## **EDUCATION COST**

Special Statement Is Prepared by Treasurer, Library and University Included.

LARGE HEALTH BILL

The ratepayers of London are providing this year the sum of \$1,090,-531.71 for educational purposes, or almost one-half of the total amount to be raised by taxes—\$2,298,224.98. This fact is revealed in a special statement from City Treasurer Bell, in which he includes the people's

Western Ontario, which cannot be placed under other heading than education, the treasurer points out. In his comparative statement the In his comparative latter has placed the city council's appropriation to the library board also under the heading of education. There may be a question in the minds of some as to the fairness of this; there are those perhaps who would there are those perhaps who would should be a control of the city council's lows:

One billion dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which over six hundred million dollars is being spent on advertising each year in the United States of which year in the United States of which year in the United States of which year in the United Stat

Under the heading of "health and sanitation" the treasurer has placed sewers, the costs of the incinerator, street olling and alexant and the sexual liquor of democracy. All the manipulators of privilege dread it. It is poison to the typical of the very " sewers, the costs of the incinerator, street oiling and cleaning, etc. All these things are conducive to good health, he points out, and should be rightly placed in that column.

Contrary to general understanding, "street lighting" is set down under "protection of persons and property."
