Electro-Therapeutic INSTITUTION.

197 JARVIS STREET, TORONTO.

A GRAND SCIENTIFIC DISCOVERY BY PROF. VERNOV.

Compound Electricity.

Produced in a powerful rich, mild current, marvelously modified by a new invention and made invaluable for the cure of disease: adapted to both our Office and Family Batteries (improved), and can also be used in BATHS of different kinds, as HOT AIR, VAPOUR, SULPHUR, etc, thus increasing the medical properties by our new inventions and improved appliances.

Price of our improved Family Battery, \$25. Price of our improved Physicians' Battery, from \$35 to \$50. Price of Ordinary Batteries very low.

REV. G. M. MILLIGAN, Pastor of Old St. Andrew's Presbyterian Church, Toronto, says:

384 SHERBOURNE STREET.

PROF. VERNOV—Dear Sir: By taking your treatment last fall I am happy to tell you that I began last winter's work well. I have not slept so soundly for years as I have done since the treatment, and never have I done my work with such comfort and energy as during the past year. The tonic and alternative effect of the electrical applications has been of so great benefit to me that I believe every person, whatever his health may be, would find himself benefited by a greater or less use of electricity. It is indispensable to the health of the nerves.

Very gratefully and yours truly,
GRO M. MILLIGAN.

THE HIGH SCHOOL Drawing Course.

Authorized by the Minister of Education.

No. 5 "Industrial Design" IS NOW READY.

This subject, Industrial Design, is now or the first time placed in the High School Drawing Course; and this authorized book is the one upon which the examinations will be based. It is the most elaborate and beautiful book of the course, and if published separately would sell at double the price of the other numbers. It will, however, be offered to the student at the same price as the others, zocis. The course is now complete:—

- No. 1—Freehand.
- No. 2—Practical Geometry.
- No. 3—Linear Perspective.
- No. 4—Object Drawing.
- No. 5—Industrial Design.

These books are all uniform in size and style, and constitute a complete uniform series. The same plan is followed through them all—the Text, the Problems, and opposite the Problems, in each case, the Exercises based upon them. The illustration is upon the same page with its own matter, and with the exercise, in every case, is a space for the student's work. Each copy, therefore, is a complete Text-book on its subject, and a Drawing Book as well, the paper on which the books are printed being first-class drawing paper. The student using these books, therefore, is not obliged to purchase and take care of a drawing book also. Moreover, Nos. 1, 4 and 5 are the only books on their subjects authorized by the Department. Therefore, if the student buys the full series, he will have a uniform, and not a mixed, series covering the whole subjects of the examinations, and edited by Mr. Arthur J. Reading, one of the best authorities in these subjects in this country, and recently Master in the School of Art.

As the approaching Examinations will be based on these authorized books. The Retail Trade may place their orders with their Toronto Wholesale Dealers.
