## "Calcitine."

"CALCITINE" is a hard-drying Sanitary Water Paint, for interiors, manufactured especially for those who do not care to spend a great deal on the treatment of their walls, and who, therefore, prefer simplicity in decoration to more elaborate schemes.  
The disadvantages of wall papers are obvious. The effect of the prettiest and most carefully furnished room is often entirely spoiled by a background of dirty wall paper, in many cases peeling off through damp, while the health of its inmates may be actually impaired through their preference for such decoration. If exposed to the light, wall paper soon fades. "CALCITINE," in the majority of colors, never fades, and lasts for years. Thanks to its antiseptic quality, "CALCITINE" prevents colds, influenza and many other infectious complaints, killing of many microbes which may lodge on the wall. "CALCITINE" is made in a powder which only requires mixing of cold water, and which, while not rubbing on the clothes, can be removed with water if desired.  
It is only intended for interior decoration. 14 lbs. of "CALCITINE" will cover up to 150 square yards of surface, while the same quantity of any ordinary Washable Distemper covers little more than half that area.  
"CALCITINE" is admirably adapted for plain or decorative work, not only in private houses, but also in churches, chapels, shops, factories, schools, hospitals and public buildings of every description, affording a beautifully smooth, velvety eating. The 65 shades in which "CALCITINE" is manufactured lend themselves to the most charming and striking effects.  
"CALCITINE" is equally suitable for new or old work, does not blister or flake, and will not rub off. One coat is sufficient. It can be used with equal success by amateurs as by experienced workmen.

All Colours in Stock, 7c. a pound.

Drop in and see the new styles.

**PARKER & MONROE, Ltd.**  
The Shoe Men.

### Evening Gowns at Reduced Prices!

While many of the larger social functions are—on account of the war—conspicuous by their absence this season, there are, never-the-less many smaller affairs which take place where a really smart gown is not only admissible, but really necessary.

¶ We are offering a limited number only of Evening and At-home Gowns and Blouses, in combinations of Silk and Net, Satin and Lace, Charmeuse, Ninon, Voile, etc.—in very beautiful designs and in different sizes. These Gowns and Blouses are copies of French and American models, and, owing to the depression in trade, are to be sold at heavy reductions.

¶ This week presents an excellent chance for you to purchase a dainty Evening Gown for the coming Easter festivities at actual cost.
