FINE OPERA HOUSE BILL... Well, they all say that this week's vaudeville programme at the Opera House is the best yet. Certainly, it is a good show, with five 'big time' acts and Billie Burke in the second chapter of the new serial comedy drama, 'Gloria's Romance.'

INFANT WELFARE... Insanitary Conditions Largely Responsible for High Death Rate... If insanitation is without influence on the rate at which children die, how comes it that towns which are as rapidly as those in better class residential districts, that among 1,000 infants born to unskilled laborers only 700 survive the first year of life, while out of the same number of births 960 babies of professional men reach their first birthday?

Reid-Mann... The residence of Conductor and Mrs. Wm. Mann, of Moncton, was the scene of a happy event last evening when their eldest daughter, Helen Vera, was married to George Cameron Reid, of Moncton, by Rev. A BIG HOLE IN CONSCRIPTION BILL FOUND?

Ottawa, June 12.—What looks like a large hole has been discovered in the conscription bill upon which the government has been working for the last two weeks. The bill declares that the government by proclamation may 'call out' men by ruses and that men so called out 'shall report' and if they fail to report they are 'guilty of desertion and liable to three years imprisonment.' It has been discovered that there is no one for men called out to 'report' to. The government has endeavored to dissociate itself from the bill. It has gone to such lengths in this direction that the militia department has nothing to do with the application of the measure. The administration has placed in the hands of the minister of justice and there are provisions for him to pass all authority and responsibility on to appeal boards.

CONSCRIPTION AND PROHIBITION

Conscription in Canada may be necessary to win the war, but any sufficient win-the-war campaign that leaves out the immediate, war-time prohibition of the manufacture, importation and sale of intoxicating liquors fails to adequately meet the situation.

The food situation throughout the world is growing serious. Hundreds of millions of pounds of food-stuffs are wasted at a time when not a pound should be wasted, nor an acre uncultivated. Lloyd George said: 'Our food stocks are alarmingly low.'

The drink trade lives on the destruction of food. Alcoholic liquors cannot be made without destroying food. They absorb water and create thirst; so that the trade exists by consuming food and water, the two vital needs of life. And the dire results of this waste of food in the drink produced and consumed are simply appalling. Captain Bartolo, of the British navy, begged for some leading statesmen to speak plainly and pleaded forcibly for 'the total prohibition of spirits as the most effective act that could be taken to win the war.'

Canada's service is seriously hampered unless the evil traffic is put out of the way.

J. H. HAZLEWOOD, Methodist Dept. of Social Service and Evangelism.

At the home of his sister, Mrs. Sarah Hazlett, St. Marys, on Sunday, Thomas Conley passed away. He was seventy years of age and is survived by one daughter, three brothers and two sisters.
