## The Outgrowth of a Vast Experience.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience testimonials, received and from physicians stomach, indigestion, blecking and eructations of gas.

The following words, in praise of Dr. Pierce's FAVORITE PRESCRIPTION as a remedy for those delicate diseases and weaknesses peculiar to women, must be of interest to every sufferer from such maladies. They are fair samples of the spontaneous expressions with which thousands give utterance to their sense of gratitude for the inestimable boon of health which has been restored to them by the use of this world-famed remedy."

THE GREATEST

Rev. Sidney C. Davis, Pastor of First Baptist Church, Berrien Springs, Mich., writes:
"I wish in this letter to express my gratitude for Mrs. Davis and myself for the great good which has been accomplished in her case by the use of your proprietary medicines. When which has been accomplished in her case by the use of your proprietary medicines. When thirty minutes at a time. When we look back to the 'dark age' of our married life, when all suppointment and discouragement hoyered like a cloud of third darkness about our home, we rejoice together and thank God that in your treatment was found the power to dispel darkness by bringing back health and joy. Mrs. Davis months old who, as yet, has known no sickness. Those who visit us from our old field of labor, and were acquainted with Mrs. Davis' condition while there, express the greatest surprise to see how thorough is her recovery. It has now been nearly two years since Mrs. Davis' JOHN E. SEGAR, of Malenbeck, Va., writes:
"My wife had been suffering for two or
three years with female weakness, and had
paid out one hundred dollars to physicians
without relief. She took Dr. Pierce's Faworlde Prescription and it did her more
good than all the medicine given to her by the physicians during
the three years they had been practicing upon her."

Boswell, White College, O. writes: "I took eleven bottles of year you're Prescription and one bottle of year you're Prescription and one bottle of year or some time. I have had to employ help for some time. I have had to employ help for some time to a bout sixteen years before I commenced taking your medicine. I have had to wear supporter most of the time; this I have laid.

## TREATING THE WRONG DISEASE

Many times women call on their family physicians, suffering, as they imagine, one from dyspensis another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here or there, and in this way they all present alike to themselves and their easy-going and indifferent or over-busy doctor, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when, in reality, they are all only symptoms caused by some womb disorder. The physician, ignorant of the cause of suffering, encourages his practice until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pirror's FAVORITE PRESCRIPTION, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery.

ATTEC.

Mrs. E. F. Morgan, of No. 71 Lexington St., East Boston, Mass., says: "Five years ago I was a dreadful sufferer from uterine troubles, Having exhausted the skill of three physicians, I was completely discouraged, and so weak I could with difficulty cross the room alone. I began taking Dr. Pierce's Favorite Prescription and using the local treatment recommended in his 'Common Sense Medical Adviser.' I commenced to improve at once. In this was perfectly cifed, and have had no trouble since. I wrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to any one writing me for them, and enclosing a stamped-envelope for repty. I have received over four hundred letters. In roply, I have described my case and the treatment used, and have earnestly advised them to 'do likewise.' From a great many I have received second letters of thanks, stating that they had commenced the use of 'Favorite Prescription,' had sent the \$1.50 required for the 'Medical Adviser,' and had applied the local treatment so fully and plainly laid down therein, and were much better already."

Endispensable.—John L. Buykin, of Vossbury, Miss., says:

JEALOUS of Crystal, Mich., writes: "I was troubled with female weakness, leucorrhea and falling of the weakness, leucorrhea and falling of the womb for seven years, so I had to keep my bed for a good part of the time. I doctored with an army of different physicians, and spent large sums of money, but received no lasting benefit. At last my husband persuaded me to try your medicines, which I was loath to do, because I was prejudiced against them, and the doctors said they would de me no good. I finally told my husband that if he would get some of your medicines, I would try them against the advice of my physician. He got me six bottles of the 'Discovery,' for ten dollars. I took three bottles of 'Discovery' and four of 'Favorite Prescription,' and I have been a sound woman for four years. I then gave the balance of the medicine to my sister, who was troubled in the same way, and she cured herself in a short time. I have not had to take any medicine now for almost four years." four years."

Betroverted Womb.—Mrs. Eva Kohler, of Crab Orchard,
Neb., writes: "Dr. Pierce's Favorite Prescription has done me a
great deal of good. I suffered from retroversion of the uterus,
for which I took two bottles of the 'Favorite Prescription,' and I
am now feeling like a different woman."

Mrs. Ed. M. I laso had womb complaint so bad that I could not walk two blocks without the most severe pain. but before I had taken your 'Favorite Prescription' two months, I could walk all over the city without inconvenience. All my troubles seem to be leaving me under the benign influence of your medicine, and I now feel smarter than for yeare before. My physicians told me that I could not be cured, and therefore you will please accept my everlasting thanks for what you have done for me, and may God blees you in your good works."

Later, she writes: "It is now four years since I took your 'Favorite Prescription,' and I have had no return of the female trouble I had then." A GRATEFUL

Mrs. A. M. RATCLIFF, of McCune, Crawford

grateful I am to you."

Doctors Failed.—Mrs. F. Corwin, of Post Oreck, N. I used three hottles of it and two of the 'Golden Medical Discovery,' also one and a baif bottles of the 'Purgative Pellets.' MONTREAL, June 8.—Word has been received from Mr. Donald Macmaster, Q.O. who is now in London, Eng., for the purpose of making an application to the judicial committee of the Privy Council for permission the appeal from the judgment of the Suprem Court in the Gienzarry election case, that he has obtained the opinion of Sir Horace Davey Q.O., the leader of the English Bar, which to the "flect that the application will likely be granted on the ground that the construction of the act, and the validity of the order extending the time for trial, are questions of general interest, and on account of the difference of opinion amongst the judges of the Supreme Court, the bench having been divided theres to two.

On the merits Sir Horace also thinks the appeal will be successful, as, according to the true construction of the act, the time during which any session of Parliament may last it excluded from the computation of the air mouths' delay within which the petition mus he bried. Furthermore, he is of opinion that the court had jurisdiction to extend the time autwithstanding the lapse of six months.
