THE BANK OF TORONTO.

The forty-first Annual Meeting of the Stockholders of the Bank of Toronto was held on the 16th inst.

On motion George Gooderham, Esq., was called to the chair, and Mr. Coulson was requested to act as Secretary.

Messrs. Walter S. Lee and Thomas B. Blackstock were appointed Scrutineers.

By request of the Chairman the Secretary read the following:

REPORT.

The Directors of The Bank of Toronto beg to present to the Stockholders the Forty-first Annual Report of the business of the bank, together with a statement of its affairs.

The commercial depression referred to in preceding reports has increased, and potent factors in this direction have been the uncertainties created by the prolonged conflict over the currency question in the United States and the unsettling influences of proposed tariff legislation, both in that country and in Canada.

The net profits of the Bank for the year, after making full provision for all bad and doubtful debts, and deducting expenses, interest accrued on deposits, and rebate on current discounts, amounted to the sum of $208,129 61
Carried forward from last year.. 82,557 79

$290,687 40

This sum has been appropriated as follows:

Dividend No. 81, 5 per cent. $100,000 00
Dividend No. 82, 5 per cent. 100,000 00
$200,000 00
Contribution to India Famine Fund 1,000 00
Carried forward to next year.. 89,687 40

$290,687 40

The General Manager and other Officers of the Bank have discharged their duties to the satisfaction of the Board.

The whole respectfully submitted.
(Signed) GEORGE GOODERHAM, President.

Hospital Patient Claims That His Malady is Due to the New Operation.

Stephen Smith, 26 Blong-avenue, was taken to St. Michael's Hospital yesterday, suffering from an acute malady of the left leg. A year and a half ago the limb was fractured, owing to a fall down the elevator at Taylor, Scott & Co.'s premises on Bay-street, and was set by its medical attendants. It got well, but Mr. Smith found that it was shorter than the other one, and he entered suit against his surgeons, charging malpractice. For evidence in the suit he had several picture of the bone taken by the X-ray process, the last about three months ago being taken with very strong electric power. Since then Mr. Smith has been laid up. A sloughing or rotting of the tissues in the leg too kplace, developing at last into a gangrenous abscess.

Exciting Runaway in the Park.

There was an exciting time in Queen's Park yesterday afternoon about 4 o'clock for some minutes—a runaway saddle horse and Jack, the well-known and speedy charger of the Mounted Police Department, with P.C. James Roe, in full pursuit. Dr. Grasett of Simcoe-street was going north through the park on a horse he has lately acquired, with a lady, and was proceeding leisurely along when on climbing the hill opposite Wycliffe College he was unseated and had a rather nasty fall on his head. The horse, freed of his rider, felt himself at liberty to speed, and the park, full of children at the time, made a course for him. Fortunately, Roe was coming up the west side of the park at the time of the accident, and confined the frightened horse to the road, riding to the inside and keeping him away from the children. An exciting race between Jack and the doctor's horse took place. Many persons who saw it complimented the mounted officer and his plucky horse when he led the runaway back, which he caught opposite the Parliament Buildings, and placed him in the doctor's hands. The doctor was not much hurt.

Two Bottles Cured Pimples.

Gentlemen,—For a long time I had pimples breaking out all over my face. I was told about B.B.B., and started its use. After taking one bottle I was much better, and the second bottle made a complete cure. I have recommended it to others of my friends, and they have found it uniformly satisfactory.

The General Manager, at the request of the Chairman, read the Report of the Directors and the Statement of Affairs.

THE REPORT.

The Directors have pleasure in meeting the Shareholders at the Twenty-second Annual General Meeting and in laying before them the statement of affairs of the Bank at the close of the last financial year.

It will be observed that the net profits of the year, after making full provision for bad and doubtful debts, have enabled your Directors to pay the usual dividends at the rate of nine per cent. per annum, and to make a further appropriation in reduction of Bank Premises Account.

Through the death of the late Senator John Ferguson the Bank has lost the services of a most painstaking and conscientious Director. Your Directors take this opportunity to bear testimony to his many good qualities and to the faithful manner in which his duties were performed.

The vacancy on the Board occasioned by Senator Ferguson's death was filled by the election of Mr. Elias Rogers.

Recognizing the great development in the Province of British Columbia, a branch of the Bank has been opened at Revelstoke. The chain of the Bank's business has been strengthened thereby.

The officers of the Bank continue to perform their respective duties to the satisfaction of your Directors.

All of which is respectfully submitted.

THE STANDARD BANK OF CANADA.

