Long Apron Drapery to Skirt

eral forms of the Russian tunio are now being featured, such as the box-plaited style, the side-plaited effects, the tunic with plaited panels back and front, and the gathered overskirt set on at a line about five inches from the waist. The junction of the skirt-yoke in extreme models is

models show the tunic straight around the bottom, and in others the measurement is extended in tapering outline from a point slightly above the knees in front to near the skirt hem in the back. When this line is reversed an underskirt shows just enough to suggest a petitionat, which may be fashioned of a suiting material in matching or contrasting shade or in net lace.

He spoke with a clear, emphatic voice, and his nonchalant manner folled the designs of the facetious at the designs of the facetious at the outset. He gave the reason which had led him to adopt this unusual course. He desired to lessen the cost of transfer of small portions of land and to show his neighbors that appli-cation for land in his ownership will

observed the duke in quite professional manner, "and convenient and handy for a developing city; sure to be ripe for building before long. Is there any gentleman who will hid me \$75,000 for lot 17"

A burst of laughter was the reply.
"Why laugh?" asked the duke, quite
unperturbed. "That is the figure according to the recent government

"It may be," remarked a man, "and if your grace would split it up into small lots you'd get all that and "Well, well, well! I have made a bid which has made you laugh, so I'll make another which will make you cry," he remarked. "What do you say to \$50,000? No? \$25,000? Yes? Was that a bid, sir? May I say thirty-five thousand dollars? Yes?" And so the bidding continued between an old gentleman and a young undergradu-

Famous Dancer Gives Complexion Secrets

I've learned the secret of Dolores' er I've learned the secret of Dolores' entrancing beauty—the wondrous charm that has dazzled the courts of Europe and captivated vast audiences everywhere. The famous dancer abhors rouges and cosmetics. Yet, despite the strenuosity of her life, she retains the incomparable complex on best described as "indescribable." An intimate friend tells me the senorita regularly uses on her face what druggists know as mercolized wax. This is applied at night in the manner cold is applied at night in the manner cold cream is used, and washed off in the morning. It absorbs the dead particles of skin which daily appear, and a fair, soft. fresh, girlish complexion is always in

Train Your Shrub Trees

What was pointed out yesterday concerning the climbing vines is also quite applicable to most shrub trees. Every shrub needs initial training and later a certain amount of constan

And just here let me remind our amateur gardeners that it is much wiser to have but one or two well-trained shrubs and vines, than a number carelessly looked after. While an experienced teacher may try to help gentleman and a young unuers, ate.

"Don't be shy, gentlemen," said the auctioneer at \$57,500. May T say \$60.000? No? Well, I must withdraw this lot."

And so it went to the end. He sold and so it went to the end. He sold wines and plants is too great to allow of other than a meagre knowledge of other than a meagre knowledge of other than a meagre knowledge of these and it is only of these marked at the close, "that the laboring man wants to acquire his own cottage. I am giving him a chance to do so. I thank you all for the quiet way in which you have permitted me to conduct the sale. You have made many bids, but now it is my turn to bid. So I bid you all good afternoon!"

Most of other than a meagre knowledge of a few of each. And it is only of these that one can successfully talk. And even then the teacher cannot tell other than a little bit of what he desires to tell.

And let me advise each one of you to familiarize yourself with but a few plants at a time adding to your store.

and let me advise each one of you to familiarize yourself with but a few plants at a time, adding to your store as the seasons pass by. This will enable each of you to have at least a few good plants at all times. Now, in the matter of shrub trees.

there are a dozen or more of very easily grown trees, familiar to so many that it is often a wonder to me that more gardeners do not try to grow some of them.

There are the lilacs. But each one of you must learn your lilacs.

must learn to keep out all the ground shoots and prune at the proper time, and so enjoy splendid bloom. There are the syringa trees, fami liarly called orange blossoms. Lik the lilacs, these are sturdy growers once well rooted, but they must be pruned sensibly and kept well within bounds, else they will soon overrun

Dolores' skin is not marred by a single wrinkle, not even the finest line. She wards these off by daily bathing the face in a solution made by dissolving an ounce of powdered saxolite in a half-pint witch hazel. As your drug stores keep these ingredients, as well as mercolized wax (one ounce of the wax is sufficient), no doubt your readers will welcome this information. Alicen Moore in Beauty's

