WHITE'S SEAT SAFE IS OFFICIAL OPINION

Ottawa Authoritatively States Sir Thomas Will Not Have to Resign in Leeds.

Ottawa, Nov. 12.—(By Canadian Press).—The claim put forward that the federal constituency of Leeds and Grenville s automatically vacant, without the need of Sir Thomas White, the sitting member, formally resigning because he has accepted a place on the broard of arbitration which is fixing the value of the Grand Trunk Railway, is challenged by high legal authorities at the capital.

It is understood that subsequent to his acceptance of the position of government arbitrator the ex-minister of finance sought legal advice as to how such acceptance would affect his standing in parliaiment and that he received the assurance that he would be justified in keeping his seat in the house of commons, should he desire to do so. His intentions in regard to the matter are not known here.

Special Circumstances.

It is admitted that under the provisions of the independence of parliament act a member of the house who accepts a post of emolument under the government, or any of its officers, forfeits his seat. But in the case of Sir Thomas White, it is understood, the point is advanced that the Grand Trunk board of arbitration is the creation, not of the government or any of its officers, but of parliament itself. The argument, in other words, is that a member acting on a body specially created by act of varliament and whose work and expenditure would be revised by parliament does not, of necessity, have to relinquish his seat. In this connection it can be authoritatively stated that in the opinion of the government, the

does not, of necessity, have to relinquish his seat. In this connection it can be authoritatively stated that in the opinion of the government, the constituency of Leeds and Grenville has not become automatically vacant.

Contradictory Opinion.

Montreal, Nov. 12.—The Montreal Startonight publishes the following under date of Ottawa:

If Sir Thomas White has accepted, with pay, the position of arbitrator for the government in the case of the Grand Trunk Railway, his constituency of Leeds and Grenville is automatically vacant.

Sir Thomas undoubtedly has accepted, as he has attended meetings of the Moard, but no arrangements as to pay are yet reported.

The law on the point, quoted today by Alexander Smith, K.C., an Ottawa authority, says, in section 150 of chapter 10, of the Revised Statutes: "If any inember of the house of commons accepts any office or commission, or performs any service for the government of Canada, or which any public money is paid, or to be paid, the seat of such member shall thereby be vacant, and his election shall thenceforth be mull and void."

If Sir Thomas has accepted the position on the understanding that he is to get pay, his seat, according to Mr. Smith, de already vacant without the need of resignation.

NIAGARA DISTRICT TO VOTE ON RADIAL

People Will Vote Regarding Acquirement of St. Catharines-Toronto Railway.

St. Catharines, Nov. 12.—Definite action on the submission to the electors of the question of the acquirement of the Niagara, St. Catharines & Toronto I Railway by the Hydro-Electric Power Commission was deferred at a meeting of the representatives of the municipalities of the Niagara district in the town hall at Thorold this afternoon because of the stand taken by the Thorold manufacturers. They demanded definite promises that should the Hydro take over the road no change be made in the present arrangement for switching cars from the Grand Trunk, and also that an extension of the St atharines-Thorold local line would be built to the glass works in Thorold township.

Attention was frequently called to the fact that the Niagara, St. Catharines & Toronto had not charged interswitching fees since Aug. 16 last, while prior to that date as high as \$40 per car had been charged. The meeting was accordingly adjourned at the call of the chairman, W. B. Burgoyne of St. Catharines, to reassemble in Welland at the earliest date, an effort to be made to have Sir Adam Beck present to give all information desired, Desires were expressed that the date be very soon, so that the various nunicipalities hight prepare bylaws and plebiscites for submission to the reople in January.

OTTAWA MERCHANT HAS DISAPPEARED

John Hammill, of Large Department Store Firm, Missing Since Wednesday.

Ottawa, Nov. 12.—Mayor Fisher, as friend of the family and solicitor of the firm of Murphy-Gamble, Limited, owners of one of Ottawa's largest departmental stores, tonight issued a statement in which he explained that Mr. John Hammill, managing director of that company, had left the store Wednesday noon, was seen shortly afterwards by two persons, but has since been missing. The statement points out that Mr. Hammill's absence may later be accounted for in a perfectly natural way. Possibly he points out that Mr. Hammill's absence may later be accounted for in a perfectly natural way. Possibly he may have gone out of town unexpectedly, leaving a message that did not reach his family. In view, however, of his very regular and methodical habits, anxiety increases as his return is delayed. Those in the store thought he went out to meet a gentleman, expected to arrive from Montreal. One report is that he was seen Thursday morning on the train between Aylmer and Breckenridge, Que, going towards Fort Coulonge. He may have gone to one of the hunting camps in that district.

Mr. Hammill, the statement continues, has been much overworked recently, particularly since the death of his father-in-law, the late John Murphy of Montreal, and he has not been in very good health. However, while the problems he had to face in connection with the business of the firm were heavy, they were not in any way distressing, as the Murphy-Gamble Company, of which the late Mr. Murphy was a large shareholder, is in an excellent shape in every respect.
