

# FAR OUT: ROVINGS RETOLD.

BY

LIEUT.-COL. W. F. BUTLER, C.B.

AUTHOR OF "THE GREAT LONE LAND," "THE WILD  
NORTH LAND," ETC., ETC.

— for wide expand  
Beneath the wan stars and descending moon,  
Islanded seas, blue mountains, mighty streams,  
Dim tracts and vast, robed in the lustrous gloom  
Of leaden-coloured even, and fiery hills  
Mingling their flames with twilight on the verge  
Of the remote horizon.
