

A White Rock Limerick

A lady came in off the dock
 Arayed in a swell Yachting frock;
 When they brought her some tea,
 She said "No not for me,
 I'd much rather have some White Rock".

White Rock—the champagne of table water—is fresh, pure and charming to the taste; whether by its "lonesome" or used as a dilutant. It blends perfectly with anything from milk to wine.

Call for "White Rock" at your club, or any leading hotel, bar or cafe.

Wholesale Agents:
PITHER & LEISER'S

These Are Raincoat Days

No necessity for getting wet and feeling miserable if you have a good Coat to keep out the rain. We have a splendid assortment, waterproofed in England, where they know what rain is; tailored in Canada, where they know what style is.

NANAIMO ASSIZE IS SOON DISPOSED OF

Old Criminal Gets Fifteen Years For Assaulting Young Girl, Girl

The Nanaimo assize occupied but one day, the solitary case which came up for trial being disposed of on Tuesday. Mr. Justice Martin was the presiding judge at the assize, George A. Morphy prosecuting for the crown. There were originally two cases on the docket, but in the first, Rex v. Hill, an assault case from Ladysmith, the grand jury returned no bill. The second was Rex vs. Plump, in which the prisoner was sentenced to fifteen years imprisonment and twenty-five lashes, to be administered during the first three months of his imprisonment for assault. The victim identified Plump immediately in the crowded court room, and there was ample evidence against the accused. The prisoner was not defended but endeavored to establish an alibi, a defense which broke down hopelessly.

It came out during the trial that Plump was the same man who in 1900 pleaded guilty to burglarizing the house of Gus Borde in this city, at the same time stabbing Louis Borde in the hand. For this he received a sentence of five years at hard labor. He was also sentenced to two other terms of imprisonment at the same time on charges of theft to which he pleaded guilty, but the terms were allowed to run concurrently.

In a desperate fight for freedom William E. Bruch of Glendale, O., a federal prisoner en route to Cincinnati in custody of Deputy Marshal Sanderson, plunged head foremost from a speeding train near Dayton, O. His neck was broken and death was instantaneous.

A purchaser of an old book from a stall in Farrington road discovered two letters between the leaves, one from the late Mr. Gladstone and the other from the late Lord Salisbury to a correspondent on the subject of home rule. The book was bought for 4c.

The Indian postoffice announces that from October 1 the inland letter rates will be a halfpenny for one tola (approximately two-fifths of an ounce), and a penny for 10 tolas (over a quarter of a pound). This will (says Reuter) be the cheapest letter postage in the world.

YUKON PLAYERS ARRIVE IN TOWN

The Klondike Basketball Team Reaches City on Southern Tour

(From Thursday's Daily)
 Two members of the Yukon Basketball team which will tour the coast during the next couple of months arrived in the city yesterday from Vancouver. The team, which is headed by Y. M. C. A. to arrange a match. The fifth Regiment Basketball team will take the visitors on and a game will be played in the Drill Hall shortly. No date has yet been fixed for the match.

Mr. Reid is secretary of the team and Finlayson, an old Victorian is captain. They are rated pretty highly in the north and expect to do well from both a playing and a financial standpoint during their trip south. The team is the pick of the five Yukon teams. The team will work out at the James Bay Athletic Association during their stay in this city, the courtesy having been extended them by the aquatic club.

Ask for Amherst solid leather foot-wear.

To prevent plague, Dr. Fagan, provincial health officer, with Dr. Wait, the Dominion government officer in charge of the quarantine station, left yesterday afternoon for Seattle to look into the methods adopted there for prevention of the spread of the bubonic plague.

Regulations have been drawn up by Dr. Fagan, providing for thorough examination and inspection at border points to prevent the plague being brought into Canada.

COMPANIES COME TO AN AGREEMENT

Electric Company Starts Up Steam Plant for Street Railway Service

The Esquimalt Waterworks company and the British Columbia Electric company have come to an agreement regarding the proposition of the former that the latter company, in view of the reduced water supply at Goldstream, should start up its steam plant on Stone creek to supply water for the car and motor service only, retaining water for Goldstream for electric lighting purposes.

