

BOOK NOTICE.

PROCEEDINGS OF THE ENTOMOLOGICAL SOCIETY OF NOVA SCOTIA
FOR 1916. No. 2, January, 1917.

The Entomological Society of Nova Scotia deserves great credit for the admirable work it has already accomplished in the short period since it came into being. We have recently received a copy of vol. II of the Proceedings of the Society, containing the papers and addresses presented at the Annual Meeting, which was held at Truro on August 4, 1916. This is a publication of 64 pages, and contains in addition to excellent addresses by the President, Mr. E. C. Allen, and the Superintendent of Education, Dr. A. H. MacKay, thirteen papers on entomological subjects by various members of the Society. Of these papers no less than five are contributions from the Society's indefatigable Secretary-Treasurer, Prof. W. H. Brittain, the Provincial Entomologist, while two more are by the same author in collaboration with others. Mr. G. E. Sanders, of the Dominion Entomological Laboratory, Annapolis Royal, contributes four papers, including one in collaboration with Prof. Brittain.

The list of papers in addition to official reports and addresses is as follows:

"Some Results From a Few Combination Sprays," (W. H. Brittain); "How to Collect and Preserve Insects," (L. A. De Wolfe); "The Nova Scotia Division of Entomology," (W. H. Brittain); "The Effect of Certain Combinations of Spraying Materials on the Set of Apples," (G. E. Sanders); "The Acrididæ of Nova Scotia," (C. B. Gooderham); "The Apple Seed Chalcis," (W. H. Brittain); "Biting Insects Injuring the Fruit of the Apple in Nova Scotia," (G. E. Sanders); "Notes on two Species of Tree-hoppers," (W. H. Brittain); "Arsenate of Lead vs. Arsenate of Lime," (G. E. Sanders); "The Dock Sawfly," (A. G. Dunstan and F. C. Gilliatt); "Notes on the Rose Leaf-hopper," (W. H. Brittain and L. G. Saunders); "Notes on the Rosy Aphis," (W. H. Brittain); "The Toxic Value of Some Common Poisons," (G. E. Sanders and W. H. Brittain).

Mailed August 1st, 1917.
