TOWN AND COUNTY NEWS.

Mr. Wm. Nimmons, formerly of Elora,
has received \$513 compensation from the
Government of Manitoba for the time he
was incarcerated by Riel during the Red
River troubles.

The New Baptist Church.—We would
remind our readers that the foundation
stone of the new Baptist Church will be
laid with accompanying ceremony to-morrow
at 2 p.m.

Fire in Orangeville.—A barn belong-
ing to Rev. Mr. McKay, Orangeville, was
burned down on Tuesday last. No in-
surance. His furniture was greatly dan-
gered in its removal from the dwelling and
several articles were lost.

Great Bargains.—We would draw at-
tention to the great bargains in wall
papers, albums, books, stationery, &c., at
P. C. Allan's. He is giving away goods
at any price they will fetch. Those who
want bargains had better go in time.

Great Auction Sale of Groceries, Dry
Goods, &c.—We call attention to the
great auction sale of groceries, &c., to
commence to-night at the store of T. H.
Taylor & Co., Market Square. Mr. Tay-
lor having accepted a very advantageous
offer to travel for a first-class Montreal
House, is obliged to give up business, and
will sell off everything in the store at
what they will bring. We are sorry to
lose Mr. Taylor from the list of our busi-
ness men, but are glad to learn that he
will still make Guelph his home.

The Late Mr. Hepburn.—We find in
the Ottawa Reflector the following in
reference to the late Mr. John Hepburn,
father Mr. W. D. Hepburn, of Guelph,
whose death we chronicled last week:—
In 1832 he came to Canada, and arriving
in Whiteby, he purchased 100 acres close
to where Brooklin has since been built;
but finding it inconvenient for roads, and
deficient in water, he sold out, and in the
spring of 1831 his family having joined
him the previous summer—he removed
again into the bush to the place where he
continued to reside till his death. His
partner passed to his reward a little more
than two years before him. Their fam-
ily, consisting of five sons and four
daughters, all survive, and, in Australia,
the United States and Canada, occupy
respectable positions in society. Mr.
Hepburn was for a number of years an
Elder in the United Presbyterian Church,
was noted for his independence of spirit
and integrity of character, was respected
by all who knew him, and beloved in his
own family circle.

Sabbath School Festival in Rockwood.

A very pleasant and profitable evening
was spent by all who attended the
Festival, held in the Town Hall, Rock-
wood, on Tuesday evening last, by the
teachers and scholars of the Canada
Presbyterian Sabbath School. The Hall
was decorated for the occasion. On the
front of the platform a handsome arch
was constructed with evergreens, with
the motto "The Sabbath is the Lord's," giv-
ing a pleasing variety to the occasion.
The entertainment began by the School
singing a hymn, followed by a few re-
marks by the Superintendent. Addresses
from the Revs. Mr. Stewart and Reeve,
and Mr. Thomas Harris, Superintendent
of the Friends Sabbath School; music by
Miss Clark, Miss C. Strange, Miss M.
Russell, Miss Black and Miss McCarthy;
songs by Messrs. R. Nelson, G. Williams,
Messrs. M. and E. Michie, S. Curtis, E.
Strang, H. McCarthy, C. Mitchell,
dialogues by Messrs. E. and M. Michie, A.
Hogg, E. M. McKee, Messrs. W. Black,
R. Nelson, G. Williams. A number of
recitations were rendered by the scholars
of the school. A reading from Mr. Fitz-
simmons was left out on account of the
late hour. Fruit was served
during intermission; the young folks
heartily enjoying the fun of exploding
all satisfied with the pleasant manner
the evening was spent.—Cor.

THE LATEST ON THE ALABAMA QUESTION.

WASHINGTON, May 5.—There is no
change in the position of the Alabama
question which the recent semi-official
publication in which it was said the claims
for indirect damages have not been, and
would not be withdrawn. This govern-
ment has not in its statement or counter-
statement asked the tribunal of Arbitrators
to draw any distinction between the two
classes of claims for direct and indirect
damages, but both have been sub-
mitted together in the hope the tribunal
will exercise the power conferred upon
it to award a sum in gross, to be paid by
Great Britain to the United States. The
suggestion that we would not ask for any
special consideration for indirect damages,
provided Great Britain would not claim
compensation for similar injuries under
like circumstances, was discussed by
prominent men of both countries, before
the intimation was made to Great Britain
that we would accept it as an easy and
satisfactory solution of the present diffi-
culty; but it appears, from conversation
in prominent circles, that Great Britain
does not deem it necessary to officially
make the declaration, or to enter into
such a stipulation, for the reason that
she never admitted the principle of claims
for indirect damages as between nations,
and adheres to her position on the
question as heretofore expressed.

