*Sirs: Send me your New  
Illustrated General Catalogue.*

**O**UR New Fall and Winter Catalogue, containing over 300 pages and 3000 illustrations, will be sent to any address by mail, postpaid, free on application

**Write us a letter** or a postal card. All you need to say is "Send me your new Catalogue," and you will receive it by return mail. If any of your friends have not received one, tell them about it, as we send it to anyone who writes for it.

**A Money Saver.** This big Catalogue is the result of careful preparation to have the illustrations faithfully represent the goods; to have the descriptions accurate so that you may gather a clear conception of what is offered for sale; to satisfy your requirements in each line of goods. Then there is careful buying of a prime quality of goods; particular inspection of the merchandise to make sure it is up to the high standard we maintain. Representatives in the different markets of the world are ever alert to find a chance to save a few cents on a yard or a pound in buying. Wherever possible large quantities are contracted for to get a lower price. But first the quality is selected, then the price is asked, and every item must be up to the quality chosen. All this explains why we offer you a fine quality of goods at low prices, as shown in this fine new Catalogue. Get it and look it over and note how to you it may be a real money saver.

**Save by Manufacturing.** There is a saving for you in our practice of buying direct from the manufacturer or producer, thereby saving all the profits of the intermediate dealers and selling the articles to you at a small profit over the manufacturers' price. Should you take the trouble to estimate what we save you in price, and the extra service you obtain from the merchandise, buying all your needs here for a year, you would no doubt be surprised. Besides, we save you by manufacturing many articles of wear. We buy the material in miles of length direct from the looms and make it up in our own factory. Here we have installed the latest and fastest machines, to save every moment possible in the making of a garment, and yet do it so well it will satisfy you. In this way you are saved the profit we would pay the manufacturer, and you are assured of a fine quality of garments.

**You begin now** to save money as thousands of others are doing. Sit down without delay and write for this wonderful money-saving Catalogue that is free to you, and that is bound to save you money and give you a first-class article. If you have a friend or neighbor who is not yet enjoying the privileges of this price-satisfying book, tell her about it, or better still, send us the name and address and we will forward a Catalogue at once. The sooner you begin buying from this book the sooner you will become satisfied with the price and quality of your merchandise.