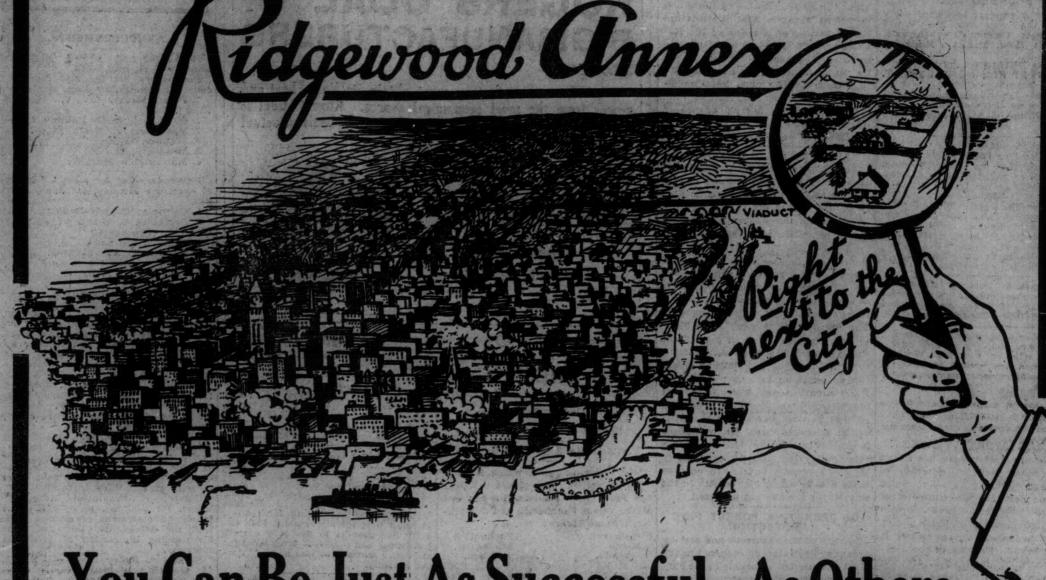

ing wax, yet the sight of a blossomin japonica is well worth waiting a year or more to enjoy. Here is a shrub that needs training carefully to one central stalk, and lateral branches, in succeeding years.

Careful training and wise pruning always develops budding branches. Pruning and training is best learned

A Trip Through Canada's Garden,—Described by Niagara-St. Catharines Folder.

The attention of the traveling public is directed to the 1914 edition of the Canadian Northern Railway's "Niagara - St. Catharines Line" booklet, which has just made its appearance in attractive covers of red and gray.

The contents have been thoroughly revised while interesting descriptions of the new Welland Ship Canal, the world's greatest engineering underworld's greatest engineering under-taking, at present in progress, and the extension from St. Catharines to Niag-which usually accompanies the com-

You Can Be Just As Successful--As Others

Our Englewood-Ridgewood properties are now the scene of great building operations, and those who formerly paid rent to a landlord will shortly occupy their own home---and be independent.

RIDGEWOOD ANNEX adjoins these properties in a community that is rapidly growing --- it is close to an industrial centre, and schools, churches, and street cars are in the community.

Exercise Foresight Now --- It Should Make You Money

\$17 PerFt.

This property offers exceptional investment possibilities. At the prices at which it is offered you are buying at \$3 to \$5 per foot under the prices paid for surrounding property. BUY AT THE BEGINNING OF IMPROVEMENTS. SELL WHEN THE IMPROVEMENTS ARE COMPLETED.

COME OUT THIS AFTERNOON-The easiest way to go would be to phone our office and make arrangements to use one of our motors; or, take a Broadview car to Broadview and Danforth Avenue, and a Danforth Avenue car to the property, where our representatives will be all afternoon.

ROBINS LIMITED. TORONTO

I would like to have further information concerning Ridegwood Annex and Englewood Heights.

DUKE ACTS IN ROLE

LONDON. May 30.-The Duke Marlborough appeared recently in the everything in sight. But a well prun-ed syringa bush is a joy to the world in this country. It was not a bazaar just now. The white, waxy blossoms turn, but a real sale of part of his rival in beauty and fragrance the own land.

The auction was held at the Clarendon Hotel, Oxford. In front of the rosetrum was nailed a white card, with this inscription:

NEW WARSHIPS FOR TURKEY. CONSTANTINOPLE, May 30,-According to the Turkish newspapers the government has ordered in France eight torpedo craft and destroyers and three submarines to be completed within eighteen months. It is stated that the cost is to be borne by the committee which has been organizing the public subscription for the navy and other sources, but will not fall on the current budget, nor on the loan recently concluded in Paris.

TEETHING BABIES

ELLY, beautifully colored, transparent, quivering, at once sweet and tart, is the ideal we are working for. But too much or too little sugar, or too ripe fruit, will give a thin syrup or a granular mass very unlike what we want.

All fruits vary in sweetness, in the amount of acid and pectin, or jelly naking substance, so the exact quantities of materials cannot be given. This is why some housekeepers sometimes have perfect jellies one seasor and failures the next. Properly ripened fruit and xprience will finally pro-

duce good jelly every time. The amount of jelly making pectin found in cherries and strawberries sometimes is so small that it is almost impossible to make jellies with these juices alone. Other fruits may be added tho and good results secured. Applejuice is often used for this, as inspection of manufactured "strawberry

jelly's labels will show. The small, juicy fruits all make fine jelly, and if the jelly making

roperty is absent it may be supplied by adding currants, and the flavor The next consideration in jelly making is the weather; a warm, sun

ny season gives sweeter, richer fruit; if it has been very wet, the juices will be watery and acid and more sugar must be used and the time of cooking be a trifle extended.

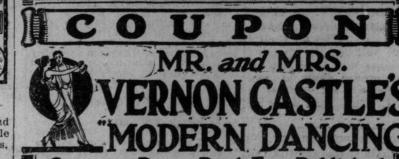

worry to mothers. It is usually accompanied by nervousness, stomach trouble and extreme fretfulness. The mother can avoid all this is another cause for increasing the quantity of sugar. The best way to wash berries is to place them in a sieve or colander and hold them neath running water for a moment. Shake them as free from the water as you can and start them cooking at once. When fruits are gathered when fully ripe and not immediately after a rain, you may be sure they

recipes will be given tomorrow in this department.

About the jelly bag: These bags used always to be made of flannel, but cheese cloth is better. Double a half a yard and fold it on the bias, ara-on-the-Lake have been added.
