Special to The Toronto World.

Chicago, Jan. 24.-Unfavorable crop news from Kansas and Nebraska and complaints about tack of moisture strengthened the wheat market today after it had been heavy. May was under pressure for a good part of the session, but it finally got into line with the new crop options. There were indications of covering of new crop positions by a number of spreaders, and leading shorts in the nearby month also took the distant deliveries as a hedge. Trade was not large and the feeling remained nervous. Interior receipts were light and clearances from the seabourd were large. A cable to the effect that France had requisitioned the fleet of the French line was not confirmed. May ended around the too at \$1.84% to \$1.84%, after having been 1%c below yesterday's close at \$1.53%, july finished only a trifle below the best at \$1.53% to \$1.53%, after having sold off to \$1.50%, ngainst \$1.52%, yesterday's last trice: September also finished only slightly below the best at \$1.38% to \$1.38%, after having sold off to \$1.50%, ngainst \$1.52%, yesterday's final quotation.

The Price Current said that the wintering condition of winter wheat is very generally favorable east of the missouri River, but more than half of the reports from Kansas and nearly as large a percentage of the reports from Nebraska and Oklahoma are unfavorable on account of lack of moisture and snow-fall.

The visible supply in the United States, according to Bradstreets, is 63,-147,000 bushels, a decrease of 2,312,000 bushels for the week, and compares with 82,665,000 bushels last year; in Canada it is 26,717,000 bushels, an increase of 1,715,000 bushels for the week, and compares with 91,719,000 bushels a year ago. The cable on stocks in Europe was not received. received.

It was reported that full trainloads wheat were on the way to Baltimore floading out. Foreigners appeared to more anxious to obtain supplies on opurchases than to make fresh commitments. Corn ended firmer, altho at one time it was easy. There was a big demand for the cash article for domestic and ex-port account.

MONTREAL CATTLE MARKET.

Montreal, Jan. 24.—The tone of the market today for cattle was firm, owing to the small supplies of good grades coming forward. There was a good demand from butchers for small lots to fill requirements of the balance of the week and a fairly active trade was done, with sales of an odd choice steer at \$10.50; good at \$3.75 to \$10; fair at \$8.75 to \$9.25, and common at \$7.75, while butchers' cows brought from \$6.50 to \$8.50 and bulls \$7.25 to \$9 per cwt. The demand from packers for canning stock was good and all the offerings met with a ready sale at \$5.60 to \$5.75 for bulls and at \$4.85 to \$5 for cows per cwt.

There was no further change in the market for sheep and lambs, but the feeling was strong on account of the limited supply offered. Ontar o lambs sold at \$13.50 to \$14 and Quebec stock at \$13 to \$13.25, while sheep brought from \$8.75 to \$9.50 per cwt. The tone of the market for hogs continues very strong and prices scored a further advance of 25c per cwt. with a good demand and small offerings, and sales of choice selected lots were made at \$14.55 to \$14.40 per cwt., off cars,
