Seven Races Are Carded For Tomorrow.

Toronto, May 21.—Reminiscent of pre-war days will be the spring meeting of the Ontario Jockey Club this year at the Woodbine racetrack. Interest, of course, centres around the King's Plate, the classic event of the meet, which has been run without interruption since the club's inception. The horses entered for this event are all in readiness. They have been training faithfully during the past two weeks under most favorable weather conditions. Seven races are carded for tomorrow, none having a value less than \$1,000. TREASURES OF FORMER RUSSIAN RULERS NOW IN AMERICAN VAULT

Worcester, Mass., May 21.—A handsome fan bought by the czar of Russia as a love token for the czarina the time the royal couple visited Paris, a baptismal bowl, 100 years old, from which all members of the royal family were baptized; several bracelets belonging to the czarina and a number of other intimate trinkets owned by the unfortunate czarina and her daughter now are in possession of Rev. John Logan Findlay, pastor of Old South Church, and are stored away in a Worcester bank for safekeeping. These articles were all purchased by Rev. John L. Findlay from soldiers of the Kerensky regime as they staggered out into the streets following looting raids on the treasures and wine cellars of the winter palace.

CHURCHILL DEFENDS "STRONG ARM" POLICY

LONDON, May 20.—In the House of Commons today Sir Donald MacLean, national Liberal, demanded of the Government what Field Marshal Sir Henry Wilson, chief of the Imperial staff, meant in a recent speech when he advised the men of the British Empire to "keep themselves fit for the time that is coming" amid cries of "Hear! Hear!" Sir Donald said: "Who are we going to fight at no distant time? Is it America or is it Russia?" Winston Spencer Churchill, the war minister, intervened. He stated that Great Britain had enormous obligations to Constantinople, Ireland, Mesopotamia, Palestine and Egypt. Great Britain had a small army, he said, and the field marshal in addressing the soldiers had pointed out how sorely they were needed. That did not mean, the war minister asserted, that Great Britain was on the verge of a great expedition.

Bowlers Hold Opening Tournaments on Monday

Trundlers of L. R. C. Thistles and Elmwoods Have Greens Ready For Holiday—Smaller Clubs Also Open Monday With Impromptu Programs.

Monday, May 24, will usher in the trundling season in London. The three largest clubs—the Thistles, Elmwoods and London Bowling—all have made their announcements of games for the holiday. The weather of the last few days, interperated as it has been with a good rainfall, has brought the city greens all around into good shape, and with continued good weather they will be in full swing each evening as in summer past. The placing of the W. O. B. A. tourney in Brantford this year takes away the biggest local event in bowling, but each of the clubs have a big program of tourneys on for the whole summer.

SEVEN CENT FARES ON SARNIA STREET RY. MAY BE PERMITTED

Council Will Decide on Question at Next Meeting.

Sarnia, May 20.—While Sarnia city fathers may pass a bylaw at their next meeting for seven-cent car fares for casual riders, it was stated tonight that as yet the Point Edward council has not signified their intention of passing a bylaw to this effect or not. It was stated here tonight that at the next meeting of the Point Edward council this subject would be an important factor, as the Sarnia cars run to Point Edward, and many people residing in that village are decidedly opposed to an increase in prices. According to employees of the street railway they have received no notice yet as to when their shorter hours and

increased wages will commence, and it is now anticipated that all will hinge on the outcome of the city council meeting here a week from Monday night.

Word was received in Sarnia tonight that Allan McGregor, a former Imperial City old boy has recently been elected mayor of Lindsay, California, for a fifth term.

In a statement issued here tonight, President Norcross of the Canada Steamships Company stated that sooner than the majority of persons think, coal will be shipped from Sydney, Nova Scotia, to this port.

Aged 101 years and 11 months, Mrs. M. Beaufort, one of Sarnia's oldest residents, passed away today after a brief illness.

All the boats that have been in port here during the past winter have now commenced their season on the Great Lakes and it is expected that they will do a record-breaking business, owing to the United States railroad tie-up.

While the subject of divorce was talked among individual members attending the annual district meeting here of the Sarnia district Methodists, no action or resolution was passed by the members in attendance. The meeting was one of a routine nature, and during its session at Parker Street Methodist Church no official action or report was made on the divorce question, according to an announcement made in the official report of the sessions here.

RETURNS TO WINNIPEG.

Winnipeg, May 21.—Looking like a regular athlete with his face all bronzed up from the warm rays of the British Columbia sun, Walter Knox, Canadian Olympic coach, is back in Winnipeg after a six months' trip through the Western Provinces in search of material for the Canadian team. Mr. Knox is very enthusiastic over the prospects of the team, and says that the West should have many representatives, as he was completely surprised at the talent that is available, and looks forward to the semi-final meet in Winnipeg in July.

STRATFORD DEALERS CLAIM LUXURY TAX PLAN WORKING WELL

Some Customers Strongly Object to New Levy.

Stratford, May 20.—Conveners of Stratford's clean-up campaign next week have been appointed as follows: No. 1, A. S. Kapelle; No. 2, A. C. Barnsdale; No. 3, W. L. Sprung; No. 4, L. E. Doherty. Local merchants interviewed today report that the new luxury tax, on the whole, was working as well as could be expected. Some expressed dissatisfaction with the tax, while others paid cheerfully. They anticipate that the tax will work smoothly, as the public become more accustomed to it. One merchant stated that the minimum allowed the retailer to reduce prices slightly on some articles sufficient to avoid the tax. One dealer pointed out that the taxes will entail considerable

extra bookkeeping on their parts. A public meeting for a general discussion of local educational matters is being urged on the directors of the chamber of commerce by the educational and welfare committees. The athletic committee of the chamber of commerce Thursday afternoon decided to call a public meeting at all interested in the formation of an amateur athletic association here for the year had next week. Thursday night was suggested, and it is planned to ask the mayor to preside. The scheme is receiving hearty endorsement of all branches of sport.

A women's section of the Stratford Bowling Club will be formed as a result of representations made by some local women to the executive. At a meeting of the bowling executive this afternoon it was decided to admit the women at a fee of \$5, providing at least 40 members could be secured. The local season will open on May 24 with a local tournament.

PETERBORO PIONEER DIES. Peterboro, May 21.—One of Peterboro's prominent citizens, Daniel Bellegue, died here this morning in his 73rd year. The late Mr. Bellegue was born in Quebec City, and moved to Peterboro when 3 years old, where he has since resided. He was a prominent Mason, a Knight Templar, a member of the G. O. P., and an Oddfellow.
