

greetings and good wishes  
should I see you on my  
return. As you are generally  
a long way off from me  
I am sending this to  
let you know General Holbo's  
message.

You may recall that we  
had a little chat some years  
ago when you and Lady Curie  
were passing through Duncan  
With kind regards, believe me

Yours faithfully

Hugh Savage
