

How JAEGER Pure Wool UNDERWEAR differs from other Underwear

It differs from all non-wool underwear in that it conforms, as nearly as possible, to nature's method of protecting and warming the body.
 It differs from other underwear in the fact that *all* the material is wool.
 It differs from most underwear that the wool is natural color, undyed, and free from all chemicals.
 It differs from ordinary underwear in quality, in weave, in make, in material, in style, in wear, in comfort.

JAEGER PURE WOOL UNDERWEAR gives complete satisfaction. What is your experience with other underwear : : :
