labor and much money; but with indomitable spirit, grit and perseverance, Mr. Cole has succeeded in making vast improvements. He intends to continue this good work and plant hundreds of native trees along the roadside. I am positive our citizens will appreciate Mr. Cole's efforts. Mr. Cole informed me this evening that it took over three thousand loads of debris, lime and sand to fill in this two acre swamp, and now that he has done so much in making this popular roadside pleasing to the eye, and making the vicinity more healthy, I am of opinion that the Municipal Council should at least lend a helping hand in keeping the public road and sidewalk in repair. Both are greatly in need of such attention.

Yours truly,

You can get a Dainty Blouse and still have part of your dollar left. Fix your mind firmly on our Store before you leave your home to buy.

League Football

FIRST MATCH WON BY CASUALS

BY 3 GOALS TO B.I.S. 1.

Interest in the game of football is increasing as the years pass, and no better evidence of this was wanted when at the initial game of the League series last evening the Casuals and B. I. S. drew a big audience, the grand stand and margin of the arena on St. George's Field being crowded with enthusiastic spectators. Though the evening was bright the wind was piercing cold, and the many spectators who had not sense enough to wear overcoats found a seat on the stand anything but a comfortable position. The teams were well matched, and the B. I. S. played all new men except Nix Vinnicombe and Stapleton. The Casuals proved to be skilful as well as fast players and will make a close bid for championship honors this season if they observe the pace set in their first match. The B. I. S. seem to lack practice but are a hard crowd, and if this defect is overcome they may hold a good position when the final reckoning comes. The teams lined up: Casuals—Goal, Foster; backs, McPherson, Bowring; halves, Brown, Fraser, Miller; forwards, Cunningham, Dick, Lumsden, Shortall and Heath.

B. I. S.—Goal, S. Cullen; backs, Stapleton, Cantwell; halves, English, Vinnicombe, Doyle; forwards, Campbell, Duffy, Keating, Buckingham and Murphy.

The teams were on the ground on time, the Irish defending the western goal with the sun and a slight breeze in their favor, and the referee's whistle was the signal for the ball to be put in motion at 7.05. The boys in green and gold became aggressive at the start and after three minutes' play visited Foster, but without result, the sphere going back; and each team shortly afterwards were in each other's territory but without result. Hands and a foul were recorded against the Casuals, after which Cunningham got the ball up the right wing, making a good dash up field, and sending it across the goal mouth to Lumsden, who played a brilliant game, he banged it into the twice just 12 minutes after play began, scoring "first blood" for the Casuals, the fans making the air vibrant with their applause. The "harris" now showed their mettle and for quite a while kept their opponents busy in trying to keep them from scoring. Off-sides and hands were recorded against them and both sides played a swift game. Cullen barely saved a couple of "hot uns" sent into him, when Duffy retaliated and Foster was called on twice but saved well. Doyle now worked the ball down on the wing, when Duffy, getting control, sent in the equalizer for the B. I. S. just 25 minutes after the start of play. The Casuals now bucked up in fine style and soon after secured a corner. This was nicely placed and headed into the net by Cunningham, scoring No. 2 for the Casuals. The Irish again got the leather down field and Duffy made a good shot, but the ball rebounded from the goal post. Shortly after the half time whistle blew and the teams reversed—B.I.S. 1; Casuals, 2.

After a breathing spell the teams were again hard at it, and in a couple of minutes Cunningham adroitly passed to Lumsden, who beat Cullen a third time amidst prolonged applause. This was the last goal scored by either team, both of which worked hard. Good play was a feature of the game and the fight closed with a victory for the Casuals by 3 goals to 1. Mr. W. J. Higgins refereed the game in his usual able and impartial manner, and the linesmen were Messrs. W. Cullen and J. Renzie.