As a result of a letter written by R. H. Sperling, general manager of the British Columbia Electric company, to T. Lubbe, manager of the waterworks company, a meeting was held yesterday afternoon at the electric company's offices. There were present Messrs. Lubbe, J. A. Sawyer, W. E. Oliver, R. Sperling and A. T. Goward. After a conference the companies agreed to waive some of the conditions which on Monday it had notified the waterworks company to insist upon and to this amended proposal the manager of the waterworks company agreed.

As a result the electric company started up its steam plant last night and announced that it would be in operation for several hours in order to allow of some alterations in the machinery, the plant would in all likelihood be in full running order and be in operation at 6 o'clock this morning.

Mr. Goward last night that there was every reason to suppose that the steam plant would be fully equal to the task of operating the cars, though since the plant was installed the service had been improved by heavier cars, but in a good service would be maintained.

Letter to Mr. Lubbe.
 After the refusal of the waterworks company on Monday to entertain the proposition made by the electric company, if the latter should start up its steam plant, the latter matter was again considered by the electric company, the general manager of which, R. H. Sperling, yesterday morning wrote as follows to Mr. Lubbe:

"My company is duly in receipt of your favor of the 22nd instant and we much regret to find that you are not willing to agree to the proposed steam plant under the very reasonable conditions named in our letter of the 22nd instant. The only objection to serving the remaining water at Goldstream is, as you have told us, a very serious one, and we are quite willing to waive any different conditions which may have been in the past between our respective companies and to go into the matter in a friendly and amicable way by correspondence at the earliest possible moment.

"My company feels that as the situation is so serious, no dispute between our respective companies should be allowed to interfere with the public welfare."
 R. H. SPERLING, General Manager.

Electric Company's Offer.
 As a result of this letter the meeting was held and the whole situation gone over. The outcome of the meeting is as follows in the following letter from Mr. Sperling to Mr. Lubbe:

"In reference to our consultation with you this afternoon and our letter of the 22nd, inst., we, at your request, withdraw that letter and submit the following proposal in lieu of the same. That our company operate the car and motor service with power from the steam plant on Stone creek, subject to the following conditions, viz.:

"That if the steam plant is at any time insufficient to operate the car and motor service, that electric power may be used to make up any deficiency, if sufficient water be available.

"That the water power plant may be used to operate the car and motor service at any time should it become necessary to shut down the steam plant temporarily for repairs, provided sufficient water is available.

"That our company during the period of the operation of the steam plant, may only for the amount of water actually used by us at Goldstream.

"That the user of the steam plant shall not in any way prejudice the present existing rights of either party.

"That the arrangement shall cease to exist in the event of the present water supply ceasing to be sufficient to supply the electric lighting needs of our company.

"On receipt of a letter from you accepting the terms of this letter, we will immediately take steps to have our steam plant put into operation."
 R. H. SPERLING, General Manager.

To this letter Mr. Lubbe replied that his company, in view of the stipulations contained therein and the differences between the two companies, was unable to accept the same.

Waives Stipulation.
 It will be noticed that the electric company has waived its previous stipulation that the waterworks company should bear the cost of any repairs to the steam plant which might become necessary in its operation. Also the clause which stated that the user of the steam plant shall not in any way prejudice the present existing rights of either party.

WILL CELEBRATE HOWE'S BIRTHDAY

Opportunity Will Be Given Maritimers to Meet for Evening

At the meeting of Maritime province residents held yesterday afternoon at the office of Heisterman and company, there was a large and representative attendance of former residents of Prince Edward Island, Nova Scotia and New Brunswick, among them present being Rev. Leslie Gray, Beaumont Rogers, W. McCaskey, James Forman, C. H. Lugin, Fred Peters, K. C. A. Robertson, Mr. Hart, F. R. C. A. Robertson, and others.

The reason of the rise, according to the distillers is twofold: the high price of barley and rye and the high wages and short hours of their employees. Rye is selling today at about 70 cents, which is a high price, and barley is quoted around 71 cents.

