“READING, 21st December, 1880.

“We were honored by the Canadian Government forwarding for exhibition on our stand at the Smithfield Club Cattle Show, 1880, a collection of roots, etc., grown in Manitoba and Ontario, of the following weights, when harvested.

Squash.....	313 lbs.
Long red mangel.....	75 “
Long yellow mangel.....	65 “
Yellow globe mangel.....	60 “
Field pumpkin.....	37 “
Citron.....	30 “

“These enormous specimens proved objects of great interest to the British farmers, and we believe the weights far exceed any on record.