Local and Other Items.

HURRICANE AT ZANZIBAR.—Advices from
Zanzibar to the 15th April state that the
island had been visited by a terrible hur-
ricane, and 150 vessels of all classes were
sunk or stranded on the coast. The town
of Zanzibar was very badly damaged and
the loss was estimated at \$10,000,000.

Sudden Death.—Mr. William Smoke, a
farmer and old resident of East Flamboro,
died suddenly on Saturday of congested
of the brain, while sowing seed in one
of his fields. A coroner's inquest was
held by Dr. Skinner, and a verdict re-
turned in accordance with the medical testi-
mony.

The Manitoba Volunteers.—The term
of service of the men in the Volunteer
Companies expired on the 1st inst., and
most of them are now taking their dis-
charges. They are afforded the opportunity
of re-enlisting, but very few are doing so,
and only a small number propose returning
to their homes in Quebec and Ontario, as
nearly all intend remaining in the coun-
try.

The Grand Trunk Employees.—At a
meeting of the Grand Trunk Railway em-
ployees held on Saturday, Mr. Bridges
conceded the 54 hours per week, but said
he would not guarantee the old rate of
wages, promising to give every man a
rise in pay according to his abilities.
Reporters were excluded from the pro-
ceedings.

Hamilton Emigration Returns.—The
Times says:—The importance of Hamil-
ton as an Emigration Depot is shown in
the fact that 5,054 emigrants arrived dur-
ing the month of April, as follows:—
English, 1,331; Irish, 40; Scotch, 6;
German, 2,856; Norwegians, 116; Ameri-
cans, 182; Swedes, 199; Hollanders, 214;
Danes, 86, and Bohemians 24. Of these
521 English, 26 Irish, all the Scotch, 50
Germans, all the Americans, and 2
Swedes remained in the country. The
arrivals are the largest ever recorded at
this port for the month of April, being an
increase of 3,367 over the number for the
same month last year.

New Boats for the Lake Superior
TRAM.—The Chatham Banner says:—
Messrs. Beatty, owners of the fine steamer
Manitoba of the Sarnia and Lake Superior
line, contemplate making important ad-
ditions to their fleet before the opening
of the season of 1873. A member of the firm
was here a few weeks ago, the object of
his visit being to see what facilities Chat-
ham could offer for the building of a large
and powerful class of boats. They pur-
pose building two first-class propellers, of
a style and capacity far ahead of any screw
steamer on the Lakes sailing under British
colors, and equal in every respect (speed
not excepted) to the magnificent American
propellers running from Buffalo to Chicago
and Lake Superior. The boats will be
230 feet in length, and about 35 feet beam,
fitted up with first-class engines of great
power. As they are designed for the con-
veying of a large number of passengers,
the cabins will be very large.

There is a general uneasiness
expressed as to the future of the Pacific Railway
scheme. Mr. Fleming's report shows
how crude and immature are all plans of
calculations at present for carrying out
this vast undertaking.

Teachers' Association.

The first regular meeting of the Teach-
ers' Association of the 1st Division, of
Wellington, for the present year was
held in the Central School, Guelph, on
Saturday, the 4th inst. The President,
Rev. James Kilgour, in the chair.

Messrs. Ferguson, Downey, Carroll and
Hill submitted their amendments to the
Constitution, which were adopted with
some slight modifications.

Mr. Cochrane explained his method of
teaching fractions, which met with the
approval of the members.

Mr. Downey offered some remarks on
his method of explaining the terms, num-
merator and denominator. An animated
discussion followed in which the Chair-
man, Messrs. Hill, Knowles, McMillan,
Ferguson, Carroll and Kilgour took part.

Mr. Ferguson gave a reading—"The
Last Days of Heracles"—in a pleas-
ing and effective manner.

Mr. Brunner read an essay on "Educa-
tion," which received the unanimous com-
mendation of the meeting. He was
cordially tendered a vote of thanks.

Programme for next meeting:—Mr.
Brunner volunteered to prepare an essay
on Book-keeping; Mr. Cullen to explain
his method of teaching writing; and Mr.
McRae to give a reading.

On motion the meeting adjourned to
meet again on Saturday, 8th June next,
at 10 a.m.

WILLIAM CARROLL,
Secretary.

BY TELEGRAPH

THIS MORNING'S DESPATCHES

THE CONSEQUENTIAL CLAIMS.

Reported Ultimatum of the U.S.

NO WITHDRAWAL OF THE CLAIMS.

The End of the Insurrection in Spain.