CONSTABLE CARTER OFF TO QUATSINO

Will Make Thorough Investigation Into Death of John Sharp

(From Thursday's Daily)
 Constable Carter, of the provincial police department, left last evening on the steamer Venture, for Quatsino, to make a thorough investigation into the death of the man John Sharp, who was reported to be "Bill" Quantrell, the famous Confederate guerrilla leader. At present no reliable information has been received regarding the affair though the supposition is that Sharp was injured in a fight with a halfbreed who was staying at Sharpe's cottage at Coal Harbor, near the head of Quatsino Sound.

Constable Carter is a halfbreed who was staying at Sharpe's cottage at Coal Harbor, near the head of Quatsino Sound. He is a very hard drinker, and it is very likely that death may have been due to over-drinking and not to a fight with a halfbreed, as is supposed.

Constable Carter is a halfbreed who was staying at Sharpe's cottage at Coal Harbor, near the head of Quatsino Sound. He is a very hard drinker, and it is very likely that death may have been due to over-drinking and not to a fight with a halfbreed, as is supposed.

PRETTY WEDDING HERE YESTERDAY

Mr. Bernard Schwengers Married to Miss Kate Constance Jay

(From Thursday's Daily)
 If there is anything in omens the wedding of Mr. and Mrs. Bernard Schwengers will be a very happy one. After a betrothal of several days, the wedding was celebrated yesterday afternoon. A cool, fresh breeze from the north imparted to the bride and groom a glow of health and good spirits. The bride, Miss Kate Constance Jay, left the home of her father, George Jay, to become the bride of Peter Bernard Schwengers. Decorated with brilliant autumn blossoms, the historic old church of St. John's looked as if it were lit up with light from the stained glass windows on a large gathering of friends who came to see the wedding. The bride wore a traveling dress of cream chiffon cloth and a very becoming hat of the same shade of white with white feathers, the gift of her sister, Miss Phyllis Jay, completed her costume. The groom wore a dark suit of cream crepe de chine and his boutonniere were of pink roses and fern. Each wore a pearl brooch of beautiful design, the gift of little baby Goward, the bride's sweet little baby.

Mrs. Jay, the mother of the bride, was dressed elegantly in dark blue broadcloth and had trimmed with the wreath of rich dark red. The wedding party was not large, only the immediate relatives of the bride having been invited. The bride having been invited. The bride having been invited.

WHISKEY PRICES UP IN VICTORIA

Increase Decided Upon by Distillers Causes Advance in Wholesale Prices

(From Thursday's Daily)
 In Victoria the price of rye whiskey has been advanced to the retailer, though whether the consumer will have to pay a higher figure for his goods remains to be seen. Should the retailers decide to advance the price, nothing but two for a quarter drinks will be the result. The increase in the price of rye whiskey has been decided upon by the eastern distillers cause into force here this week. The increase does not appear to have caused any consternation among the saloon or hotel men. It may be, however, that some of the smaller retailers may find that to meet the wholesale advance it will be necessary to either increase the price of the glass or reduce the size thereof.

The increase is about ten cents a gallon for the draught whiskey and about 25 cents a case for case goods.

The reason of the rise, according to the distillers is twofold: the high price of barley and rye and the high wages and short hours of their employees. Rye is selling today at about 70 cents, which is a high price, and barley is quoted around 71 cents.

NEAR COLLISION WITH THE BLUE FUNNEL LINE

Blue Funnel Line Vancouver, Ha Escapo

STEAMERS PASS

The White Painted Within Thirty Big Freight

(From Thursday's Daily)
 The big Blue Funnel steamer, when she left for Vancouver, almost escaped collision during the arrival of the steamer from trial island when she was discharged at 8 a. m. October 8. About 10 o'clock the steamer was suddenly heard, a whistle and her horn were blown, and the steamer was seen almost on her starboard side. The captain of the steamer was averted a collision, thirty feet of the hull was made here as the vessel passed.

Coming from the yester, the Moran ship, the twin screw whaler, built for the Ac company, promoted by son-Hibbard & Co., Rismuller of the Pacific is interested, and the wharf yesterday morning recently arrived here and had been working whaling station pending the arrival of the Admiral.
