SOUTHERN MANITOBA LANDS.

The completion of the Manitoba South-Western Colonization Railway to Bonsorvain, a point in the neighborhood of Whitewater Lake, and the probability of a further early extension of that line westward, has made available for homesteading a large area of excellent land, which has hitherto been undesirable in only one particular—the absence of railway communication. This area comprises the land from the Souris River westward to the Missouri Coteau, and from the International Boundary northward to Moose Mountain.

For those desirous of purchasing, the LAND GRANT of the MANITOBA SOUTH-WESTERN COLONIZATION RAILWAY COMPANY, only now placed on the market, offers special attractions. It consists of over 1,000,000 acres of the choicest land in America well adapted for grain growing and mixed farming, in a belt 21 miles wide, immediately north of the International Boundary, and from range 13 westward. That portion of this grant lying between range 13 and the western limit of Manitoba is well settled, the homesteads having been long taken up. Purchasers will at once have all the advantages of this early settlement, such as schools, churches and municipal organization. The fertility of the soil has been amply demonstrated by the splendid crops that have been raised from year to year in that district. The country is well watered by lakes and streams, the principal of which are Rock Lake, Pelican Lake, Whitewater Lake, and the Souris River and its tributaries, while never-failing spring creeks take their rise in the Turtle Mountain. Wood is plentiful, and lumber suitable for building purposes is manufactured at Desford, Deloraine and Wakopa, and may be purchased at reasonable prices. At the two latter points, grist mills are also in operation.

The terms of purchase of the Manitoba South-Western Colonization Railway Company are the same as those of the Canadian Pacific Railway Company.