Proceedings of the Twenty-Second Annual General Meeting of the Shareholders, Held at the Head Office, Toronto, Wednesday, 16th June, 1897.

Mr. W. F. Cowan, President, took the chair, and Mr. George P. Reid acted as secretary.

The following report and statements of the business of the year were submitted:

The Directors have pleasure in presenting the statement of the affairs of the Bank for the year ending 31st May, 1897.

The business of the Bank has been fairly good during the past year, and under the circumstances the profits have been satisfactory. Owing, however, to the continued commercial depression, the Directors have deemed it advisable to make larger provision for contingencies. This necessarily affected the net results of the year's profits.

The usual half-yearly dividends of four per cent. each have been distributed and $20,919.15 carried forward to credit of Profit and Loss Account, making the amount now at credit of that account $71,041.10.

The inspection of the Head Office and Agencies has been made during the year, and the officers continue to discharge their duties to the satisfaction of the Board.

All which is respectfully submitted.

W. F. COWAN, President.

A TREMENDOUS PROJECT.

Industrial Exhibition Directors Propose to Give a Representation of the Queen's Jubilee Procession.

The directors of the Industrial Exhibition are always on the lookout for new features for Canada's Great Fair. They endeavor each year to have some novel and magnificent spectacle for the tens of thousands of visitors who are annually attracted to this big exposition.

This year they have hit upon a bright idea, and one that will, no doubt, prove immensely successful. It is nothing less than a reproduction of the great Jubilee procession that will take place in London on Tuesday next. It is proposed to reproduce this great spectacle very completely and minutely and make it the great feature of the outdoor attractions at the big Fair. It is an immense undertaking and will cost many thousands of dollars, but the directors are confident that it will prove a great attraction and repay the big outlay. The costumes alone will cost thousands of dollars, as it is intended to have the reproduction perfect in this as well as in all other respects.

The gorgeous carriages and equipments will be faithfully reproduced, with correctly costumed coachmen, footmen and postillions. Her Majesty will be characterized by a well-known lady, who is said to resemble the Queen in a remarkable degree. The Prince of Wales and all the royalty, with their magnificent uniforms, will be represented in as life-like a manner as possible. The military parade, with all the strange and wonderful uniforms of soldiers from every part of the Queen's dominions, will be reproduced on as magnificent a scale as the size of the grounds will permit.

Huge scenery, giving a complete picture of St. Paul's Cathedral, will be erected in front of the grand stand. Here the procession will halt, while Her Majesty enters to attend service, just as she will do on Tuesday next.

This spectacle will be produced every afternoon and evening, and the directors will spare no expense to make it the grandest reproduction ever attempted in America.

Dyspepsia or Indigestion is occasioned by the want of action in the biliary ducts, loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on; also, being the principal cause of headache. Parmalee's Vegetable Pills, taken before going to bed for a while, never fail to give relief, and effect a cure. Mr. F. W. Ashdown, Ashdown, Ont., writes: "Parmalee's Pills are taking the lead against ten other makes which I have in stock." ed

Surrogate Court proceedings took place yesterday in these estates: Ellen Banff, widow, $3303; William P. Keeling, $2000; George Barrett, merchant, $3000; James S. Forbes, Baltimore, $3500; Mrs. Mary O. Bendelari, $4120.

Spontaneous Combustion at Newmarket.

Newmarket, June 16.—This morning at 9 o'clock smoke was observed issuing from the store of C. M. Hughes, Main-street. The smouldering fire at first could not be located, but soon it burst into flame on a top shelf near the window, where a quantity of cotton batting was piled. The bundles were promptly thrown into the street, when all danger was over. It appears to have been a case of spontaneous combustion.

GRAND TRUNK RAILWAY SYSTEM

will shortly have ready for distribution a handsome Diamond Jubilee Souvenir. The design is one of the finest productions of the lithographer's art, and is emblematical of the glory of the British Empire, Canada the premier colony and Canada's Great Railway. It contains pictures of the Queen, the Prince of Wales, the Duke of York and Prince Albert Edward. At the top of the design is a radiant star, in the centre of which are the letters "L.N.," and on either side of this a Union Jack suitably draped. Beneath is the Coat of Arms of Canada and miniature views of the new Victoria Jubilee Bridge, Montreal, and the new single arch steel bridge, Niagara Falls. Between the two bridges is a small trade mark of the system. The demand for souvenirs will undoubtedly be greater than the supply, and it has been decided to distribute them to the company's patrons in the order in which applications are received.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints. ed
