

- (1) Is the air over and in the vicinity of Port Huron-Sarnia and Detroit-Windsor being polluted on either side of the international boundary by quantities of air contaminants that are detrimental to the public health, safety or general welfare of citizens or property on the other side of the international boundary?
- (2) If the foregoing question or any part thereof is answered in the affirmative, what sources are contributing to this pollution and to what extent?
- (3) (a) If the Commission should find that any sources on either side of the boundary in the vicinity of Port Huron-Sarnia and Detroit-Windsor contribute to air pollution on the other side of the boundary to an extent detrimental to the public health, safety or general welfare of citizens or property, what preventive or remedial measures would be most practical from economic, sanitary and other points of view?

(b) The Commission should give an indication of the probable total cost of implementing the measures recommended.

In the light of the findings contained in the Commission's report of May 1960, the Commission, in conducting its investigations under this Reference is requested to give initial attention to the Detroit-Windsor area and, to submit its report and recommendations on this problem to the two Governments as soon as possible.

The Commission is also requested to take note of air pollution problems in boundary areas other than those referred to in Question 1 which may come to its attention from any source. If at any time the Commission considers it appropriate to do so, the Commission is invited to draw such problems to the attention of both Governments.

For the purpose of assisting the Commission in making the investigations and recommendations provided for in this Reference, the two Governments, upon request, will make available to the Commission the services of engineers and other specially qualified personnel of their respective Governments, and such information and technical data as may have been acquired by such Governments or as may be acquired by them during the course of investigation."
