Ireland's Year.

Two Scassors ago Ireland was threatened with a disruption in football circles almost identical with that which is at present threatened constitutionally, but England and Scotland came to her aid.

They stood by the ruling body and would in no sense recognize the disruptionis's.

These countries even decided to play their international games in the Emerald Isle, altho they were due to be played on English and Scotlish soil. What was the result? Ireland is new stronger than ever, and are a united nation so far for the country gained this season for the first time in history the honor of being champion of the nations. The other countries do not grudge them this honor, for it spells success for all. When honors so round the better it is for all concerned, Monopely does not pay in football as it does commercially.

The Only Deublers.

Glazgow Celtic have the honor of being the enly club to win a double crown this season, they having captured both the Scotlish. Cup and Scotlish League championship. They have done this before and are the only club in Britain one occasion. It was at one time thought that Blackburn Rovers would bring off dual honers in England, but that nasty blow they got from Sheffleid in the cup tile upset all, and they had to be content with the league championship only.

New that players are free in pour parier with other clubs, we are likely to hear of some sensational transfers. There are many runors of big things coming off, and the greatest of all is that New-crestle United have offered \$11.940 for the Unasser of Cunningham (Kilmar-nock). The club, it is said,

Notes by Soccer

Association football, sometimes called soccer, has been brought to a close in the old country. Thursday last saw the closure applied and from now till Aug. 15 in Scotland and Sept. 1 in England no official games can be played unless specially sanctioned for charitable pur-

old country. Thursday last saw the closure applied and from now till Aug. 15 in Scotland and Sept. 1 in England no official games can be piayed unless specially sanctioned for charitable purposes. The games played during midweek were few and the result in no way affected the various championships, all of which had been previously determined.

The players will now have a well-carned holiday. Some teams wfil, however,go on tour on the Continong and here I may state that the football association have decided to send on the continent two touring teams during the early part of the close season, one for "full strength" of amateurs and processionals, and the other for amateura. As the exursions almost overlap it may be taken for granted that the party for Austria and Hungary will be made up almost entirely of paid players.

The Schedule.

The latter four will no doubt be a great attraction, three matches having been arranged as under:

May 20—v. eleven of Hungary (venue to be selected).

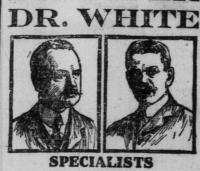

Yeune 1—v. Hungary, at Buda-Pesth.

The amateurs will leave for Scandinavia just before the other tourists return, their engagements belong as follows:
