By the Ontario Temperance Act, sale and distribution of alcoholic liquors for beverage purposes within the Province. were prohibited. For practically three years the Province has experienced the good effects of this law. The legislation which brought about these good results, however, was enacted as a war measure.

THE TORONTO WORLD

By explicit promise of Premier Hearst on behalf of the Government of Ontario, made at the time it was introduced in the House, the question of repealing the Ontario Temperance Act or maintaining it as the permanent law of the Province, was to be referred directly to a vote of the people in the year 1919, on the first Monday in June. The exact date was subsequently extended and is now set for the fall of this year.

For the Temperance forces to win they must secure four "No" majorities. That is, a majority for "No" on every question. The Temperance forces will be defeated if there is a majority for "Yes" on any one of the questions. You must mark an X after each of the four questions, or your ballot is counted as spoiled.

A century of Temperance progress in this Province is at stake in the coming Referendum. It is, therefore, most important that the Ontario Temperance Act be solidified as permanent legislation.

The Ontario Referendum Committee earnestly and respectfully ask you to mark your ballot with X in the "No" column after each and every question, as indicated in the sample ballot reproduced herewith.

Wake Up, Ontario! Let the Referendum Battle Cry be "No" - "No" - "No" - "No"!

INCE the announcement in the Legislature last spring that a Referendum on the . Ontario Temperance Act would be taken in the fall, the different temperance organizations of the Province of Ontario have formed the Ontario Referendum Committee, which comprises representatives from the organized temperance forces of the Province and the temperance sentiment of the Province outside of these organizations. The new Committee will conduct the Campaign. We are asking the voters of Ontario to decide against the repeal of the Ontario Temperance Act, and, in fact, to vote "No" to all questions submitted on the ballot.
