Minimise The Loss.

Practically farmers may easily minimise the loss, due to a backward and cold season, by the judicious use of Sulphate of Ammonia as a fertilizer.

Sulphate of Ammonia contains over 20 per cent of nitrogen, as against 15 per cent in Nitrate of Soda, and is therefore more than 25 per cent better than nitrate of soda as a means of quickening and increasing the growth of crops.

The use of Sulphate of Ammonia has increased enormously of late years, and it is recognized to be the most valuable fertilizer obtainable. By its judicious use the production of root crops per acre may be doubled, and the growth of late crops stimulated.

We invite the attention of Farmers to our special pamphlet on the best methods of using Sulphate, copies of which will be forwarded free to any address on application.

The price of Sulphate is moderate and our terms are accommodating.

Emanuel Pike Nails an Utter Falsehood.

Special to Evening Telegram.

CHANNEL, Yesterday.

Allow me space in your valuable paper to contradict a falsehood which appeared in the Evening Herald of Oct. 14th, 1913, stating that the meeting held by C. T. James, the Liberal candidate, in the Orange Hall at Channel, on Saturday, Oct. 11th, was cheered for Morris Now, sir, I beg to inform the general public of Newfoundland that the statement referred to is one of the greatest falsehoods that was ever sent to a press. The building was packed and the Liberal candidate was applauded throughout the meeting by ninety-five per cent of the audience. Sir E. P. Morris's name was only mentioned by the Liberal candidate when he referred to the extravagance of the Morris Government and their failing to fulfill their promises to the fishermen during the five years they have been in power. I now challenge the falsifier that wrote such a falsehood to the Herald to come out under his own signature and deny the statement made by me. The Liberal candidate have held meetings at Cape Ray, Isle aux Basques, Burin, St. John's and Channel, and have had great receptions in every place and was nominated at Channel on Monday, Oct. 12th, before leaving by Glencoe on Monday night for the eastern end of the district to finish his campaign. On referring to Mr. Arthur Miller, what he said at the meeting on October 13th, was correct and to the point, and Mr. Miller was well cheered by the audience. Now, sir, the man that wrote such a falsehood to the Herald about the meeting of Saturday night is well known, as he was seen taking notes during the meeting, and any man capable of sending such falsehoods to the press as appeared in the Herald re Saturday night's meeting at Port aux Basques, should be afraid to live where Liberalism is so strong, as it is in this district at present.

Lewis & Carter for Hr. Main.

Special to The Evening Telegram.

HOLYROOD, Last night.

Capt. Lewis and colleague, Mr. Leo Carter, a brilliant young lawyer, with a future full of promise, arrived here last night. They were met at the station by a concourse of committee men and escorted to the home of the gallant captain where all arrangements for the coming campaign were discussed and decided. Captain Lewis, personally, canvassed the lower parts of the South Shore yesterday and everywhere welcomed right royally. He visited parts of the northern end Sunday and found an overwhelming change in favour of the Liberal cause. Excluding the Government officials, Woodford's heels and the inhabitants, the great mass of the voters of the District will cast their vote for Lewis and Carter, the Liberal candidates. For Lewis, the Beesman's friend, has proved himself of sterling character, incorruptible, straightforward and honest. They are leaving for the north end of the District to-day and will canvass that section for the next few days. At the present outlook the prospects for the return of the two Liberal candidates are most assuring for.

Dumb Send-Off

Editor The Evening Telegram.

Dear Mr. Editor.—The Tory candidates, Howley, Higgins and Bartlett, who were over here since Saturday last, crossed the tinkle to Portugal Cove last evening on their way to town. All day yesterday and the day previous, while Howley was engaged in a mix-up with some of his feathered tribe and Bartlett was making an ovation on how he built de barge, Higgins was going around looking for fellows (footballers of course) to give them a right royal send off. This request was promised, but when the eleven had arrived and the steamer was ready to cross the tinkle, Wiggles' friends did not cheer him. Indeed, it was a dumb send off. But that will be nothing to the send off they'll get on Oct. 30th. Bell Island is a snit for Kent, Dwyer and Ryan and the Liberal Party. The people there have no use for TURBANS and are not going to vote for them. Thanking you for space, Mr. Editor.

I remain,

Fish at Aquaforte.

Codfish were plentiful at Aquaforte on Monday. A man named George Craft secured 3 quintals of large fish on squid bait. He has been fishing the whole season, and was the only one from Aquaforte on the fish-grounds that day, the others, having abandoned the voyage owing to lack of bait.

Your Duty.

Nothing to do with the Custom House, good friend. Its only reference just now is to yourself. Let us suppose that you are a man of family with sufficient of the world's goods to keep them in comfort. Very well. You did not reach this satisfactory state of affairs without care and labour—few men do. Suppose you are awakened some night with shouts of alarm ringing in your ears. Too late then to talk of prudence; too late then to say: "If I had only, etc., etc." That "if" means too much to many forgetful people. Is it not always the duty of a self-respecting citizen to protect his home and thus provide for those within it. Is it any more than his duty to those depending on him to protect them as far as possible? Can you call your property your own when it is not insured? The answer to this argument is to carry insurance with Percie Johnson's agency, the most popular office in Newfoundland and the least expensive.