New York, May 6.—The Herald's
Washington special says that at a meet-
ing of the Cabinet officers, and the Sen-
ate Committee on Foreign Relations,
and the House Committee of Foreign
Affairs at the State Department on Sat-
urday, Secretary Fish produced all the
the negotiations with Granville concern-
ing the Alabama claims. The last com-
munication to Granville was an attempt
of the State Department to induce Min-
ister Schenk to see represent to Granville
that if the British Government would
propose to establish an international
principle covering the liability of a neu-
tral nation for consequential damages it
would be favourably considered by the
United States, and might end the contro-
versy. The proposition was considered
in the British Cabinet on Thursday, and
a proposition was made to Fish through
Minister Thornton, for the United States
to withdraw her claims for consequen-
tial damages from the Geneva Arbitration,
(Great Britain still maintaining that they
are not contained in its provisions), and
that in future was whenever either party
is belligerent and the other neutral, the
neutral shall not be held responsible for
indirect or consequential damages in
claims arising in a similar manner and
under similar circumstances with the
claims to which the Treaty of Washing-
ton alone refers. President Grant was
not satisfied with this proposi-
tion, and hence this meeting was
called. The Republican members of
the House Committee stated that they
thought the question of consequential
damages should never have been put in
our case, but as they were there and the
honor of the nation was involved, they
were willing to do anything, consistent
with their position, to strengthen the Pres-
ident in the stand it might be necessary
to take. The President said it was not
for him to say what should be the final at-
titude of the country. While he recog-
nized the authority confessed, he was an-
xious that the immediate representatives
of the people should know the true con-
dition of affairs, and relied upon the Com-
mittee to stand by him in case it should
be necessary to advocate the Treaty al-
together. The proposition made was posi-
tively unacceptable and could not be en-
tained for a moment. After the Congress-
men withdrew, the President remained
with Fish for some time, and it was finally
decided to appoint Minister Schenk to
Granville's proposition was unacceptable
and that we could not recede from our
case as presented at Geneva. A telegram
was consequently sent to Schenk con-
taining the announcement.

London, May 4.—The Times this morn-
ing urges Grant to send to the Geneva
Tribunal of Arbitration a communication
which shall suppress the official Ameri-
can case, containing the claims for conse-
quential damages.

Madrid, May 5th.—Don Carlos, with
only 200 adherents, has passed through
Unsea, flying into France. The battle
in which he received his complete defeat
was fought at Oronquieta yesterday. Of
the Carlist force engaged 38 were killed
and 747 taken prisoners. The insurrec-
tion is at an end.

Newburg, N.Y., May 5th.—The forest
on the top of the Fishkill Mountains, op-
posite here, are on fire to-night. The
destruction of cordwood and standing
timber is very large.

Destructive Fire in New York.

Special to the Mercury per Dominion Line.
New York, May 6.

The Metropolitan Theatre has been de-
stroyed by fire, and the Metropolitan
Hotel badly damaged. The fire is now
under control, and will soon be extin-
guished.

From Ottawa.

Ottawa, May 4.

No notice appears in to-day's Gazette
respecting the cancelling of the appoint-
ment of Judge Johnson to the Lieuten-
ant-Governorship of Manitoba although
he was regularly gazetted.

The total circulation of Provincial and
Dominion notes on 3rd May was \$10,744,-
898; debentures held, \$7,200,000; spec-
ies held, \$3,270,985; notes withdrawn, \$200,-
000; excess of circulation, \$73,912. Re-
venue of Dominion for April, \$1,683,819;
expenditure, \$1,963,807.

The policy of the Government is to de-
lay the second reading of the Treaty Bill
as long as possible, and then rush it
through. Other Government measures
will get the precedence.

It is supposed from the backing and
filling of New York papers in the con-
fidence of the Administration, that Sec-
retary Fish wishes to withdraw the claim
for consequential damages but President
Grant would not let him.

The members of the Cincinnati Con-
vention do not appear altogether satisfied
with the nomination of Mr. Greeley.
Several delegates have openly declared
they will oppose the ticket.

The Trade and Manufactures of Canada.

Sir Francis Hincks, in the course of his
financial statement before the House on
Tuesday, gave the following exhibit of the
progress of Canada as indicated by the
large increase in its trade and manu-
factures:—

In 1869, our total exports were \$19,320,-
000, while in 1871, they were \$55,151,000.
The aggregate of exports and imports in
1869 was \$116,725,000; in 1871, \$112,098,-
000, or an increase of nearly 22 per cent;
and when we come to details of exports,
we find them most satisfactory. The
product of mines was increased from
\$2,497,000 to \$3,221,000; of fish from
\$3,212,000 to \$3,991,000; of forests from
\$19,858,000 to \$22,352,000; of animals
and their products from \$8,779,000
